Welcome back to ELAC!

Students, with everything that has happened during this pandemic, I want to stress more than ever that it's all about you. We are here to serve you, to meet your needs, to help you discover career paths, to get you transferred or certified. Over the past year and a half, ELAC and the Los Angeles Community College District have done what we can to smooth your paths and eliminate barriers, from putting technology in your hands for distance learning to helping with finances. As the world slowly emerges from this pandemic, I know our faculty and staff are eager to interact with you, whether in person or remotely, depending on your needs. Student equity is at the forefront of our decisions and we remain fully committed to providing you with the support services necessary to achieve academic excellence.

We are also committed to following and enforcing all COVID health protocols established by the District, Los Angeles County, and the State of California. We remain nimble and as these change, we adapt. For all who are returning to campus this fall, teamwork is critical. We need to take care of each other. Our ethic of care and compassion for one another must prevail during these difficult times. Please protect yourselves and all the people in our community by observing health and safety precautions. For the current protocols, check http://www.laccd.edu/About/News/Pages/Coronavirus.aspx frequently and pay attention to campus signage and announcements.

To respond to the varying needs of our students, a significant number of classes are returning to face-to-face mode. Many others remain online. As student needs emerge and change, we will adjust.

Many in our community have experienced loss during this pandemic—loss of loved ones, jobs, housing, well-being. Please know that our Student Services division is ready to help with online and in-person counseling, health care, financial aid, and academic support. Faculty and staff truly care about your success and are ready to support and encourage you. Let’s do this together!

In Solidarity,

### PLEASE NOTE:
- Each examination is scheduled for two hours. Final exams for short-term classes shall be administered during the final two hours of the last class period.
- Every instructor is required to give a final examination following the schedule above. Deviations from the final exam schedule are not permitted because of the potential conflict within students' schedules. If students indicate that a conflict is occurring, instructors are advised to contact their supervising dean immediately.
- Every student is required to take a final examination.
- Final examinations are held in the room in which the class is regularly scheduled.
- In case of a conflict, please consult your instructor.
WITHDRAWING FROM A CLASS IS A SERIOUS DECISION

NEW STATEWIDE REGULATIONS ARE NOW IN EFFECT THAT CHANGE THE WAY STUDENTS SHOULD THINK ABOUT ENROLLING IN, AND THEN WITHDRAWING FROM CLASSES.

FROM NOW ON, A “W” COUNTS AS AN ATTEMPT AND YOU ONLY GET THREE ATTEMPTS AT ANY ONE COURSE.

AFTER THAT, THE STATE WON’T PAY THE COLLEGE FOR YOU TO TAKE THE COURSE AGAIN.

WHAT THIS MEANS FOR ELAC STUDENTS

• If you stay in a course past the “no penalty” withdrawal date and then drop it or are excluded, you receive a grade of “W” and you have used up one of your three attempts.
• When you have made three attempts at a class, with any combination of W, D, or F grades, you will not be able to register for the class again. You would have to try to take the class again at a college outside the Los Angeles Community College District.
• You may petition for one more try citing “extenuating circumstances;” however, for the most part the only extenuating circumstances that are allowed are military deployment or natural disaster.
• If your registration is blocked because of this rule, getting an add permit will not help.

WHAT YOU SHOULD DO

• If you’re going to drop, drop before the deadline so you won’t get a “W”.
• Be sure you’re academically ready for classes you enroll in.
• See a counselor to help you make good decisions about your educational plan.

Community colleges get most of their money from the state based on enrollment. Your fees cover only a fraction of the cost. Each class you enroll in results in compensation to the college from the state, and that is how the college stays open.

In the past a student could withdraw from the same course up to 4 times, and in addition repeat the course up to two times to try to improve a grade of D or F. In other words, you could get a “W” in the same course 4 times and complete the course up to three times until attaining a grade of “C” or better.
HOW TO APPLY AND REGISTER

STUDENT CATEGORIES
The faculty and staff are pleased that you chose East Los Angeles College to pursue your higher education. We are committed to help you succeed in accomplishing each phase of your educational program so you can finish your studies in the shortest time possible.

This section explains how you can enroll into the college, how you get your classes, and how much you can expect to pay in fees as well as the fee refund policies. In addition, this section explains the academic standards which the faculty and staff expect you to achieve while you are a student at East Los Angeles College.

For application and registration purposes, all students fall into one of the three categories listed below. It is important that you understand the category which applies to you.

Category 1: NEW STUDENTS – if you have never attended East Los Angeles College or any other Community College within the Los Angeles Community College District (known as the LACCD).

Category 2: RETURNING STUDENTS – if you attended East Los Angeles College or any other Community College within the LACCD in the past, but did not attend the last two semesters.

Category 3: CONTINUING STUDENTS – if you attended East Los Angeles College during the past two (2) regular semesters.

MATRICULATION PROCESS
STUDENT SUCCESS AND SUPPORT PROGRAM
Senate Bill 1456 revised and renamed the Matriculation Act of 1986 as the Seymour-Campbell Student Success Act of 2012. Signed by Governor Brown on September 27, 2012, the program began on January 1, 2013 and will be implemented through stages over a five-year period. The Student Success and Support Program supports the transition of new students into the college by providing services that promote academic achievement and successful completion of degrees, transfer preparation, career technical education certificates, or career advancement.

Effective Fall 2014, based on student responses to the East Los Angeles College application for admission, students will be identified as matriculating or non-matriculating. Students identified as matriculating are referred to core matriculation services: assessment, placement, orientation, and counseling. Students must complete the assessment, placement, orientation, and counseling (abbreviated Student Educational Plan) prior to their priority registration date and time. Abbreviated Student Educational Plans (SEPs) are provided during the counseling led new student in-person orientations. After registration and sometime during the semester, a comprehensive Student Educational Plan must be completed within a reasonable time period by making an appointment to meet with a counselor.

Nonmatriculating students are exempt from participating in the core matriculation services, but are advised to access these services if they plan to pursue a degree or certificate.

LOSS OF ENROLLMENT PRIORITY
Students, with the exception of foster youth or former foster youth, will lose registration priority at the first available registration after they are placed on academic or progression probation, or any combination thereof for two consecutive terms or have earned one hundred (100) or more degree-applicable units in the District; however, non-degree applicable basic skills units do not count towards the 100 units.

APPEALING LOSS OF REGISTRATION PRIORITY
The college has established a Registration Priority Appeals Committee to review requests from students appealing the loss of Registration Priority. The appeal to lose Registration Priority can be obtained at Admissions and submitted by the deadline dates (see Class Schedule) along with supporting documentation. A student may appeal on one or more of the following grounds:

a. The student has extenuating circumstances. Extenuating circumstances are verified cases of accidents, illnesses or other circumstances beyond the student’s control.

b. The student applied for reasonable accommodation for a disability, but did not receive it in a timely manner.

c. The student has demonstrated significant academic improvement. Significant academic improvement is defined as achieving no less than a 2.0 grade point average in the prior term and completed more than 50% of coursework.

The College’s Registration Priority Appeals Committee shall be notified of the student’s appeal and within ten (10) business days of its decision. The decision of the college Registration Priority Appeals Committee shall be final.

APPEALING LOSS OF FEE WAIVER
Effective Fall 2016, students who are on academic or progress probation for two consecutive semesters will also lose their California College Promise Grant (CCPG) formerly known as BOG Fee Waiver. Students may also appeal to reinstate their BOGW Fee Waiver through the “Loss of Enrollment Priority and/or CCPG Appeals” form available at Admissions. The appeal must be submitted by the appeal deadline (listed in class schedule) along with supporting documents. A student may appeal on one or more of the following grounds:

a. Student with disabilities who did not receive proper accommodation

b. Extenuating circumstances

c. Significant academic improvement

d. Change in economic situation.

e. Evidence student was unable to obtain essential support services.

f. Special consideration as a participant of CalWorks, EOPs, DSPS, and Veteran Student.

g. Have not enrolled at the college for two consecutive semesters (Fall/Spring) since the student became ineligible for California College Promise Grant (CCPG) formerly known as BOG Fee Waiver.

The College Appeals Committee shall notify the student of its decision.

ADMISSIONS
Apply online at www.elac.edu. Submit official high school transcripts and any previous college official transcripts to Admissions (Main Campus, E1-105 or South Gate Educational Center). Submit proof of residency.

ASSESSMENT PLACEMENT PROCESS
The Assessment Placement Process at ELAC consists of computerized English & Math Assessment tests. The Assessment Check-In Form & Calendar is available in the Assessment Center and online at www.elac.edu. Admission applications must be submitted and processed prior to participating in the Assessment Placement Process. All students planning to enroll in English, Math, ESL (English as a Second Language), and Reading courses and planning to earn a Certificate, AA/AS Degree or higher, must participate in the Assessment Placement Process. Students will not be allowed to retest within one calendar-year from test date. Assessments are offered at the Main Campus (E1-183) and South Gate Educational Center (Room 120). For more information please call the Assessment Center at (323) 415-441.

Any student with a verified disability may arrange for alternative administration of the Assessment Placement Process (English, Reading and Mathematics) by contacting the Disabled Student Program and Services (E1-160) at (323) 265-8787.

COUNSELING
All new and returning students must complete a New Student Orientation (NSO). Students may also participate in the online NSO (onlineorientation.elac.edu).

All continuing students are strongly recommended to meet with a counselor and update their Comprehensive Student Educational Plan (CSEP) before registering.

For more information on how to schedule a counseling appointment visit counapp.elac.edu.

FOLLOW-UP
Counseling and teaching faculty provide a number of follow-up services to matriculated students. These services are designed to provide information regarding the student’s academic progress. Special services are provided to students on academic or progress probation, students in basic skills courses, and students who are undecided about their educational goals. Referrals to students are made to both on and off campus services when appropriate.

MATRICULATION EXEMPTIONS
All new students are expected to participate in the core matriculation services of
STUDENT RIGHTS AND RESPONSIBILITIES:

(TITLE 5 SECTION 55530)

• All students shall be required to:
  1. Identify an educational and career goal
  2. Diligently engage in course activities and complete assigned coursework
  3. Complete courses and maintain progress toward an education goal and completing a course of study
  
• Matriculating students must:
  a. Identify a course of study.
  b. Participate in the assessment placement process.
  c. Complete an orientation activity provided by the college.
  d. Participate in counseling to develop at minimum an abbreviated student educational plan.
  e. Failure to complete a, b, c, and d (above) may result in a hold on a student’s registration or loss of registration priority until the services have been completed.

f. A comprehensive student educational plan must be completed by the 3rd semester or after completion of 15 semester units of degree applicable coursework (effective Fall 2015).

• All students have the right to challenge or appeal any step in the Matriculation Process. If a student feels that the assessment, orientation, counseling, and/or any other component of the Matriculation Process are being applied in a discriminatory manner, please see the Student Success & Support Program Coordinator in E1-183.

• All students have the right to challenge any prerequisite or corequisite by the challenging online (“Prerequisite or Corequisite Challenge Petition” forms are available in the Enrollment Center, Admissions, and Counseling area).

EAST LOS ANGELES COLLEGE POLICY ON ACADEMIC HONESTY

Approved February 28, 2006 by the Academic Senate and Vice President of Student Services

Students, you are expected to refrain from engaging in the following behaviors:

1. Using, receiving, or providing unauthorized information during tests or on any written assignments.
2. Changing answers on assignments after work has been graded.
3. Using unauthorized electronic devices, such as cell phones, PDAs, electronic dictionaries, IPODs, etc.
4. Having another student take an examination for you or taking an examination for another student. Photo identification may be required at the first examination.
5. Plagiarizing or presenting someone else’s work as your own.
6. Forging or altering registration documents, grades, or add permits.
7. Bribing or attempting to bribe an instructor or other college official for grade consideration or other special favors.
8. Violating any other standard that an instructor identifies as cheating in that particular course or subject area.

When there is evidence of academic dishonesty, the instructor may issue the student a zero or “F” on that particular assignment or test. The instructor may also initiate student discipline under LACCD Board Rule 91101, which may include the issuance of a verbal or written warning. Pursuant to LACCD Board Rule 911011 (a), the Vice President of Student Services will place documentation of such warnings in the student’s file.

Any student concerned about the implementation of this policy should review the College Catalog Student Information, where he/she will find references to the Student Grievance Procedure and the relevant Board Rules. He/she may also contact the VP of Student Services.

CONTINUING STUDENT REGISTRATION PROCESS

PRIORITY REGISTRATION

Continuing students have priority in the selection of courses over all new and returning students. Priority appointments are based upon the number of units completed at all Colleges in LACCD.

Registration appointments are emailed at least two weeks before their appointment date and time to their email address on record with the Admissions Office. Students may also access the Student Information System at https://eweb4.laccd.edu/WebStudent/signon.asp to obtain their registration appointment; failure to register for classes on the scheduled appointment date and time, forfeits priority status.

SEE A COUNSELOR

All students must complete a Comprehensive Student Educational Plan (CSEP) by the time they complete 15-degree applicable units. Counseling appointments may be scheduled by contacting the counseling department in-person, telephone, or using the online scheduling system. For more information on how to schedule an appointment visit counapt.elac.edu. Plan ahead and schedule your appointment before registration periods begin!

SCHEDULE OF CLASSES

Continuing students will be provided a free schedule of classes at the college bookstore when they present an ELAC student ID card. The schedule is also available two weeks prior to the start of registration online at www.elac.edu.

PREREQUISITES

All students must clear prerequisites before registering for courses with listed prerequisites. Students currently enrolled in the prerequisite course will be allowed to register for the next level course. If a student drops or does not pass the prerequisite course their enrollment will be swept from the course requiring the prerequisite completion. All prerequisite completion petitions need to be submitted to the Admissions Office before the deadline date listed in the class schedule. Prerequisite challenges are submitted to the respective department.

ENROLLMENT PROCESS FOR NEW AND RETURNING STUDENTS

1. ADMISSION APPLICATION

COMPLETE AND SUBMIT AN ADMISSIONS APPLICATION ONLINE OR IN-PERSON.

Online – Complete and submit an admissions application online at www.elac.edu. You will receive registration and matriculation information through email within 2 days of submission.

In-Person – Complete and submit an admissions application in person at the Enrollment Center or Admissions Office at the South Gate Educational Center. You will need to bring the following documentation.

A. REQUIRED DOCUMENTATION FOR ADMISSION:

You will need to bring the following documentation in order to register and submit your application and to determine residency for tuition fee purposes:

• Identification: Driver’s License, Photo Identification Card, Passport or any other form of identification.

• Social Security Card: A student’s social security number will be utilized for Financial Aid purposes only. A student ID number can be assigned in lieu of the use of social security number.

• Residency:

1. Non-U.S. Citizens will need to provide legal documentation to determine tuition fees. Documents to bring include Permanent Resident Card, Employment Authorization Card, Passport, Visa or other original immigration documentation.

2. Students are required to provide a Social Security Card for Financial Aid purposes only. A student ID number may be assigned in lieu of the use of social security number.

3. Students are required to provide a Social Security Card for Financial Aid purposes only. A student ID number may be assigned in lieu of the use of social security number.

4. Students are required to provide a Social Security Card for Financial Aid purposes only. A student ID number may be assigned in lieu of the use of social security number.

5. Students are required to provide a Social Security Card for Financial Aid purposes only. A student ID number may be assigned in lieu of the use of social security number.

6. Students are required to provide a Social Security Card for Financial Aid purposes only. A student ID number may be assigned in lieu of the use of social security number.

7. Students are required to provide a Social Security Card for Financial Aid purposes only. A student ID number may be assigned in lieu of the use of social security number.

8. Students are required to provide a Social Security Card for Financial Aid purposes only. A student ID number may be assigned in lieu of the use of social security number.

9. Students are required to provide a Social Security Card for Financial Aid purposes only. A student ID number may be assigned in lieu of the use of social security number.

10. Students are required to provide a Social Security Card for Financial Aid purposes only. A student ID number may be assigned in lieu of the use of social security number.
2. Non-CA Residents: if you have lived in CA less than two years, submit proof of California residence.

B. MINOR STUDENTS ENROLLED IN GRADES K TO 12TH

Additional documentation is required for special admit students enrolled in grades K to 12th:

- Supplemental Application for Admissions of Students Enrolled in grades K – 12th: must be signed by the parent or legal guardian and home school principal or designee.
- If enrolled in grades K to 8th or under 14 years old, approval to attend college is determined by a campus committee. Potential students need to submit the documents listed in addition to home school transcripts, support letter from home school official and personal statement from the student. Supporting documents must be submitted two weeks prior to the start of the college term. Submission of documents does not guarantee admittance.

C. CALIFORNIA RESIDENCE REQUIREMENT

- A California Resident is defined as one who has established both physical presence and intent to make California and the United States their permanent home, for more than one year from the Residency Determination Date. The Residency Determination Date is defined as the day immediately preceding the opening day of instruction. Physical presence is defined as continuous physical presence within the State of California, excluding temporary absences. Intent to make the United States the permanent home is determined based upon acceptable evidence submitted by the student, showing intent to make the United States the student’s permanent home and evidence showing the student is not precluded from establishing permanent residency in the United States. For minors under the age of 18, residency will be derived from their parent or legal guardian. Check with the Enrollment Center/SPARC regarding your particular status.
- A Non-California Resident student is one who has not resided in the State of California for more than one year and the day immediately preceding the Residency Determination Date or who has shown conduct inconsistent with a claim for United States residency or who is precluded from establishing domicile in the United States. Non-residents, except those who have temporary United States visas, still may attend the college subject to non-resident tuition fees as established by the District’s Board of Trustees.

D. RESIDENCE RECLASSIFICATION

Students who have been classified as non-residents may submit a Supplementary Residency Questionnaire to be reclassified as California resident if their status has changed. The Supplementary Residency Questionnaire is available online or at the Enrollment Center/SPARC and must be submitted prior to the semester start date with the appropriate documentation showing both physical presence and intent to make California their permanent home, for more than one year.

E. RESIDENT APPEAL

A student may appeal the final residence classification determined by the college. The appeal must be made within 30 calendar days of receipt of notification of the residence classification. The appeal must be submitted in writing to the college Admissions Office who will forward it to the District Residency Appeal Office.

F. FEES FOR NON-RESIDENT VISA HOLDERS

- Foreign Residents – Students with visas which require residency in the country granting the visa or who have not applied towards United States residency status for over one year before the start of the semester will be required to pay an enrollment fee of $46 per unit and additional non-resident tuition fee of $282 per unit.
- Non-California Residents – United States Citizens and Permanent Resident Card Holders who have lived in California for more than one year will be required to pay an enrollment fee of $46 per unit and additional $282 per unit. Fees are subject to change at any time by Board action.

G. NON-RESIDENT TUITION EXEMPTIONS

Certain Non-resident students may be exempt from paying non-resident fees:

- AB540 – Non-resident students who have completed at least three (3) years and graduated from a California High School may be eligible to have non-resident tuition waived. A student must not be under a nonimmigrant visa status, such as J-1 (tourist) or F-1 (student) visas, and must have or are planning to apply for resident status in the United States.
- Non-Resident Fee Waiver – Non-resident students may be exempt from the nonresident tuition fee, if the nonresident has demonstrated a financial need for the exemption.

Non-resident tuition exemption certification forms are available at the Enrollment Center/SPARC or South Gate Educational Center and online at http://www.elac.edu/admissions/forms.html.

2. ASSESSMENT PLACEMENT PROCESS

Effective Fall 2014, based on student responses to the East Los Angeles College assessment placement results will be identified as matriculating or non-matriculating. Students identified as matriculating are referred to core matriculation services: assessment placement, orientation, and counseling.

A. PARTICIPATE IN THE ASSESSMENT PLACEMENT

The computerized assessment placement tests are not pass/fail tests, but instruments to assist in properly placing students into English, Reading and Math courses. The assessment course placement results will provide guidance and information needed for a successful experience at East Los Angeles College, as well as assistance in selecting courses. Please refer to the Assessment Check-in Form & Calendar (available in the Enrollment Center and online at www.elac.edu) for more information please visit or call the Assessment Center (E-185) at (323) 415-4141.

B. ALTERNATIVE COURSE SELECTION

After you have selected your first choice courses, go through the selection process again and select your second choice courses. If your first selection is full you will have the option to select your second choice. Please consider several alternative choices for class day and times.

C. CHECK PREREQUISITES/COREQUISITES

Verify that you have met all prerequisites and/or corequisites prior to enrolling in courses. Students who do not meet the requirements will be blocked from course registration.

D. COUNSELING

For suggestions on which courses to select, visit the counseling department to schedule an appointment for a Comprehensive Student Educational Plan. Visit counselapp.elac.edu for information on how to schedule an appointment with a Counselor.

E. REGISTRATION OPTIONS

Students may register for classes on the designated appointment time and make program adjustments through any one of the two options listed below. STUDENTS WILL NOT BE PERMITTED TO REGISTER BEFORE THE APPOINTMENT DATE AND TIME.

- Online Registration: Don’t wait in line register online! Students may register using the internet by logging on to the Student
Information System (SIS) at www.elac.edu. To access the SIS the student will need to provide the Student ID number and four digit Personal ID number (month and day of the student’s birthday).

• In-Person Registration: Students may register in-person at the Admissions Office. Students will need to bring a photo ID. Students should complete the Course Selection Worksheet prior to registration. Students will be provided a Course Request Card to complete the registration process.

5. PAYMENT OF FEES

FEE WAIVER

Students may visit the Financial Aid Office to see if you are eligible for a California College Promise Grant (CCPG) formerly known as BOG Fee Waiver, which will pay for enrollment fees. All CCPG eligible students must pay the health fee.

Payment is required to complete enrollment. Students should pay all fees and tuition at the time of registration. Failure to pay all fees will result in restrictive holds to be placed on the student’s records.

PAYMENT OPTIONS

Students can make payments either online on the students portal or go to the Fiscal Office in G107 and present a valid picture ID to pay for all fees. We accept cash, check, money order, and credit cards. Pay for ASU membership and receive a sticker on the back of your student ID. Once all fees are paid for, the registration process is complete.

6. STUDENT PHOTO ID

Now and returning students are required to go to the “Picture Identification Station” to obtain their personalized Student ID Card.

DO NOT lose this card! You will need it for the entire time that you are a student at East Los Angeles College. If you lose your Student ID Card, you will need to obtain a duplicate.

ENROLLMENT FEE FOR CALIFORNIA RESIDENTS

California residents are required to pay an enrollment fee of $46 per unit plus a mandatory Health Fee. For example, if you take 10 units of classes during the fall/spring semester, the cost will be $460 + $19.00 = $479.00

Applicants for student financial assistance, who are enrolled in units at more than one college, may combine their unit load from each college to meet the enrollment levels required to receive financial aid. Contact the campus financial aid office for procedural details.

*Fees are subject to change by the California Legislature.

STUDENT ID NUMBER INFORMATION

In accordance with state legislation, new students will be issued a Student ID number at the time of application. Every student ID will begin with the numbers “88” or “90.”

ADDITION AND DROPPING CLASSES

ADDITION BEFORE THE SEMESTER BEGINS

During the enrollment period prior to the start of classes, students wishing to add classes which have reached the enrollment limit can add themselves to the waitlist. A process will run through-out the day that will automatically enroll students in the class from the waitlist as seats become available. An email will be sent to the student’s LACCD email account notifying them of the registration. The last day a student can be added to a waitlist is two days before the first day of the session. Waitlists apply to all regular and short-term session classes, summer and winter intersession.

ADDITION AFTER THE SEMESTER BEGINS

After classes begin, students actively enrolled in the class who do not show up for the first class meeting MAY be dropped by the instructor who will then add students from the waitlist. If you are not moved into the course from the waitlist during the enrollment period, you must attend the first meeting of class to be considered for late enrollment from the waitlist. If there is space available and you are not at the class, you will lose your place on the waitlist and the next student on the waitlist may be added instead.

IMPORTANT DETAILS YOU SHOULD KNOW

• Being added to a waitlist does not guarantee enrollment in the class.

• All corequisite or prerequisite must be satisfied before you will be enrolled from the waitlist.

• You will not be enrolled from the waitlist if the class conflicts with times on your existing class schedule.

• You can view your waitlist position in your online student portal. Click on Academics Menu and then click on Class Schedule.

• You can remove yourself from a waitlist the same way you would drop a class in your online student portal.

• During the primary terms of fall and spring, students will be limited to enrolling for no more than 19 units, and during the winter and summer will be limited to 14 units. Students will be limited to enrolling for no more than 19 units, and during the winter and summer will be limited to enrolling for no more than 14 units.

• You may sign up for multiple waitlists for the same discipline/class; however, if you are moved from the waitlist to an open space, you will be removed from the alternate waitlist for the same discipline/class after acceptance.

NO SHOW

Actively enrolled students who are not present at the first class meeting MAY be dropped by the instructor, and their seat MAY be given to a student on the waitlist.

ADD CODE

Students who are granted to add a class after the course has started will be given an add code to be used by the student to immediately register online for the course.

AUTO-ENROLLMENT FROM THE WAITLIST

FREQUENTLY ASKED QUESTIONS

CAN ANY STUDENT GET ON A WAITLIST?

You are eligible to be placed on the waitlist if: there are waitlist openings for a class section, you meet the class prerequisites, you have no repeat errors, you have no holds on your records, or the class units will not exceed your maximum waitlist units allowed.

WHAT IS AUTO-ENROLLMENT FROM THE WAITLIST?

This is a daily process that enrolls students into their classes from the waitlist. Once the class is full it is marked as closed then only students from the waitlist may be enrolled in the course. If one seat becomes available in a course, then student number one on the waitlist is automatically enrolled from the waitlist provided there are no holds, time conflicts, prerequisites, repeat issues, or duplicate course errors.

HOW DOES THE WAITLIST PROCESS WORK?

When seats become available in a closed class section, the class remains closed until a process runs that automatically enrolls students from the waitlist. The class remains closed until the waitlist capacity or the enrollment capacity has been met, whichever comes first.

If a student does not meet the criteria to enroll in the class (see FAQ #1), the process will select the next student on the waitlist according to their position number. Students that were on the waitlist and were not auto-enrolled will maintain their position number. Students will have an opportunity to be auto-enrolled the next time a seat is made available, if they resolve the issue that prevented them from being auto-enrolled previously.

If the waitlist process runs and no students are enrolled, then the class will open and other students will be given the opportunity to enroll (even if there are still students on the waitlist that did not meet the criteria to be auto-enrolled).

If there are no students on the waitlist, the class will open as usual when seats are made available.

IF AN ENROLLED STUDENT DROPS A CLASS

HOW ARE STUDENTS MOVED FROM THE WAITLIST INTO THE OPEN SEATS?

Students are auto-enrolled from the waitlist into the course by their priority ranking on the waitlist. For example, if a class is full, and three students drop, students ranked 1, 2, and 3 will be auto-enrolled from the waitlist. The student who was previously ranked number 4 will now be ranked number 1. If another student drops the course, he or she will be the next student to auto-enroll. This scenario will continue until the waitlist is empty, or the class is full, or the waitlist is closed at 11:59 PST two days before the session begins.

By adding themselves to the waitlist a student is acknowledging that they understand that they will be auto-enrolled and will be responsible for the enrollment fees and/or dropping the classes if necessary.
HOW DO I KNOW IF A CLASS HAS A WAITLIST?

The waitlist option is only available once all seats in a class have been filled and the section is closed. When a Class Search is performed to include these closed classes, users will notice a yellow triangle beside classes that have available waitlist seats. Once the waitlist capacity has been reached, the waitlist feature is unavailable and the blue closed class icon will display beside the section in Class Search.

DO ALL CLASSES HAVE A WAITLIST?

Not all classes have waitlists. If a course is listed as Instructor Consent, a waitlist is not available. Some disciplines do not use the waitlist feature.

HOW MANY UNITS CAN THE STUDENT BE WAITLISTED FOR?

Student may be on 12 units of waitlist in the fall and spring semester and 9 units for winter and summer.

ARE THE WAITLISTED UNITS COUNTED INTO THE STUDENT’S TOTAL UNITS FOR THE SEMESTER?

No. They are considered as two separate lists: Total units enrolled and total units on the waitlist. For example, if a student may enroll in 15 units districtwide and they are enrolled in 15 units and have 6 units on the waitlist that is fine. Even though 15 + 6 = 21, which is greater than 19, this is a not a problem.

CAN THE STUDENT BE WAITLISTED FOR MORE THAN ONE SECTION OF THE SAME CLASS?

Yes. A student can waitlist multiple sections of the same class. They cannot pick their preference. The waitlist process will enroll the student into the first available seat according to descending class number. If the student is enrolled in a waitlisted class, the remaining waitlist requests for the same class will be automatically dropped. For example, a student attempts to waitlist English 101 class number 10000 and 101 class number 20000. If English 101, 20000 has a seat available and the student is eligible for enrollment they will be enrolled into the course and dropped from the English 101, 20000 waitlist. If both classes have seats available the student will be enrolled into the English 101, 10000 course and dropped from the English101, 20000 waitlist because 10000 is lower than 20000.

If the student is on multiple waitlists and they are enrolled, they will be dropped from all of the other waitlists for that course.

WHY WASN’T A STUDENT ENROLLED FROM THE WAITLIST WHEN A STUDENT DROPPED FROM THE ACTIVE CLASS?

There are several reasons why this can happen.
• The system does not make updates instantly. The processing happens on a pre-arranged schedule. If a student drops the class in the morning, the waitlist process will automatically enroll the next qualified student when the auto-enrollment cycle is programmed to run.
• The auto-enrollment may have exceeded the maximum number of units for the student’s course load. This is 19 units for fall and spring semester, 9 units for winter and summer, but the maximum course load can be less if the student is a concurrently enrolled high school student or on academic or progress probation.
• The course may have prerequisites or corequisites that have not been met.
• The student has registration holds. This might be caused by outstanding fees, an incorrect social security number, missing documents or other problems. These issues need to be corrected before any auto-enrollment can be completed.
• The class time conflicts with another class in which they are enrolled.
• The student attempted the class three times.

CAN A STUDENT BE BOTH ENROLLED AND WAITLISTED FOR DIFFERENT SECTIONS OF THE SAME CLASS?

Yes, but the student cannot be enrolled into both classes.
• For example, suppose that a student was enrolled in Math 125, 10000 which meets on Mondays. They would prefer Math 125, 20000 which meets on Tuesdays. The student places themselves on the waitlist for Math 125, 20000. They will NOT be enrolled into that class even if they are eligible and there is a seat available. They must first drop themselves from Math 125, 10000 class.
• For classes that are very popular it is in the best interest of the student to remain in the class as enrolled. An attempt to drop the classes to get a better schedule time can often be detrimental to the student because several other students will be competing for the available enrollment seat.

CAN A STUDENT WAITLIST FOR A CLASS THAT CONFLICTS (IN MEETING TIME) WITH AN ENROLLED CLASS?

Time conflicts will not be checked at the time that the course is added to the waitlist. At the time of the auto-enrollment, time conflicts will be checked. If there is a time-conflict, the student enrollment will not be processed. They will not lose their place in the waitlist queue, but will remain there until the conflict is resolved. The students of lower ranking, but with no time conflicts, will be auto-enrolled before them.

It is in the student’s best interest to not waitlist a course that would present a time conflict. Time conflicts cannot be overridden even if there is a small time overlap.

CAN A STUDENT CHANGE THEIR WAITLIST CLASSES?

Yes, the student can change the courses in their waitlist at any time. There is a limit to the number of students that can be on a specific course waitlist. If you drop yourself from the waitlist, then want to add yourself back to the same waitlist, your position number will be different. By dropping from the waitlist you will forfeit your placement on the list.

WHAT HAPPENS IF THE STUDENT IS NOT AUTO-ENROLLED FROM THE WAITLIST AND THE SESSION BEGINS THE NEXT DAY?

To try to enroll in the waitlist class, you must attend the first class session and ask the instructor for a permission number. Only the course instructor can provide a permission number. The student will then enroll into the course with the permission number.

CAN A STUDENT ADD ANY CLASSES TO THEIR WAITLIST?

Yes, unless the class is listed as instructor Consent, or there is a course prerequisite. Any issues related to course requirements will be checked at the time of auto-enrollment, not at the time that the course is added to the waitlist.

The prerequisite requirements for a course will be checked when the student attempts to add the course to the waitlist and at the auto-enrollment time. If a student has not satisfied the course prerequisite they will be blocked. It is presumed that a student concurrently enrolled in a prerequisite course will pass it and therefore satisfy the prerequisite requirement for the next class in the following semester.
• For example, if a student is enrolled in Spanish 1 and they wish to waitlist for Spanish 2 for the next semester that request is permissible. If a student has taken Spanish 1 and received a substandard grade such as an F, they will not be allowed to waitlist Spanish 2 because the student has not satisfied the course prerequisite.
• If the prerequisite is not satisfied after the grades are posted, the student will be dropped from the course.

CAN A COURSE BE CANCELLED WHILE A STUDENT IS ON THE WAITLIST?

Yes, at times there may be a need to cancel a course. This means that the waitlist is associated with that course will also be cancelled.

HOW DO INSTRUCTORS KNOW WHO IS ON THE WAITLIST?

Faculty can view their waitlists by using the Faculty Self-Serve Service in PeopleSoft.
CAN STUDENTS SEE WHO ELSE IS ON THE WAITLIST FOR A CLASS?
No, a student can only view his or her own status on the waitlist for a class.

CAN A STUDENT CHANGE THE GRADING OPTION FOR A WAITLISTED CLASS?
No, this is not supported while the course is in the waitlist. If and when the student is auto-enrolled from the waitlist, they can change the grading basis if the course supports grading options.

CAN A STUDENT’S WAITLIST RANK BE CHANGED AFTER IT WAS CREATED?
If a student on the waitlist is auto-enrolled in a class, the next student will move up on the waitlist and be issued a higher waitlist number.

CAN FACULTY CHANGE THE WAITLIST ORDER?
No. The waitlist cannot be modified by an instructor.

IF THE STUDENT HASN’T MET THE PREREQUISITES, CAN THE STUDENT REGISTER FOR A CLASS OR FOR A WAITLIST?
No. The student cannot request to place a course on the waitlist if the prerequisite is not satisfied. If the student has taken the prerequisite course at another college outside of the LACCD, then the student must visit the Admissions and Record’s office to complete and submit the prerequisite challenge form. When approved, the online information system will recognize that the prerequisite has been satisfied. The only exception is if the student is presently enrolled in the prerequisite course. The system assumes that the student will satisfactorily complete the course with a passing grade and therefore be eligible for the next course.

WHAT ARE THE CHANCES OF GETTING INTO A CLASS IF THE STUDENT IS ON A WAITLIST?
It is entirely possible that a waitlist ranking of #1 may still not result in an auto-enrollment for a course. This course may be a very popular course and actively enrolled students might only be dropped out. Another course may have a good number of student drops and several students on the waitlist could be auto-enrolled.

Students should use the waitlist as a strategy to improve their course selection, but they should not assume they will get their waitlisted course.

IF A STUDENT IS RANKED NUMBER 1 ON THE WAITLIST DOES THAT MEAN THAT THEY WILL BE AUTO-ENROLLED IN THE COURSE AS SOON AS A SEAT IS AVAILABLE?
Yes, if there is a seat available and there are no issues related to the auto-enrollment. Problems include:
- Enrollment in another section of the same course.
- Time conflicts
- Student registration holds
- Unsatisfied prerequisites or corequisites
- Exceeding term unit limits
- The student has already taken the class

HOW OFTEN CAN THE STUDENT CHECK ON THEIR WAITLIST STATUS?
The student can view their waitlist status at any time that the online student self service is available. Except for scheduled system maintenance, the system is available every day, 24/7.

WHAT IF THE STUDENT DOES NOT GET INTO A CLASS FOR WHICH THE STUDENT IS WAITLISTED?
The student may attempt to take the class another semester or take a different section of the same course or can attend the first day of class and request a permission number from the instructor.

IF AN ENROLLED STUDENT DROPS A FULL CLASS AND A SEAT OPENS, DO WAITLISTED STUDENTS GET IN FIRST?
Yes, ONLY the waitlisted students may enroll in the course.

ARE STUDENTS REQUIRED TO PAY FOR A CLASS IF THEY ARE ON THE WAITLIST?
No. Students only pay for classes after they are actively enrolled.

Enrollment fees are assessed after a student is officially registered in a class and must be paid by the fee payment deadline. To view the enrollment fee due dates, click on “Student Account” tile on the Student Portal homepage and Charges Due for details.

If students are approved for a California College Promise Grant formerly known as BOG Fee Waiver or have anticipated financial aid your Account Inquiry page will reflect the award.

Enrollment may be cancelled for some or all of your course(s) if payment is not made in full by the fee payment deadline. It is important to remember that placement on a waitlist does not guarantee a seat in the class. Students on a waitlist after classes begin should attend the first class meeting to determine if space is available.

CAN A STUDENT BE DROPPED FROM THE WAITLIST?
Yes. A student may drop themselves from the waitlist.

HOW MANY WAITLIST SEATS ARE AVAILABLE FOR EACH CLASS?
The number of seats on the waitlist is determined by the academic department. The waitlist number can vary by subject and course.

CAN STUDENTS’ WAITLIST FOR MORE THAN ONE SECTION OF THE SAME CLASS?
Students can waitlist for multiple sections of the same class, with the following stipulations:
- Students cannot choose their preference for which section they will be auto-enrolled first. The waitlist process will enroll the student in the section that has the first available seat.
- Once enrolled in one of those class sections, students will be automatically dropped for the other waitlisted sections for that course.
- If students are already enrolled in another section of a class they want to waitlist, the SWAP feature should be used to enroll and waitlist for the closed section.

WHEN SHOULD THE “SWAP” ENROLLMENT FEATURE BE USED?
If students are already enrolled in another section of the class for which they want to waitlist, SWAP should be used. If students use the ADD enrollment feature to get on a waitlist for a different section of the same class, they must DROP the section in which they are enrolled before they will be moved from the waitlist.

Students may also want to use SWAP if there is a known time conflict between an already enrolled class section, and the section for which they want to waitlist. If students get caught in a time conflict when using the SWAP feature, they will not be auto-enrolled into the waitlisted class until they DROP the class that presents the time conflict or the class.

Finally, students may want to use SWAP if they are already enrolled in the maximum number of units for a term and want to still get on a waitlist. If a student gets on a waitlist using the ADD enrollment feature, they will not be auto-enrolled into the waitlisted class until they DROP a class that would allow the waitlisted class to fall within the maximum number of allowable units to be enrolled in for a semester.

If students are not enrolled from the waitlist due to any of these issues, they will be passed over and the next eligible student on the waitlist will be auto-enrolled.

CAN STUDENTS GET ON A WAITLIST IF THERE IS A TIME CONFLICT WITH A CLASS SECTION IN WHICH THEY ARE ALREADY ENROLLED?
The self-service enrollment process does not check for time conflicts when a student is placed on a waitlist. At the time the auto-enrollment process runs, students will not be enrolled in the class if the time conflict still exists. Students will need to drop the class that prevents the time conflict if they want to be moved from the waitlist.

Ideally, students should use the SWAP feature when getting on a waitlist for a section that presents a time conflict with an already enrolled class. That way, if a seat opens in the close section the student will be auto-enrolled and dropped from the previously enrolled section.

COURSE DROPS AND WITHDRAWALS
20% of the term – No record: Students who drop or withdraw from a course by filing the appropriate drop card with the Admissions Office before the end of 30% of the term will not have the course recorded on their transcript.
75% of the term – W is recorded: Students who drop or withdraw from a course between 20-75% of the term will have a notation of “W” (withdrawal) recorded for the dropped course on their transcript. Effective Fall 2009 Title V limits the enrollment in the same course in which a student has received four (4) “W’s”. After 75% of the term – Grade required: Students who remain in a course beyond 75% of the term shall be given a grade by the instructor for that course: THE GRADE CANNOT BE a “W” (withdrawal). The grade given by the instructor must be one of the following: A, B, C, D, F, INC, Pass or No-pass.
COURSE DROPS AND WITHDRAWALS
SHORT-TERM COURSES:
All short-term classes have shorter deadlines than a Full-Term course. Please consult with Admissions or your instructor about specific deadline dates.

STUDENT FEES
A picture ID must be presented for all Fiscal Office transactions, except when a student is picking up a Financial Aid check or any student loan checks when two legal IDs are required.

ENROLLMENT/TUITION FEES
It is the student’s responsibility to pay for all tuition and fees at the time of class enrollment.

• California Residents:
  California residents are required to pay $46 per unit.

• Non-California Residents:
  Non-California residents are required to pay non-resident tuition fee of $282 per unit, in addition to enrollment fee of $46 per unit.

• Non-U.S. Residents:
  Non-U.S. Residents will pay $221 per unit.

*subject to change by Board action

NON-RESIDENT TUITION PAYMENT POLICY
It is the student’s responsibility to pay all tuition and fees at the time of class enrollment.

CONCURRENT RESIDENTS (K TO 12TH GRADE STUDENTS)
Enrollment fees are waived for special part-time concurrent resident students taking 11 units or less, but required for special full-time concurrent resident students taking 12 units or more.

*Enrollment fees are $46 per unit.

*Fees are subject to change by Board action

CONCURRENT NON-CALIFORNIA AND NON-U.S. RESIDENTS (K TO 12TH GRADE STUDENTS)
Concurrent non-resident students will be required to pay non-resident tuition fee of $282 per unit.

*subject to change by Board action

HEALTH FEE
The Los Angeles Community College District charges a $19.00 per Spring or Fall semester (and $18.00 per Winter or Summer sessions) mandatory Health Fee payable to one LACCD campus only to cover costs of the Student Health Center. Students may be exempt from paying the Health Fee if they are enrolled in off-campus classes, or for religious reasons. Contact the Student Services Office (for exemption procedure) (323) 285-8742.

PARKING FEE
SPRING AND FALL SEMESTERS
• Regular Student parking is $20. This entitles you to park in the Stadium Parking Lot, Avalanche Way, and South Gate A and B lots.

• ASU permit is $27. This entitles a student to park in the non-faculty and staff parking spaces at parking structures P3 and P4, the Stadium Parking lot, Avalanche Way, and South Gate A, B and Main lot.

SUMMER AND WINTER SESSIONS
• Regular parking permit is $7. This entitles a student to park in the Stadium Parking Lot, north and South Avalanche Roads.

• ASU permit is $10. This entitles a student to park in the non-faculty and staff parking spaces at parking structures P3 and P4, the Stadium Parking lot, Avalanche Way, and South Gate A, B and Main lot.

ONE-DAY PERMITS - $2
• One-day permit machines are available at the middle section of the Stadium Lot, the 6th floor of Parking Structure 3, and the 5th floor of Parking structure 4.

The Fiscal Office is NOT responsible for parking citations given to students. All parking citations/appeals are handled by the ELAC Sheriff’s Department located on the 5th floor of Parking Structure 4 (223) 285-8800. Students are responsible for understanding where they are allowed to park. Due to ongoing campus construction, information is subject to change. Please read all posted signs. Lost or stolen permits cannot be replaced. A new permit must be purchased while supplies last. There is a one week grace period at the beginning of each semester.

ASU MEMBERSHIP FEE
The Associated Student Union Fee for Spring or Fall semesters and $7.00 for Summer or Winter. Students are strongly encouraged to join ASU and become active in student activities and student government. Membership privileges include Student Government; ASU parking benefits; discounts to ELAC sports and other on-campus events; amusement park discounts such as Magic Mountain, Aquarium of the Pacific, and Universal Studios; off-campus discounts to participating stores.

INSTRUCTIONAL MATERIALS FEE
Students may be required to pay for instructional and other materials required for some courses. Such materials shall be of continuing value to a student outside the classroom setting and shall not be solely or exclusively available from the District.

AUDIT FEE
Students are required to pay a fee of $15 per unit to audit a class. Students enrolled in ten or more units of for-credit classes will not be charged a fee to audit three or fewer units per semester.

Auditing can only be authorized by the class instructor once the class has started. Audit classes cannot be dropped and no academic credit will be received.

FEE REFUND POLICIES
A picture ID must be presented for all refunds.

FOR SHORT-TERM COURSES
Please consult your instructor or Admissions Office regarding drop dates. Dates may vary; therefore, please make a note of the dates given. There will be no refunds after that time, unless a class was canceled or rescheduled by the college administration.

FOR NON-RESIDENT TUITION
Refunds of non-resident tuition fee paid by non-resident students enrolled in full-term or short-term courses are governed by the same policies, indicated above.

FOR PARKING FEE
Refunds for parking permits are given for permits returned to the Fiscal Office on or before the refund deadline. Please consult the Fiscal Office for the refund deadline each semester.

FOR HEALTH CENTER AND ASSOCIATED STUDENT UNION FEES
Refunds for health center and/or associated student fees are made only for students who drop all their active units by the refund deadline (see refund deadlines for enrolled classes on the student portal).

Students who withdraw after the refund deadline will not be given a refund. Once the ASU sticker issued it is non-refundable.

ATTENDANCE POLICIES
REGULAR ATTENDANCE
The student is expected to attend every meeting of all classes for which he or she is registered. Attending a class without being registered is contrary to the Los Angeles Community College District rules and cannot be used as the basis for a petition to add a class. Students who have enrolled for a class and who do not attend or who are late or absent from the first meeting of the class forfeit their right to a place in the class. Mitigating circumstances may be considered by the instructor. Whenever absences “in hours” exceed the number of hours the class meets per week, the student may be excluded from class by the instructor.

1. If a student stops attending a class, it is the student’s responsibility to officially drop the class.

2. It is the student’s responsibility to consult with his or her instructor regarding any absences that could result in exclusion.

3. Concurrent enrollment in more than one section of the same course during a semester is not permitted. Violation of this regulation will result in exclusion from class and denial of course credit in both courses.

TARDIES
Three tardies will be considered the equivalent of one hour of class absence. Continued tardies may result in exclusion.
PREREQUISITE, COREQUISITE, AND ADVISORY DEFINITIONS

PREREQUISITE
A prerequisite is a measure of readiness for a course or program that a student is (REQUIRED) to meet as a condition of enrolling in a course or program. A prerequisite may be a course, activity, audition, test or similar measure of readiness. Prerequisites in many disciplines are now checked by computer and are strictly enforced.

COREQUISITE
A corequisite is a requirement that (MUST) be satisfied at the time a particular course is taken; usually a corequisite is concurrent enrollment in another course, but may, in certain situations, be completed at an earlier time.

ADVISORY
An advisory is a measure of readiness for a course or program that is (RECOMMENDED) for students. May be a course, activity, audition, test, or similar measure of readiness.

REGISTRATION LIMITATION
All students need to demonstrate they meet the prerequisite or corequisite requirement in order to register for the course. If a student meets the requirement through satisfactory completion of a course at East Los Angeles College or through Assessment placement, you will automatically be cleared for course registration. If you meet the course prerequisite or corequisite through other methods, you must submit a “Student Prerequisite or Corequisite Completion Petition” to Admissions by the deadline date, with supporting documents.

STUDENT PREREQUISITE OR COREQUISITE POLICIES
It is the student’s responsibility to know and to meet all course prerequisites. These requirements are indicated following the course name and number. If prerequisites have been met at another college, students must file a “Prerequisite Completion Petition” with an unofficial transcript or assessment results.

Students who wish to challenge prerequisites or corequisites must file a “Prerequisite or Corequisite Challenge Petition” by the deadline date with documentation sufficient to support the challenge. In keeping with requirements and provisions of Section 55201(f) of Title 5 and Section LB 1-3 of the Los Angeles Community College District Model Policy, East Los Angeles College has an established procedure by which any student who provides satisfactory evidence, may seek entry into a course according to the college’s challenge process.

THE GROUNDS FOR STUDENT CHALLENGES
(According to Section 55201(e) of Title 5)
1. Student has the appropriate documented knowledge or experience or ability to succeed in the course for which the prerequisite or corequisite is specified.
2. Requirement (prerequisite or corequisite) was not established by adopted L.A.C.C. district process, or was established in violation of Title 5.
3. Requirement is unlawfully discriminating or applied in an unlawful discriminatory manner.
4. Student will be delayed in completing their educational objectives by a semester or more in fulfilling the requirements for a degree or certificate because the prerequisite course has not been made reasonably available.
a. Student has specified an educational goal after having completed 15 units of college work with a GPA of C or better, have filed an educational plan 90 days after completing the said 15 units, and b. Alternate course to fulfill degree or certificate requirements are not available.

5. Student has the appropriate documentation to show that they do not pose a health or safety threat to others or myself in course for which a health or safety prerequisite is specified.

6. Student will be delayed in completing my educational goals by a semester or more in fulfilling the requirements for a degree or certificate because course enrollment was limited to students judged more qualified in intercollegiate competition, honors, or public performance or enrollment was limited to a particular cohort of students. Student filed Educational Plan and specified an educational goal after having completed 15 units of college work with Satisfactory Academic Progress.

STUDENT PREREQUISITE OR COREQUISITE PROCESS

1. A student must file proof of completion or challenge a course prerequisite or corequisite with either the “Prerequisite Completion Petition” or “Prerequisite or Corequisite Challenge Petition” form. These forms can be obtained from the Office of Admission and Counseling (E1 Building) or on-line at www.elac.edu.

2. The completed petition and any and all appropriate documentation (e.g. unofficial transcripts, verifications of experience, etc.) must be filed no later than 10 working days before a semester or session begins with the Office of Admissions.

3. The petition will be processed within 10 working days of its receipt, and the student will be notified accordingly.

4. If the petition is found to be justified, and no space is available in the course at the time the petition is filed, the student shall be permitted to enroll for the next term. Enrollment will be permitted only if space is available when the student registers for the subsequent semester, or summer session.

5. In the event the petition is denied, the student may appeal the decision on the completion petition to the Dean of Admissions and the challenge petition to the Dean of Academic Affairs (GI 207).

6. Notification of the appeal decision will be sent to the student within five working days after its receipt by the Office of Admissions or Academic Affairs.

UNIT LOAD

The normal class load for full-time students in the Fall or Spring semester is from 12 to 19 units per semester. Students who will be employed while attending college should reduce their programs accordingly. A college program of 15 units is equivalent to at least a 50 hour work week for most students. A student who desires to take more than 19 units must obtain approval from a counselor or in E1 Building.

PROGRAMS THAT REQUIRE A MINIMUM

NUMBER OF UNITS

- International Students: 12 units
- Student Body Officers: Day 9 units, Evening, 6 units
- Athletes: 32 units including a Physical Education course or courses
- Social Security Program: 6 units
- EOPS Students: 12 units
- Financial Aid Students: At least 6 units

COLLEGE CATALOG

The current college catalog is available in the College Bookstore, online and Fiscal Office.

CLASSES OPEN TO THE PUBLIC

It is the policy of the District that, unless specified by statute, every course, course section or class, the average daily attendance of which is to be reported for state aid, wherever offered and maintained by the District, shall be fully open to enrollment and participation by any person who has been admitted to the college(s) and who meets such prerequisites as may be established pursuant to Chapter 2, Division 2, Part IV, Title 5 of the California Code of Regulations, commencing with Section 51820 (Adopted by Board action April 6, 1977).

CREDIT SUBJECT TO CHANGE

The Los Angeles Community College District and East Los Angeles College have made every reasonable effort to determine that everything stated in this class schedule is accurate. Courses and programs offered together with other matters contained herein, are subject to change without notice by the administration of the Los Angeles Community College District or East Los Angeles College for reasons related to student enrollment, level of financial support, or for any other reason, at the discretion of the District and the College. The District and the College further reserve the right to amend, or repeal any of their rules, regulations, policies, and procedures.

PRIVACY ACT/STUDENTS’ RIGHTS

Congress has provided in the “Family Education Rights and Privacy Act” that students have certain rights.

- Right to inspect and review their educational records.
- Right to request amendment of records a students believes to be inaccurate or misleading.
- Right to consent to disclosure of personally identifiable information from education records by an educational agency or institution.
- Education records and directory information (address, telephone number) may be disclosed to school officials (administration, faculty and staff) without prior consent, unless a student wishes to refuse the release of directory information.
- Under federal law, the military is entitled to receive directory information for recruiting purposes. A student can refuse the release of directory information by completing a “Release of Directory Information” form and submitting it to the Admissions Office.
- The Los Angeles Community College District is committed to protecting student privacy and currently uses collection and storage systems to eliminate the use of social security numbers as the primary method of student identification.

GRADING AND ACADEMIC STANDARDS

PASS/NO-PASS

The grade of P Pass will be given if the student’s performance in class is equal to a “C” grade or better. The grade of “NP” (no credit) will be given if the performance in class is equal to a “D” or “FAL” grade. Students may petition only those classes listed in the Catalog on a Pass/No Pass basis by the deadline date (see class schedule calendar).

Once a student’s petition to take a course on a Pass/No Pass has been approved, the student is not permitted to receive a letter grade in the approved course.

The symbol P or NP must appear on the student’s permanent transcript for that course. “Pass/No-Pass” and “Credit by Examination” courses are listed in the College Catalog.

CREDIT BY EXAMINATION

The College President may designate courses in the College Catalog which a student may challenge if the student meets the following requirements:

- Currently enrolled with a minimum cumulative grade-point average of 2.0.
- Completed 12 units of coursework within the Los Angeles Community College District.
- Not currently enrolled in, or have completed, a more advanced course in that discipline.
- The maximum number of units for which a student may petition for credit by examination at the College shall be 15 units.

GRADE REQUEST PROCEDURES

Students will be able to receive information on their grades through the Student Information System online. If you need a copy of your grades, you can obtain a one semester grade printout from the internet. This print-out is NOT a Transcript or a Verification of Enrollment. If you need an Official Transcript or a Verification of Enrollment, you may order them from the Admissions Office.

INCOMPLETE

An "INC" (incomplete) must be made up by the deadline established by the instructor. The deadline may not be later than one year following the end of the term in which it was assigned.

SCHOLARSHIP STANDARDS

A student is expected to maintain at least a “C” average (2.0 grade point average on a 4.0 scale).

SCHOLASTIC PROBATION AND DISMISSAL

Students shall be placed on academic probation, if after attempting a minimum of 12 units, any of the following occur:

- Low Grade Point Average. The student has a GPA less than a “C” (2.0), b. Transfer Student. The student has transferred with a GPA less than “C” (2.0).
- Progress Probation. When the percent-
A student on academic probation shall be dismissed from the college if:

a. The cumulative GPA is less than 2.0 in all units attempted in two consecutive semesters.

b. If the cumulative percentage of “W”, “INC”, and “NP” grades is 50% or greater in two consecutive semesters. Dismissal from one college in the Los Angeles Community College District shall disqualify a student from admission to any of the other eight colleges within the District.

CALIFORNIA COLLEGE PROMIS Grant

Loss of eligibility

A student eligible to receive a CCPG shall lose eligibility if they are placed on academic or progress probation for two consecutive semesters. Loss of eligibility shall become effective at the first registration opportunity after such determination is made. Foster youth, or former foster youth under the age of 24, are exempt from the loss of fee waiver due to academic or progress probation.

Appeal of probation and loss of fee waiver

A student who is placed on academic or progress probation may submit a written appeal in compliance with regulations issued by the Chancellor. A student who has lost the CCPG due to academic standing may submit a written appeal that standing in accordance with existing regulations issued by the Chancellor.

Removal from probation and reinstatement of fee waiver

A student shall be removed from academic or progress probation and have their fee waiver restored when his/her cumulative grade point average is 2.0 or higher or when the percentage of units for which entries of “W” (Withdrawal), “I” (Incomplete), and “NP” (No credit) reaches or exceeds 50%.

Notice

East Los Angeles College and the LACCD shall notify students placed on academic or progress probation of their status no more than 30 days after the end of the term that resulted in academic or progress probation. The notice shall clearly state that two consecutive primary terms of probation will lead to loss of the CCPG.

The college shall make reasonable efforts to provide counseling and other support services to help students on probation overcome academic difficulties. Colleges should also help mitigate potential loss of the CCPG and ensure that students have the opportunity to receive appropriate counseling, assessment, advising, or other services on a timely basis.

The college shall make reasonable efforts to notify a student of removal from probation, reinstatement after dismissal, and restoration of CCPG within timelines established by the District in consultation with the campus Academic Senate. Probation, dismissal and loss of CCPG policies and procedures shall be published in the college catalog.

AcaDemic renewal

Students who have a 2.5 grade point average in their last 15 units or 2.0 in their last 30 units completed at any accredited college or university may petition to have up to 30 units of “D” or “F” grades removed from cumulative grade point average consideration provided such course work was completed one year prior to effective date of petition. The grade point average will be based on the most recently earned grades for the first 15 units of repeated work. After these first 15 units the grade point average will be based on all grades assigned and on all attempted units.

Note: Graduation honors and awards are based on full cumulative grade point average.

Dean’s Honor List

Students with outstanding scholastic achievement are given public recognition through the Dean’s Honor List. Consideration is given to all students who have completed no more than 70 units and is awarded by semester.

To qualify, a student must earn a grade point average of 3.5 or better in 12 or more units in degree applicable courses, excluding an “INC”, “P”, and “RD’s”.

Part-time students must earn a grade point average of 3.5 or better in 9 or more units degree applicable courses, excluding an “INC”, “P”, and “RD’s” in courses leading to a degree.

Repetition of courses

Non-passing attempts

Academic credit courses taken at East Los Angeles College or another campus within the Los Angeles Community College District in which a final grade of W, D, F, or NP was received may be repeated up to three times. Students can petition for a 4th attempt of the same course with three unsuccessful attempts (W, D, F or NP) under special circumstance consideration through the office of Admissions. Please see the semester calendar for deadline petition dates.

Passing attempts

Student who receive a passing grade (A, B, C, P) for a course may petition to take the course again under recency requirements for certain medical professions. At least 36 months must have passed since the previous course was completed and any new grade earned will not be counted in G.P.A. Students may also repeat a course with a passing grade, if it is necessary for a student to meet a legally mandated training requirement as a condition of continued paid or volunteer employment, such courses may be repeated for credit any number of times, and the grade received each time shall be included for purposes of calculating the student’s grade point average. The college shall establish policies and procedures requiring students to certify or document that course repetition is necessary to complete legally mandated training pursuant to this subsection.

A student with a disability may repeat a class any number of times, if such repetition is required as a disability-related accommodation for that particular student.

COURSE REGISTRATION OPTIONS

SIS (STUDENT INFORMATION SYSTEM)

SIS can be used to add and drop classes before the start of the semester; to drop classes during the semester, and to access to your final grades after the semester is over.

Continuing students will be e-mailed registration appointments. Each student will be assigned a priority registration based upon the number of units completed. New students will be given a priority date based upon when they apply to the college. You may register anytime on your appointment date and time, or anytime after.

SIS HOURS
8:00 a.m. – 11:30 p.m., Monday – Saturday

BEFORE REGISTERING, DO THE FOLLOWING:
• Please clear any holds (Fiscal, Library, Financial Aid, etc.)
• Read all instructions carefully and complete the worksheet on the next page.
• Make an appointment to see a Counselor for help in planning your program (323) 265-8751.
• Contact the Financial Aid Office at (323) 265-8738 if you need fee assistance.
• Select your major code, refer to page 26.

HOW TO LOGIN TO THE NEW SIS PORTAL
1) Go to the new portal URL at: https://mycollege.laccd.edu

2) For Students, enter your Student ID in the “Student ID or User ID” textbox.
3) Enter your password in the “Password” textbox.

• STUDENT DEFAULT PASSWORD

STUDENT DEFAULT PASSWORDS WILL CONSIST OF:
88@ + the first character of your last name (capitalized) + the month and day of your birthdate (MMDD)

For Example, Jane Doe, who was born on July the 4th, her default password would be: 88@D0704

HOW TO UPDATE YOUR PASSWORD
• You will be asked to update your password when you log in for the first time.
• Enter your old password and new passwords in their respective textboxes.
• New password must contain at least seven alphanumeric characters: numbers, uppercase and lowercase alphabetical characters, and at least one special character.
• Additionally, you may not use your prior three passwords as your new password.
• After successfully updating your password, you will be redirected to the password registration page.

HOW TO ACCESS YOUR OFFICE 365 EMAIL
1) Login and you should be redirected to your Office 365 account.
2) If you are taken to the SIS Portal, click one of the email links, as seen below.

This course examines microbiological principles related to the morphology, metabolism and genetics of bacteria and distinguishing characteristics of viruses, protozoa, fungi, and multicellular parasites, with applications to human disease and immunology. The labs include microscopy, aseptic technique in the handling of bacteria, and isolation, cultivation, staining, identification, and control of bacterial populations. It is intended principally for allied health majors with 3 hours of lab each week.

22435 LEC 10:30 hrs/wk TBA Priest, M A ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 11/10/2021)

& 22436 LAB 10:30 hrs/wk TBA Priest, M A ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 11/10/2021)

PHYSIO 001 • Introduction To Human Physiology (UC/CSU) • 4 Units

Requirement Designation: Meets IGETC SB SC CSU B2 B3
Enrollment Requirement: Anatomy 001 AND one of the following – Chemistry 051, 060, 065, 10, 102, 211, 212
This course examines the function of cells, tissues, and organs of these human systems: integumentary, skeletal, muscular, nervous, circulatory, respiratory, digestive, urinary, endocrine, lymphatic/immune, and reproductive. Laboratory activities explore major physiological principles.

22437 LEC 10:30 hrs/wk TBA STAFF ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 10/04/2021, Ends 11/05/2021)

& 22438 LAB 10:30 hrs/wk TBA Adelson, D ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 10/04/2021, Ends 11/05/2021)

Animation

ANIMATN 212 • Character Animation And Design (CSU) • 3 Units

Enrollment Requirement: Art 201
This course provides foundational character animation concepts. The concepts include key positions, breaking down movement, acting, takes, accents, gestures, dialogue and facial expressions.

17018 LEC 8:50 am - 9:55 am TTh Libonati, M E ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 17019 LAB 9:55 am - 12:00 pm TTh Libonati, M E ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

ANIMATN 216 • Layout And Background Art (CSU) • 3 Units

Enrollment Requirement: Art 201
This course focuses on the fundamentals of background layout with an emphasis on perspective, composition, design basics, staging, mood, texture and lighting. Students also learn the basics of using props as background and foreground design elements.

17033 LEC 115 pm - 2:20 pm TTh Libonati, M E ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 17020 LAB 2:20 pm - 3:25 pm TTh Libonati, M E ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

ANIMATN 217 • Storyboards (CSU) • 3 Units

Enrollment Requirement: ART 201
This course focuses on applying industry-standard storyboarding and scripting techniques to animation. Contents to be covered include the various purposes and formats of storyboards, the basic terminology and concepts used in storyboarding, and the application of storyboarding techniques to the creation of storyboards with or without a written script. Research and visualization are emphasized.

12842 LEC 1:15 pm - 2:20 pm MW Farra, R ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 12846 LAB 2:20 pm - 3:25 pm MW Farra, R ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

ANIMATN 218 • Fundamentals Of Animation (CSU) • 3 Units

This course provides foundational animation concepts and experimental techniques. The concepts include squash and stretch, anticipation, overlapping action, analyzing, and depicting natural forces. The techniques introduced include drawing, puppet making, sand, paint, and cutouts, providing the basic principles of animation focusing on timing and weight through a series of projects.

17021 LEC 8:50 am - 9:55 am MW Libonati, M E ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 17022 LAB 9:55 am - 12:00 pm MW Libonati, M E ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

**ENROLLMENT REQUIREMENTS:**

- **ANIMATN 219:** Animation Process And Production (CSU) - 3 Units
  - Enrollment Requirement: Animation 218
  - This course exposes students to the process and production in animation and related industries. Topics covered include preproduction and production as well as project management from concept to completion including scheduling, budget management, and team building.
  - 26099 LEC 6:50 pm - 7:55 pm TTh Silva, R ONLINELIVE
  - This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.
  - ZTC: All course materials will be provided digitally and free of cost.

- **ANIMATN 221:** Advanced Three-Dimensional Animation I (CSU) - 3 Units
  - This advanced course introduces students to high-end three-dimensional animation software. Students acquire familiarity with the expensive interface. Students gain basic understanding and proficiency in 3-D modeling, texture, and animation. Basic animation concepts are reinforced and demonstrated through regular projects.
  - 12853 LEC 8:50 am - 9:40 am MW Farro, R E7 201
  - This class will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

- **ANIMATN 227:** Three-Dimensional Animation Project (CSU) - 3 Units
  - Enrollment Requirement: Animation 225 and Animation 226
  - This course concentrates on using advanced 3-D techniques to create, design and produce an animated 3-D project from concept to final edit. With the supervision of the instructor, students design, model, animate, render, and composite a project suitable for their portfolio while learning pre-production, production, and post-production pipelines and methods.
  - 18648 LEC 8:50 am - 9:55 am TTh Farro, R ONLINELIVE
  - This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

- **ANTHRO 101:** Human Biological Evolution (UC/CSU) - 3 Units
  - Requirement Designation: Meets IGETC 5B CSU B2
  - This course explores the field of physical anthropology emphasizing the evolution of the human species. Topics will include human heredity, mechanisms of evolutionary change, human variation, and the reconstruction of human evolutionary history through the study of the fossil record and the study of our closest biological relatives, the living monkeys and apes.
  - 10257 LEC 3:10 hrs/wk TBA Li, J ON LINE
  - This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.
  - ZTC: All course materials will be provided digitally and free of cost.

- **ANTHRO 102:** Human Ways Of Life: Cultural Anthropology (UC/CSU) - 3 Units
  - Requirement Designation: Meets IGETC 4A CSU D1
  - Comparative survey of human culture, including the study of human society, language, religion, political and economic organization with examples drawn from contemporary preliterate, peasant, and urban societies.
  - 11606 LEC 6:50 pm - 10:00 pm T Perez, D GB 107A
  - This class will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

- **ANTHRO 103:** Archaeology: Reconstructing The Human Past (UC/CSU) - 3 Units
  - Requirement Designation: Meets IGETC 4A CSU D1
  - This course is an introduction to the concepts, theories, and methods of anthropological archaeology as well as a review of significant data and models that contribute to our knowledge of the human past. Topics covered include the history and interdisciplinary nature of archaeological research: dating techniques; methods of survey, excavation, analysis, and interpretation; cultural resource management; professional ethics; and selected cultural sequences.
  - 23313 LEC 3:10 hrs/wk TBA Sepulveda, C D ON LINE
  - This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.
  - LCT: Textbooks assigned to this class are less than $50.
ANTHRO 104 • Human Language And Communication (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 3B 4A CSU C2 D1
As an introduction to linguistic anthropology, this course will cover the study of language, culture, and society from an anthropological perspective. Language will be presented as a form of social interaction in which participants do things with and through everyday talk. Topics include the biological basis of communication and speech, the relationship between language and culture, the structure of language, language origins, language through time, language variation, language in social context, the ethnography of communication, nonverbal communication and writing, and linguistic anthropology in the contemporary world. Special topics may include pidgins and creoles, language death and revival, and the relationship between language, identity, and power.

16147 LEC 3:10 hrs/wk TBA Grebler, G ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.
ZTC: All course materials will be provided digitally and free of cost.

ANTHRO 109 • Gender, Sex And Culture (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 4D CSU D4
This course provides a world-wide comparison of sexuality and gender as viewed from various perspectives, including the biological/evolutionary, the cultural, the psychological, the historic, and the prehistoric, especially as they relate to the experiences of males and females in contemporary Western society.

11955 LEC 3:10 hrs/wk TBA Bernard, J L ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.
LCT: Textbooks assigned to this class are less than $50.

ANTHRO 111 • Laboratory In Human Biological Evolution (UC/CSU) • 1 Unit

Requirement Designation: Meets IGETC 5C CSU B3
Enrollment Requirement: Corequisite: Anthropology 101
This course will enable students to apply key concepts and techniques in physical anthropology. Through the understanding and use of scientific methodology, students will experience how to solve problems related to genetics, human variation, the living primates, and human paleontology.

26026 LAB 3:10 hrs/wk TBA Kohpahl, G ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

26027 LAB 3:10 hrs/wk TBA Bernard, J L ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

26028 LAB 6:30 hrs/wk TBA Sepulveda, C D ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 10/25/2021, Ends 12/19/2021)

Architecture

ARC 110 • Introduction To Architecture (CSU) • 1 Unit

An introduction lecture course on the profession of architecture and related fields.

12498 LEC 10:55 am - 11:45 am W Navarro, A J ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

ARC 121 • Freehand Drawing I (UC/CSU) • 2 Units

In this course students will develop freehand drawing skills for visual communication. Various media will be used.

17647 LEC 1:00 pm - 1:50 pm M Navarro, A J ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 17648 LAB 1:00 pm - 3:10 pm W Navarro, A J ONLINE
& LAB 1:50 pm - 2:40 pm M Navarro, A J ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

ARC 122 • Architectural Perspective (UC/CSU) • 2 Units

This course covers various methods of making three-dimensional pictorial drawings, such as one-point, two-point, and three-point perspectives.

12519 LEC 9:00 am - 9:50 am T STAFF ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 12524 LAB 9:50 am - 1:00 pm T STAFF, L ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

ARC 130 • History Of Architecture I (UC/CSU) • 2 Units

Requirement Designation: Meets CSU C1 C2
A lecture course in the history and development of architecture from Prehistoric times to the beginning of the Renaissance.

12527 LEC 7:20 pm - 9:25 pm Th Ramirez, I E ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

AUTOMO 111 • Engine Repair And Rebuilding (CSU) • 5 Units

Enrollment Requirement: Automobile Technology 101

This course presents the basic principles of operation, nomenclature, and repair of the internal combustion engine. This course emphasizes problem solving skills as they apply to diagnosing engine mechanical problems. Topics include engine design, cylinder block assembly, cylinder head and valve train, lubrication system, cooling system, servicing the engine block, servicing the cylinder head, piston and ring service, gaskets, seals, and engine problem diagnosis.

23497 LEC 6:20 pm - 8:10 pm MW Ibarra, B ONLINELIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 23498 LAB 8:10 pm - 10:00 pm MW Ibarra, B AUTO LAB
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

AUTOMO 201 • Automatic Transmission And Transaxle (CSU) • 5 Units

Enrollment Requirement: Automobile Technology 101

This course is designed to provide the student with the basic skills necessary to diagnose drive train and automatic transmission malfunctions. The topics presented include the construction, operation, maintenance, and adjustment of automatic transmission and drive train components as well as use of special tools. Students work in a laboratory environment where they are required to overhaul automatic transmissions, both front and rear wheel drive system.

19315 LEC 7:25 am - 9:30 am MWTFh Banuelos, A ONLINELIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 19316 LAB 8:30 am - 12:20 pm MWTFh Banuelos, A AUTO LAB
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

AUTOMO 301 • Manual Drive Train Axles (CSU) (RPT 1) • 5 Units

Enrollment Requirement: Automobile Technology 101

This course presents the theory and skills needed to diagnose and repair manual transmissions, transaxles, and drive-line components. Topics include: Clutches, drive-lines, half-shafts, transmissions, differentials, transfer cases, and related four-wheel-drive systems. Theory and hands-on experience are utilized and at least one rear wheel drive and one front wheel drive system are disassembled, inspected, and reassembled.

19317 LEC 7:25 am - 9:15 am MWTFh Banuelos, A ONLINELIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 19318 LAB 9:15 am - 11:50 am MWTFh Banuelos, A AUTO LAB
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

AUTOMO 401 • Suspension, Steering, And Wheel Alignment (CSU) • 5 Units

Enrollment Requirement: Automobile Technology 101

This course presents the theory and skills needed to diagnose and repair front suspension components, steering components, drive axles, CV joints, and power steering components. Wheel alignment and wheel balancing on the latest computerized equipment is practiced. Upon successful completion of this course, students learn the theory and acquire the skills needed to pass the ASE examination.

19333 LEC 7:25 am - 9:40 am MWTFh Banuelos, A ONLINELIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 19334 LAB 9:40 am - 12:45 pm MWTFh Banuelos, A AUTO LAB
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.
AUTOMO 801 • Advanced Engine Performance (CSU) • 5 Units
Enrollment Requirement: Automobile Technology 101
This course presents the theory and operation of engine performance control systems. Students interpret, verify, and perform engine diagnosis of fuel, injection, ignition, cooling, electronic, electrical and emission control systems and devices using the industry's latest text, tools, and test equipment such as: Digital multimeters, oscilloscopes, gauges, and gas analyzers.

23495 LEC 6:20 pm - 7:45 pm MW Brow, P ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

23496 LAB 7:45 pm - 9:50 pm MW Brow, P AUTO LAB
This class will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

AUTOMO 901 • Hybrid Service and Safety • 3 Units
Enrollment Requirement: Automobile Technology 101
This is an introductory course to service and safety procedures on Hybrid-Electric Vehicles. Topics include: Various Hybrid-Electric designs, operation, service, and safety of vehicles currently in production, as well as those being developed for the future. Students achieve a basic understanding of complex Hybrid-Electric systems through research and lab practices. Students learn safety and operation procedures of equipment used during diagnosis, maintenance, repair, and service of Hybrid-Electric Vehicles.

16284 LEC 6:30 pm - 7:20 pm TTh Ibarra, B ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

16285 LAB 7:20 pm - 8:30 pm TTh Ibarra, B AUTO LAB
This class will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

Biology

BIOL 003 • Introduction To Biology (UC/CSU) • 4 Units
Requirement Designation: Meets IGETC 5B SC CSU B2 B3
This course for non-majors examines the fundamental principles of biology with laboratories emphasizing hands-on investigations. Topics include an introduction to evolutionary theory, basic biological chemistry, cell function and reproduction, cellular respiration and photosynthesis, classical and contemporary genetics, gene expression and an introduction to animal structure and function. Meets UC/CSU GE requirement of natural science with a lab.

BIOLOGY 006 • General Biology I (UC/CSU) • 5 Units

Requirement Designation: Meets IGETC SB SC CSU B2 B3
Enrollment Requirement: Chemistry 065 OR Chemistry 060 AND Mathematics 125

This is a general biology course designed for life science and many pre-health majors. It examines basic cellular biology, metabolism, genetics, molecular biology, and the relationship between form and function of living organisms. Note: Some 4-year institutions prefer that Biology 6 and 7 be taken at the same college.

BIOLOGY 007 • General Biology II (UC/CSU) • 5 Units

Requirement Designation: Meets IGETC SB SC CSU B2 B3
Enrollment Requirement: Biology 006

This is a general biology course designed for life science and many pre-health majors. It examines the unifying principles of biology through the study of phylogeny, taxonomy, organismal structure/function, evolution, and ecology. Note: Some 4-year institutions prefer that Biology 6 and 7 be taken at the same college.

BIOLOGY 025 • Human Biology (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 5B CSU B2
In this survey course for the nonscience major, students explain the principle human organ systems according to structure and function and examine the problems of pollution, population control and preservation of the natural environment.

23349 LEC 3:10 hrs/wk TBA Kelley, S ONLINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

BIOLOGY 046 • Genetic Analysis (UC/CSU) • 3 Units

 Requirement Designation: Meets IGETC 5B CSU B2
Enrollment Requirement: Biology 006
This course is designed for Life Science majors as a continuation of their general biology studies. It provides a comprehensive introduction to genetic analysis examining topics such as chromosome analysis, population genetics, and genomics.

BIOTECH 100 • Foundations of Laboratory Science • 4 Units

This course provides both theoretical and practical use of foundational concepts directly required in laboratory science, including discussions on good laboratory practice (GLP), good clinical practice (GCP), and good manufacturing practice (GMP). The laboratory component provides the skills to solution and media preparation, which is achieved through calculating, assembling, and performing proper laboratory techniques. Other laboratory skills include growing, maintaining, staining, and identifying the morphology of bacteria, in which aseptic techniques are emphasized. The application of industry standard communication protocols, Food and Drug Administration (FDA) regulations, and Standard Operating Procedures (SOP) in the laboratory makes it easier for students to transition into the workforce as a laboratory technician.

Business

BUS 001 • Introduction To Business (UC/CSU) • 3 Units

Students engage in a multidisciplinary examination of how culture, society, economic systems, legal, international, political, financial institutions, and human behavior interact to affect a business organization’s policy and practices within the U.S. and a global society. The course demonstrates how these influences impact the primary areas of business including organizational structure and design, leadership, human resource management, risk management and insurance, organized labor practices, ethics and social responsibility, marketing, organizational communication, e-business/technology, entrepreneurship, legal, accounting, and financial practices, and the stock and securities market; and therefore how they affect a business’s ability to achieve its organizational goals.

Requirement Designation: Meets IGETC 5A SC CSU B1 B3

Enrollment Requirement: Mathematics 125 OR Mathematics 125S OR Mathematics 134

Chemistry I is a descriptive course in general, organic and biological chemistry designed for nursing and Allied Health students. Topics include the metric system of measurements, chemical symbols, formulas and nomenclature systems, chemical equations and physical and chemical characteristics for all states of matter. Other topics include acids, bases, buffers and pH. Organic topics focus on functional group identification including hydrocarbons, organic halide, alcohols, ethers, ketones, aldehydes, amines, carboxylic acids, esters and other acid derivatives, carbohydrates, lipids and proteins are also surveyed.

Requirement Designation: Meets IGETC 5A SC CSU B1 B3

Enrollment Requirement: Mathematics 125 OR Mathematics 125S OR Mathematics 134

This course is a survey of basic chemistry topics. The course is intended as preparation for chemistry, some allied health majors, or for students completing their general education. Topics include atoms and elements, nomenclature, chemical bonds, chemical reactions, stoichiometry, energy and states of matter, gas laws, aqueous systems, solutions, and acids, bases, and salts. Laboratory activities will support the range of topics covered in lecture including chemical laboratory safety, qualitative and quantitative experiments.

East Los Angeles College • Fall 2021 Schedule of Classes
CHEM 102 • General Chemistry II (UC/CSU) • 5 Units

Requirement Designation: Meets IGETC 5A SC CSU BI B3
Enrollment Requirement: Chemistry 101
This is the second semester of a one-year course in general chemistry intended for majors in the natural sciences, (chemistry, biochemistry, biology, physics, pre-medicine), mathematics and engineering. Topics presented in this course include chemical kinetics, molecular and ionic equilibria, thermodynamics, electrochemistry, and nuclear, coordination, descriptive and organic chemistry. Lab work involves both qualitative and quantitative analysis.

13267 LEC 7:15 am – 8:40 am MW Wang, M ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 13268 LAB 8:50 am – 12:00 pm MW Wang, M ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

13265 LEC 3:10 hrs/wk TBA Vincent, J C ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. There will be live recording sessions for lectures and laboratories for which attendance is NOT required, i.e., attendance is optional. The times and dates for live recording sessions will be determined in the first week of the semester, and will be posted to the syllabus.

CHEM 201 • Quantitative And Instrumental Analysis (UC/CSU) • 5 Units

Requirement Designation: Meets IGETC 5A SC CSU BI B3
Enrollment Requirement: Chemistry 102
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

& 23462 LAB 6:30 pm – 8:20 pm TTh Mathias, E V G5 307
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

25715 LEC 3:10 hrs/wk TBA Mathias, E V ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

& 25776 LAB 6:30 pm – 8:20 pm MW Mathias, E V G5 307
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

CHEM 211 • Organic Chemistry For Science Majors I (UC/CSU) • 5 Units

Requirement Designation: Meets IGETC 5A SC CSU BI B3
Enrollment Requirement: Chemistry 102
This course is the first part of a two semester organic chemistry course sequence. Students are introduced to organic molecular structures, bonding, nomenclature including conformational analysis, potential energy plots, hybridization, stereochemistry and functional group chemistry, with emphasis on conversions and reaction mechanisms. It also includes the applications of instrumental methods in functional group analysis and identification of molecular structures. In the laboratory students learn the essential skills and techniques of preparation, isolation, purification, and analysis of organic compounds by employing standard and modern instrumental methods. This course also emphasizes the use and interpretation of Nuclear Magnetic Resonance (NMR), Infrared (IR) Spectroscopy and Gas Chromatography (GC) in the analysis and identification of organic compounds. This course is part of the transfer sequence for careers in the physical, biological, and health sciences and a requirement for the Associate of Sciences degree in Chemistry.

13339 LEC 8:00 am – 11:00 am Sa Ho, N N ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 13344 LAB 12:00 pm – 6:30 pm Sa Ho, N N ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

13332 LEC 3:10 hrs/wk TBA Ow, F P ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

& 13335 LAB 6:30 hrs/wk TBA Han, S ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

13348 LEC 3:10 hrs/wk TBA Ruiz Silva, B E ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

& 13350 LAB 6:30 hrs/wk TBA Ruiz Silva, B E ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

CHEM 212 • Organic Chemistry For Science Majors II (UC/CSU) • 5 Units

Requirement Designation: Meets IGETC 5A SC CSU BI B3
Enrollment Requirement: Chemistry 211
This course is a continuation of Chemistry 211 with emphasis on the remaining functional groups and aromatics. Emphasis is put on reactions and reaction mechanisms, stereochemistry, multi-step synthesis and the analysis and identification of a variety of organic compounds such as aromatic compounds, alcohols, phenols, amines, heterocyclics, aldehydes, ketones, carboxylic acids and their derivatives. The structures, formation and reactions of enoles and enolate anions are also studied. The structures and functional group reactions of biological molecules such as carbohydrates, amino acids, polypeptides, lipids and nucleic acids are discussed. The laboratory work presents new techniques of multi-step synthesis, isolation, purification, and analysis of organic compounds using conventional and modern instrumental methods. This course also emphasizes the use and interpretation of Nuclear Magnetic Resonance (NMR), Infrared (IR), Mass Spectroscopy (MS), Ultraviolet (UV) and Gas Chromatography (GC) in the analysis and identification of organic compounds. The Chem. 211 and 212 sequence satisfy the one year organic chemistry requirement for careers in the physical, biological, and health sciences and a requirement for the Associate of Sciences degree in Chemistry.

13391 LEC 3:10 hrs/wk TBA Ovw, F P ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

& 13392 LAB 1:45 pm – 5:55 pm TTh Abukhail, P M ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

23463 LEC 3:10 hrs/wk TBA STAFF ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

& 23464 LAB 6:30 hrs/wk TBA Bacher, A D ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.
CHEM 221 • Biochemistry For Science Majors (UC/CSU) • 5 Units
Requirement Designation: Meets IGETC 5A 5C CSU BI B3
Enrollment Requirement: Chemistry 211
The course is designed to provide an introduction to the principles, concepts and terminology of biochemistry, with an emphasis on the structure and function of biomolecules, the role of intermediary metabolism in energy production and common biochemical laboratory techniques. Topics include the chemistry and properties of three groups of biological macromolecules (proteins, carbohydrates and lipids) and their building blocks, protein structure and function, enzyme catalysis, and the details of the central metabolic pathways (glycolysis, glycogenolysis, the citric acid cycle, electron transport, and oxidative phosphorylation) including their regulation and integration. Throughout the course the organizing principles of biochemistry and the distinctive characteristics of the living state will be emphasized. The laboratory exposes the students to a variety of biochemical techniques and how they are used to evaluate biomolecules and biochemical systems. These techniques include spectrophotometry, various types of chromatography, enzyme assays, protein purification and others.

13422 LEC 3:10 hrs/wk TBA Bacher, A D ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

& 13423 LAB 6:30 hrs/wk TBA Chung, G G ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

Chicano Studies

CHICANO 002 • The Mexican-American In Contemporary Society (UC/CSU) • 3 Units
Requirement Designation: Meets IGETC 4C CSU D3
Introduces the student to the most relevant issues facing the Chicano community today. Special attention will be given to the growth and impact of political behavior and under-representation, public health concerns, educational inequities, and immigration policies affecting Mexicans, Chicanos, and other Latinos.

19790 LEC 10:35 am - 12:00 pmT Bermudez, N ONLINEIVE
& LEC 12:35 hrs/wk TBA Bermudez, N ON LINE
This class will be offered in an online blended format, which requires students to be online and interacting with their instructor during the times shown and to work online independently each week for the amount of TBA time shown in addition to completing assignments.

25338 LEC 10:35 am - 12:00 pm TTh Jimenez, J E3 231
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

13444 LEC 3:10 hrs/wk TBA Lopez, F ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

13447 LEC 3:10 hrs/wk TBA Lopez, F ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

CHICANO 003 • Sociology And Psychology Of The Latin American (UC/CSU) • 3 Units
Requirement Designation: Meets IGETC 4C CSU E
In this course students examine the psychological and sociological influences on the Latino/Mexican population within the United States. Sociocultural and developmental factors are covered. The application to Latinos of traditional psychological and sociological theories, developmental theories, and empirical research are examined and evaluated.

13605 LEC 10:25 am - 12:00 pm MW Topia, B E E3 357
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

23214 LEC 1:45 pm - 3:10 pm W Topia, B E ONLINEIVE
& LEC 1:25 hrs/wk TBA Topia, B E ON LINE
This class will be offered in an online blended format, which requires students to be online and interacting with their instructor during the times shown and to work online independently each week for the amount of TBA time shown in addition to completing assignments.

CHICANO 004 • Introduction To Chicano/o Studies (UC/CSU) • 3 Units
Requirement Designation: Meets IGETC 4C CSU D3
Introductory study of the discipline of Chicano/o Studies. This course examines race, ethnicity and culture in the Chicano/Latino community. It considers the movements for social change which created ethnic studies programs in the United States.

19335 LEC 9:00 am - 12:10 pm F Hernandez, J G E3 307
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

CHICANO 007 • The Mexican-American In The History Of The United States I (UC/CSU) • 3 Units
Requirement Designation: Meets IGETC 4C CSU D3
A survey of United States history as it relates to the development of the Chicano in the United States with a special emphasis on Mexican-American contributions to the development of American civilization. This course covers Pre-Columbian and Mexican colonial periods, the northward advance and settlement of the present day U.S. Southwest/Southeast. Topics also include a background in the political and social development of both the United States and Mexico, the role and impact of the American Revolution, U.S. Constitution, and the Bill of Rights.

This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

13620 LEC 3:10 hrs/wk TBA Lopez, F ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

13625 LEC 3:10 hrs/wk TBA Gutierrez, G ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

13632 LEC 3:10 hrs/wk TBA Gutierrez, G ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

13639 LEC 3:10 hrs/wk TBA Monzon, A ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

13644 LEC 3:10 hrs/wk TBA Monzon, A ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

13670 LEC 4:15 hrs/wk TBA Monzon, A ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.
(Starts 09/27/2021, Ends 12/18/2021)
CHICANO 008 • The Mexican-American in The History Of The United States II (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 4C CSU D3 D6 US-1
Concentrates on Mexican American history of the nineteenth and twentieth centuries. Discussion centers on the participation, contributions, and experiences by Mexican Americans. Major areas include the socio-historical, political, judicial, legislative, economic and educational experiences. Topics include the Mexican American Southwest, the US Mexico War, American Expansionism, U.S. Treaties, U.S. Constitution, Bill of Rights, California Constitution, desegregation struggle, American Nativism, Mexican Repatriation, WWll, Zoot-Suit Boîte, Bracero Program, Mexican American Labor Movement and the Chicana Movement and their impact on political participation. This course fulfills the American History and Institutions requirements under Social Sciences (Section D), both under U.S. History and Political Science perspectives.

13715 LEC 3:10 hrs/wk TBA Romo, M R ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

13718 LEC 3:10 hrs/wk TBA Romo, M R ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

13722 LEC 3:10 hrs/wk TBA Monzon, A ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

17523 LEC 3:10 hrs/wk TBA Monzon, A ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

20691 LEC 3:10 hrs/wk TBA Romo, M R ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

CHICANO 019 • History Of Mexico (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 4C CSU D3 Course covers the entire span of Mexican history. It includes a consideration of the pre-conquest period, Spanish invasion and colonization, the War of Independence, the turmoil of the nineteenth century, the period of Diaz, the 1910 Revolution, the post-Revolution period, and a view of trends in contemporary Mexico.

13784 LEC 3:10 hrs/wk TBA Gutierrez, G ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

CHICANO 024 • Scholastic And Personal Development (CSU) • 3 Units

The basic goals of the course are to help students acquire a critical understanding of themselves and their culture and to recognize and understand the importance of self worth in an academic setting.

13788 LEC 8:50 am - 10:15 am MW Flores, R E E3 407
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

13794 LEC 10:35 am - 12:00 pm MW Flores, R E E3 411
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

CHICANO 031 • The Central American Experience (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 4C CSU D3
This course introduces the Central American experience in the United States with emphasis on the transnational connections between the countries of origin and the communities of residence in the United States. Students learn about the conditions in Central America that lead to emigration to the United States. Additionally the course investigates specific challenges faced by Central American migrants on their journeys to the United States. The course also examines support networks established in the United States to help these communities adapt to their new homeland.

15758 LEC 3:10 hrs/wk TBA Monzon, A ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

CHICANO 037 • Chicano Literature (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 3B CSU C2
An introductory analysis of the literary, social, and cultural aspects of the novel, short story, essay, poetry, and drama written by Mexican-Americans. The course reveals the progression of a people and culture in American society, artistically expressed by Mexican-American writers who seek to understand themselves and the world around them.

### Electronics

**ELECTRN 129 • Python for Networking (CSU) • 2 Units**

Enrollment Requirement: Electrons 125

In this course, students learn topics of the Python language such as data types, variables, control structures, Python Objects and Oriented Design, standard and advanced mathematical libraries, tool-chain use and Python Frameworks, user-defined classes and abstract collections, single and multidimensional arrays, Python lists, tuples, collections, and dictionaries. Also, students have access to a NETLAB+ system, a virtual system that allows topology configuration via online, and upon online completion; students physically configure the topology in class.

24318 LEC 1:15 pm - 4:15 pm TTh Villanueva, E ONLINE/LIVE

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 24319 LAB 1:45 pm - 3:30 pm TTh Villanueva, E ONLINE/LIVE

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

ZTC: All course materials will be provided digitally and free of cost.

**ELECTRN 130 • Routing & Switching Fundamentals (CSU) • 4 Units**

This course is the equivalent to parts one and two of the Cisco Network Academy. Part I of this course introduces the architecture, structure, functions, components, and models of the Internet and computer networks. The principles of IP addressing and fundamentals of Ethernet concepts, media, and operations are introduced to provide a foundation for the curriculum. By the end of Part I, students are able to build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. Part II of this course describes the architecture, components, and operations of routers and switches in a small network. Students learn how to configure a router and a switch for basic functionality. By the end of Part II, students are able to configure and troubleshoot routers and switches and perform complex configuration with IPV4, IPV6, single-area and multi-area OSPF, virtual LANs, and inter-VLAN routing in both IPV4 and IPV6 networks. Students completing this course prepared to take the Cisco ICND1 and/or CCENT certification exam. Also, students have access to a NETLAB+ system, a virtual system that allows topology configuration via online, and upon online completion; students physically configure the topology in class.

19854 LEC 8:00 am - 9:05 am MW Villanueva, E ONLINE/LIVE

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 19855 LAB 9:05 am - 12:40 pm MW Villanueva, E ONLINE/LIVE

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

ZTC: All course materials will be provided digitally and free of cost.

**ELECTRN 131 • Installing, Configuring and Administering Linux Operating System (CSU) • 2 Units**

This course gives students a solid foundation in the fundamentals of the Linux operating system which plays a crucial role in academic and corporate computing. In fact, Unix/Linux powers more internet server and corporate networks than Microsoft. The topics include Linux Overview and Architecture, The Kernel and Shell, File System, Users and Groups Management, Permissions and Ownership Management, Services and Processes Management. Students gain system-level experience through problem-solving hands-on lab exercises at the command line and in the graphical user interface. Also, students have access to a NETLAB+ system, a virtual system that allows topology configuration via online, and upon online completion; students physically configure the topology in class.

17526 LEC 3:30 pm - 4:00 pm TTh Villanueva, E ONLINE/LIVE

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 17527 LAB 4:00 pm - 6:05 pm TTh Villanueva, E ONLINE/LIVE

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

ZTC: All course materials will be provided digitally and free of cost.

### Engineering Graphics & Design

**EGD TEK 102 • Engineering Graphics with Introduction to GD&T and 2-D CAD (UC/CSU) • 3 Units**

This introductory course covers the fundamentals of traditional drafting, descriptive geometry, orthographic projection, graphical communication of technical engineering information and Computer-Aided Drafting (CAD). Topics include freehand drawing, lettering, and theory of orthographic and multi-view projections as well as Coordinate dimensioning and geometric dimensioning and tolerancing (GD&T). An introduction to 2-D CAD software package is presented and instruction includes fundamental tools to be able to create and edit basic drawings by learning and understanding the User Interface of the software. Essential skills developed include creating templates, title blocks, layers, drawing basic geometric objects, using parametric tools, and dimensioning.

18047 LEC 8:50 am - 9:55 am TTh Davidian, A M ONLINE/LIVE

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 18048 LAB 8:55 am - 11:20 am TTh Davidian, A M ONLINE/LIVE

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

21028 LEC 5:05 pm - 6:30 pm MW Khashayar, K ONLINE/LIVE

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 21029 LAB 6:30 pm - 7:35 pm MW Khashayar, K ONLINE/LIVE

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

**EGD TEK 221 • CAD-Advanced Applications 3-D (CSU) • 2 Units**

This course builds on the skills acquired in 2-D and 3-D CAD applications. The course explores advanced computer-aided design techniques using SolidWorks software such as Mold Tools, Simulation and Surface modeling. Also, students are prepared for the Certified SolidWorks Associate (CSWA) exams. During these training programs, students acquire advanced skills in using the software and design techniques for 3-D structures in various examples toward design, manufacturing, and mechanical applications. This course is cross-listed with EGD TEK 131 and students can not enroll in both EGD TEK 221 and EGD TEK 131 and units cannot be earned for both EGD TEK 221 or EGD TEK 131.

18781 LEC 8:50 am - 9:55 am Sa Khashayar, K ONLINE/LIVE

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 18782 LAB 9:55 am - 12:00 pm Sa Khashayar, K ONLINE/LIVE

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.
**Engineering Support**

**ENG SUP 121 • Plane Surveying I (UC/CSU) • 3 Units**

This is a beginning course in plane surveying. Topics include horizontal linear measurements using pacing, steel tape, stadia and electronic distance measurement (EDM); circuit and profile differential leveling; measurement of horizontal and vertical angles; computation of azimuth, bearing, latitude, departure and coordinates; and area of a traverse; balancing a closed traverse using the compass rule and rotation adjustments of a closed traverse; and introduction to geographic information system (GIS) and global positioning system (GPS). The class integrates projects and assignments using Microstation and/or AutoCAD software. The lab work also includes field experience on unmanned aerial systems in mapping and terrain analysis purposes.

**& ENG SUP 131 LAB 5:05 pm - 7:00 pm Th Gallegos, H A ONLINE**

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

**ENG SUP 135 • Engineering Graphics & Design I (UC/CSU) • 3 Units**

This course introduces the fundamental principles of engineering graphics and design. Emphasis is given to the use of AutoCAD to create engineering drawings which include components of orthographic views, section views, and assembly drawings. Students are expected to develop their drafting skills and apply them to engineering projects.

**& ENG SUP 145 LAB 2:15 pm - 3:05 pm TTh Ruiz, F**

This course requires compliance with all Los Angeles Community College District health and safety protocols.

---

**Engineering Technician**

**ENG TEK 111 • Additive Manufacturing I (CSU) • 2 Units**

Enrollment Requirement: Engineering Graphics & Design I AND Manufacturing & Industrial Technology I. This is an introductory course into the world of Additive Manufacturing. Emphasis is given to the most common process in additive manufacturing techniques such as 3-D printing of polymers, 3-D Laser Scanning, and 3-D Laser Cutting. The course integrates projects and assignments to make the digital signature of parts. In addition to theoretical knowledge, students are expected to gain practical experience by manufacturing sample parts in the lab. The class integrates a project-based learning model which develops elements of creative thinking and problem solving used in prototype building and the manufacturing process.

**& ENG TEK 121 LAB 4:00 pm - 5:25 pm MW STAFF**

This course requires compliance with all Los Angeles Community College District health and safety protocols.

**ENG TEK 125 • CNC Setup and Operation • 3 Units**

This is an introductory course on the fundamentals skills related to the setup and operation of Computer Numerical Controlled machines (CNC). Safety, tool selection, machine and controller functions, calculation and input of offsets, are also included.

**& ENG TEK 131 LAB 7:55 pm - 9:20 pm MW Jacobson, S**

This course requires compliance with all Los Angeles Community College District health and safety protocols.

---

**ENG TEK 130 • Facility Design and Supply Chain (CSU) • 2 Units**

This course examines manufacturing/supply chain facility and modern material handling techniques for efficient utilization of space within a plant. The course provides students with techniques to use in analyzing and designing facilities by considering; plant location, manufacturing layout, material handling, integration of human factors for layout safety and quality, and their implications on design.

**ENG TEK 135 • Metrology and Inspection Level I (CSU) • 2 Units**

Introduction to the science of measurement as it applies to metrology and inspection in fabrication and manufacturing environments. The lab work includes common industry measurements and standard practices with emphasis on Microscribe Digitizing Arm inspection devices.

**& ENG TEK 141 LAB 7:55 pm - 10:00 pm Th Munoz, L A**

This course requires compliance with all Los Angeles Community College District health and safety protocols.

---

**ENG TEK 145 • Basic Programmable Logic Controls (PLC) (CSU) • 2 Units**

This course introduces Basic Programmable Logic Controllers, Programming Devices, Ladder Diagrams, and Designing PLC Programs for Automation Processes.

**& ENG TEK 151 LAB 3:30 pm - 4:00 pm MW STAFF**

This course requires compliance with all Los Angeles Community College District health and safety protocols.

---

**ENG TEK 155 • Mechanical Systems (CSU) • 3 Units**

This course presents fundamental concepts of mechanical drives and systems, including safe operation, installation, alignment, troubleshooting, and maintenance of a range of mechanical drives in automated manufacturing systems.

**& ENG TEK 165 LAB 2:20 pm - 3:20 pm TTh Khashayar, K**

This course requires compliance with all Los Angeles Community College District health and safety protocols.

---

**ENG SUP 121 • Plane Surveying I (UC/CSU) • 3 Units**

This is a beginning course in plane surveying. Topics include horizontal linear measurements using pacing, steel tape, stadia and electronic distance measurement (EDM); circuit and profile differential leveling; measurement of horizontal and vertical angles; computation of azimuth, bearing, latitude, departure and coordinates; and area of a traverse; balancing a closed traverse using the compass rule and rotation adjustments of a closed traverse; and introduction to geographic information system (GIS) and global positioning system (GPS). The class integrates projects and assignments using Microstation and/or AutoCAD software. The lab work also includes field experience on unmanned aerial systems in mapping and terrain analysis purposes.
**Engineering, General**

**ENG GEN 101 • Introduction To Science, Engineering And Technology (UC/CSU) • 2 Units**

This course explores the branches of engineering and engineering technologies, the functions of an engineer and a technologist, and the industries in which they work. Explains the educational pathways and effective strategies for students to reach their full academic and career potentials, by thorough understanding of academic and academic success strategies. Presents an introduction to the methods and tools of engineering problem solving and design including the interface with society, professional and engineering ethics, and lifelong learning. Develops communication skills pertinent to the engineering and engineering technologies professions, through hands-on project(s) and teamwork in diverse environments.

10930 LEC 1:45 pm - 2:35 pm M Davidian, A M ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 10936 LAB 2:35 pm - 4:40 pm M Davidian, A M ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

**ENG GEN 121 • Programming For Engineers: C++ (UC/CSU)**

• 4 Units

Requirement Designation: Meets CSU B4

Enrollment Requirement: Mathematics 281

This course applies structured programming concepts to engineering problem types such as center of mass, ballistics, column buckling, design, and reduction of experimental data. Mathematical techniques include iterative solutions, bisection, Raphson-Newton, statistics, and matrix operations. Computer programming techniques include formatted input and output, selection, loops, functions, pointers, arrays, and objects. Concepts and techniques of Object Oriented Programming, structured design and modular construction, use of C++ or other high level languages to demonstrate fundamentals of Object Oriented Programming and structured programming are employed. Students use National Instruments Laboratory Virtual Engineering Workbench (LabVIEW) to demonstrate graphical programming environment.

11179 LEC 3:30 pm - 4:55 pm MW Ramirez, J C ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 11184 LAB 4:55 pm - 6:00 pm MW Ramirez, J C ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

**ENG GEN 122 • Programming And Problem-Solving In Matlab (UC/CSU) • 3 Units**

Enrollment Requirement: Mathematics 281

This course utilizes the MATLAB environment to provide students with a working knowledge of computer-based problem-solving methods relevant to science and engineering. It introduces the fundamentals of procedural and object-oriented programming, numerical analysis, and data structures. Examples and assignments in the course are drawn from practical applications in engineering, physics, and mathematics.

10272 LEC 8:50 pm - 7:55 pm MW Ramirez, J C ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 10275 LAB 7:55 pm - 9:20 pm MW Ramirez, J C ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

**ENG GEN 131 • Statics (UC/CSU) • 3 Units**

Enrollment Requirement: Physics 001 OR Physics 101 AND Mathematics 262.

This is a first course in engineering mechanics. Students will learn about two and three dimensional analysis of force systems on particles and rigid bodies in equilibrium. Topics also include static analysis of trusses and beams, and determination of center of gravity, centroids, friction, and moments of inertia of area and mass.

16176 LEC 8:50 am - 9:55 am MW Davidian, A M ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 16177 LAB 9:55 am - 11:20 am MW Davidian, A M ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

**ENG GEN 151 • Materials Of Engineering (UC/CSU) • 3 Units**

Enrollment Requirement: Chemistry 101 AND Physics 1 OR Physics 101.

This course is an introduction to materials science and engineering and different types of materials used in engineering design, emphasizing the relationships between structure, properties, and processing. Topics include: Atomic structure and bonding, atomic and Ionic arrangements and imperfections, crystalline structures, metals, polymers, ceramics, composites including diffusion or atom and ion movements in materials, and mechanical properties and fracture including strain hardening and annealing. An illustration of the differences of materials fundamental and their applications in engineering is also covered.

11219 LEC 8:50 am - 10:15 am TTh Gallegos, H A ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

**ENG GEN 220 • Electrical Circuits I (UC/CSU) • 4 Units**

Enrollment Requirement: Prerequisite: Mathematics 263 AND Physics 003 OR 102

Corequisite: Mathematics 275

This course covers electric circuit analysis in time and frequency domains, transient, and steady state solutions. Topics include linear circuit analysis techniques, Kirchhoff's Laws, Network Theorems, mesh and nodal analysis, OP amps and amplifiers, Thiesman/Norton equivalents circuits, natural-forced–complete response of RLC circuits, AC circuits, phasors, three phase power, and frequency response and resonance. The laboratory includes experimental verification of the laws of AC and DC circuits, Kirchhoff's laws, and Thieven's theorem using instruments such as multimeter, oscilloscopes, and signal generators. Laboratory will use National Instruments Laboratory Virtual Engineering Workbench (LabVIEW) with ELVIS II.

24315 LEC 1:45 pm - 4:55 pm F Ramirez, J C ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 24316 LAB 4:55 pm - 8:05 pm F Ramirez, J C ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

**ENG GEN 231 • Dynamics (UC/CSU) • 3 Units**

Enrollment Requirement: General Engineering 131

This course covers fundamentals of kinematics and kinetics of particles and rigid bodies. Topics include kinematics of particle motion, Newton's second law, work-energy and momentum methods, kinematics of planar and three-dimensional motions of rigid bodies, work-energy and momentum principles for rigid body motion, and an introduction to mechanical vibrations.

11243 LEC 1:45 pm - 2:50 pm MW Khashayar, K ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

& 11246 LAB 2:50 pm - 3:45 pm MW Khashayar, K ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.
ENGLISH 032 • College Literary Magazine Editing (CSU) • 2 Units

This course presents ways to evaluate and edit poetry, prose, and drama (for screen or theater) submitted for publication in the English Department’s various literary magazines/journals. Skills in critical evaluation of submissions and copyediting are developed in workshop exercises. Students prepare the next issue(s), including formatting, and develop skills in magazine promotion and sales.

23835 LEC 6:50 pm - 8:55 pm T Tasaka-Mejia, M ONLINE LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

ENGLISH 072 • English Bridge (NDA) • 1 Unit

Enrollment Requirement: Corequisite: English 101
This intensive, one-unit course prepares the student to succeed in English 28 or 101 by offering an intensive review of grammar, paragraph and essay structure, and rhetorical strategies.

23827 LAB 12:10 pm - 1:35 pm MW Barkawitz, N A ONLINE LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.
First Year Center/Los Angeles College Promise

23826 LEC 1:45 pm - 3:10 pm TTh Saikaly, E ONLINE LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.
First Year Center/Los Angeles College Promise

23828 LAB 5:15 pm - 6:40 pm MW Schmidt, J ONLINE LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.
First Year Center/Los Angeles College Promise

ENGLISH 094 • Intensive Grammar Review (NDA) • 3 Units

Enrollment Requirement: Limited from taking more than 30 units of remedial coursework. An intensive review of Standard English grammar, usage, and sentence structure for students who want extra help before taking English 101. Grammar improvement is acquired through a combination of in-context writing assignments and drill exercises.

10013 LEC 10:35 am - 12:00 pm TTh Lee, G S ONLINE LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.
ZTC: All course materials will be provided digitally and free of cost.

23068 LEC 10:35 am - 12:00 pm MW Van Houten, K W 3 307
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols. LCT: Textbooks assigned to this class are less than $50.

23066 LEC 10:35 am - 12:00 pm MW Sangha, D K 3 307
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

ENGLISH 100 • Accelerated Prep: College Writing (NDA) • 3 Units

This class prepares students for academic reading, critical thinking, and writing expected in transfer and associate-degree classes. Students plan, draft, revise, and edit compositions based on college-level readings that cover topics that challenge students’ thinking and provide an intellectual background for the assignments. This course prepares students for English 101.

ENGLISH 127 • Creative Writing (UC/CSU) • 3 Units
Requirement Designation: Meets CSU C2
This course focuses on writing, reading, discussing, and interpreting student creative writing and the writing of literary masters. It is designed to promote creative expression and appreciation of the craft and pleasures of creative writing. The course covers the genres of poetry, fiction, writing for performance (drama, film, performance art), and creative non-fiction.

ENGLISH 205 • English Literature I (UC/CSU) • 3 Units
Requirement Designation: Meets IGETC 3B CSU C2
Enrollment Requirement: English 101
This survey of English literature begins with works from the Middle Ages, proceeds to poetry and plays from the Renaissance, and continues to the decline of neoclassicism in the eighteenth century, with special emphasis on major writers and works. Students will write critical papers.

ENGLISH 207 • American Literature I (UC/CSU) • 3 Units
Requirement Designation: Meets IGETC 3B CSU C2
Enrollment Requirement: English 101
This course introduces American writers and writings from colonial times to 1865. Besides working with major writers, students will become acquainted with writers who suggest the diversity of subject and opinion in American literature.

ENGLISH 215 • Shakespeare I (UC/CSU) • 3 Units
Requirement Designation: Meets IGETC 3B CSU C2
Enrollment Requirement: English 101
This course provides the historical, social, and literary contexts for the full understanding and appreciation of selected sonnets, histories, comedies, and romantic tragedies of William Shakespeare. Students also study the different types of plot construction, the use of dialog, and dramatic conventions of the Elizabethan theater.

ENGLISH 240 • Literature And The Motion Picture I (UC/CSU) • 3 Units
Requirement Designation: Meets IGETC 3B CSU C2
Enrollment Requirement: English 101
This course encourages students to read literature from the perspective of filmmakers whose intent is to adapt it for the screen, as well as filmmakers who have an artistic vision or a story to explore as an original screenplay. By so doing, students hone their close reading skills on written and cinematic texts. They compare and contrast the elements of literature in both genres; including theme (ideology), story (plot), narration (narratology), point of view, characterization, dialogue, setting, scene descriptions (mise en scène), imagery, symbolism, tone and editing. The first half of the course focuses on literature 'and film, the second on film 'as literature.'

GEOG 001 • Physical Geography (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 5A CSU B1

This course analyzes spatial patterns of the Earth’s physical features and processes. The connections between Earth’s water, air, land, and life are investigated at global, regional, and local scales providing a general synthesis of the broad field of physical geography.

**GEO 003 • Introduction To Weather And Climate (UC/CSU) • 3 Units**

Requirement Designation: Meets IGETC 5A CSU B1

This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

ZTC: All course materials will be provided digitally and free of cost.

**GEOG 007 • World Regional Geography (UC/CSU) • 3 Units**

Requirement Designation: Meets IGETC 4E CSU D5

Explore the world, assessing physical, cultural, and economic features of regions and nations. Emphasis is on geographical influences and historical legacies on such topics as population growth, cities, transportation networks, and natural environments. Focus is placed on distinctive features and issues of global concern.

**GEOG 015 • Physical Geography Laboratory (UC/CSU) • 2 Units**

Requirement Designation: Meets IGETC 5C CSU B3

Enrollment Requirement: GEOG 001

Acquire hands-on experience in the techniques Geographers use to understand our world. Topics include analyzing Earth-sun relationships, weather and climate, vegetation, landforms, and natural hazards. Instrumentation includes using topographic maps, satellites images, weather instruments, geospatial software and more.

**GEOG 025 • Introduction To Geographic Information Systems And Laboratory (UC/CSU) • 4 Units**

Using Geographic Information Systems (GIS), a computer-based tool that uses spatial (geographic) data, students analyze and solve real-world problems. In the laboratory students acquire hands-on experience with geospatial concepts, GIS functionalities, and mapping techniques.

**GEOLOGY 001 • Physical Geology (UC/CSU) • 3 Units**

Requirement Designation: Meets IGETC 5A CSU B1

This is an introductory course designed to acquaint the student with a general knowledge of planet Earth. Materials and structures of the Earth are studied along with the processes and agencies by which the Earth is changed. The laboratory supplements the lecture with the study of minerals, rocks, aerial photographs, maps, and analysis of geologic data sets.

**GEOLOGY 004 • Physical Geology And Laboratory (UC/CSU) • 4 Units**

Requirement Designation: Meets IGETC 5A CSU B1

This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

KIN MAJ 113 • Exercise Testing & Prescription (CSU) • 2 Units

26346 LEC 4:15 hrs/wk TBA Costello, I L ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

KIN MAJ 115 • Techniques of Instruction: Strength Training (CSU) • 1.5 Units

17869 LEC 1:45 pm - 2:35 pm TTh Jones, L ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments. (Starts 08/30/2021, Ends 10/24/2021)

17870 LEC 2:35 pm - 3:25 pm TTh Jones, L ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments. (Starts 08/30/2021, Ends 10/24/2021)

KIN MAJ 116 • Introduction To Exercise Physiology (CSU) • 3 Units

This course examines how the body functions under conditions of exercise stress. It covers the fundamentals of human movement and anatomy, the practical applications of muscle function, cardio-respiratory testing and functions, principles of exercise, training techniques, energy metabolism, and the effect of environmental conditions on exercise.

17871 LEC 6:30 hrs/wk TBA Caruelli, M T ONLINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 08/30/2021, Ends 10/24/2021)

19846 LEC 6:30 hrs/wk TBA Costello, I L ONLINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 08/30/2021, Ends 10/24/2021)

KIN MAJ 117 • Personal Trainer Instructor (CSU) • 3 Units

Students will learn the knowledge to prepare for a national personal trainer certification exam. This is a comprehensive course for designing individualized programs based on a client’s unique health and fitness goals.

16618 LEC 6:30 hrs/wk TBA Costello, I L ONLINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 08/30/2021, Ends 10/24/2021)

KIN MAJ 118 • Sports Nutrition (CSU) • 2 Units

20875 LEC 4:15 hrs/wk TBA STAFF ONLINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 08/30/2021, Ends 10/24/2021)

20876 LEC 4:15 hrs/wk TBA STAFF ONLINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 10/25/2021, Ends 12/18/2021)

KIN MAJ 125 • Introduction to Physical Therapy Aide • 3 Units

22293 LEC 12:10 pm - 1:35 pm TTh Diaz, J A C2104
This class is requirement for the Physical Therapy Aide Program. This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

27067 LEC 3:10 hrs/wk TBA Diaz, J A ONLINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

KIN MAJ 128 • Care And Prevention Of Athletic Injuries (UC/CSU) • 3 Units

11989 LEC 8:50 am - 10:55 am F Staffeckovitz, D L B5 111
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 10/25/2021, Ends 12/19/2021)

LOGTIC 101 • Technology In Global Logistics (CSU) • 1 Unit
This course introduces the technology that is used within global logistics. The emphasis is on state-of-the-art technologies and practices found within the mobile workforce and dynamic worksite environments that enable global commerce. Topics include handheld devices used in sales, inventory, and real-time tracking, GIS (Geographic Information Systems) used in distribution, GPS (Global Positioning Satellites) used in transportation, an introduction to global value networks, and a survey of global supply chain logistics careers.

17248 LEC 2:05 hrs/wk TBA Medina, L ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 10/25/2021, Ends 12/19/2021)

LOGTIC 102 • Concepts in Global Logistics (CSU) • 2 Units
This course introduces the concepts, terminology, and practices found within the government regulations and commercial operations of global supply chains logistics, which are applicable throughout the manufacturing, distribution, wholesale, retail, and various transportation industries.

16418 LEC 4:15 hrs/wk TBA Medina, L ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 10/25/2021, Ends 12/19/2021)

LOGTIC 103 • Inventory In Global Logistics (CSU) • 2 Units
This course introduces basic records and inventory management principles, practices, and software applications that support global supply chain logistics. The course teaches standard inventory concepts, procedures, and technologies that are used to maintain Records Information Management systems that sustain global manufacturers, distribution centers, wholesale suppliers, retail networks, and transportation industries.

17646 LEC 4:15 hrs/wk TBA White, S ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 10/25/2021, Ends 12/19/2021)

LOGTIC 104 • Logistics: Cornerstone Essentials (CSU) • 3 Units
This course introduces the fundamental knowledge, skills, and competencies to accomplish the critical workplace activities that are common to all logistics facilities across a global supply chain. Successful completion of this course prepares students to be eligible to take a foundational-level material handling industry certification exam.

24030 LEC 6:30 hrs/wk TBA Jonson, E L ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 08/30/2021, Ends 10/24/2021)

17264 LEC 6:30 hrs/wk TBA White, S ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 10/25/2021, Ends 12/19/2021)

LOGTIC 105 • Green Logistics And GIS Technology (CSU) • 3 Units
This course introduces environmentally sustainable concepts, technology, and ‘Green’ sustainable logistics practices within transportation geography, along with mid-technical level material handling competencies. Fundamental Geographic Information System (GIS) functions are introduced through hands-on training with route scheduling software. Successful completion of this course prepares students to be eligible to take a mid-level logistics industry material handling certification exam.

18895 LEC 6:30 hrs/wk TBA Medina, L ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 08/30/2021, Ends 10/24/2021)

24031 LEC 6:30 hrs/wk TBA Gonzalez, C ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 08/30/2021, Ends 10/24/2021)

LOGTIC 106 • Leadership In Logistics (CSU) • 3 Units
This course is designed to provide 21st Century leadership skills and theories in a logistics environment. This course introduces the logistics environment, leading vs. managing, the key elements of leadership, the interrelationship between trait and behavioral leadership theories, influencing, communicating, coaching/mentoring, conflict resolution, team logistics leadership, ethics and diversity, and developing a logistics leadership culture.

18894 LEC 6:30 hrs/wk TBA Medina, L ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 08/30/2021, Ends 10/24/2021)

24032 LEC 6:30 hrs/wk TBA Medina, L ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 08/30/2021, Ends 10/24/2021)
LOGTIC 107 • E-Commerce For Global Logistics And Entrepreneurs (CSU) • 3 Units
This course explains how electronic commerce technological infrastructure, economic forces, and international characteristics are transforming 21st-century business. Course case studies focus on how companies use e-commerce to create new products and services that require advanced processing methods and supply chain logistics operations. Additional topics include e-commerce definitions (B2B, B2C, C2C, B2G), social networking, mobile commerce, e-commerce application/software, e-security, Web marketing, online auctions, and e-payment.

17032 LEC 6:30 hrs/wk TBA Medina, L ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 08/30/2021, Ends 10/24/2021)

LOGTIC 108 • Industry Safety Fundamentals (CSU) • 3 Units
This course is designed with OSHA standards in order to establish, maintain and foster a culture of safety. This course covers OSHA standards, policies, and procedures in general industry. Topics include scope and application of the OSHA General Industry Standards, general industry principles and special emphasis on those areas in general industry which are most hazardous. Successful completion of this course earns students the OSHA general industry authorization card.

17385 LEC 6:30 hrs/wk TBA Medina, L ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. (Starts 08/30/2021, Ends 10/24/2021)

Management

MGMT 013 • Small Business Entrepreneurship (CSU) • 3 Units
This course provides a systematic approach to developing and operating a successful small business. The areas of study include: personal qualifications for starting and managing a small business, determining the market opportunity, legal procedures, planning and marketing the business, location factors, capital requirements, protective factors to provide for risk, and personnel management. Students gain experience through the development of a business plan.

15630 LEC 3:10 hrs/wk TBA STAFF ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

MGMT 015 • Small Business Management II (CSU) • 3 Units
This course provides the student with an opportunity to explore problems and causes of problems in small businesses. Up-to-date solutions are also considered.

19952 LEC 3:10 hrs/wk TBA Bly, M ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

Manufacturing-Industrial Tech

MIT 101 • Machine Shop Training and Safety (CSU) • 2 Units
Enrollment Requirement: Industrial Technology 106
This course engages students with Machine Shop specific topics including: safety practices, hand tools, precision measuring tools, set-up and operation of band saws, drill presses, lathes, mills, pedestal grinders, and power saws. Theoretical and manipulative practical exercises challenge students' thorough understanding of the subject matter.

19066 LEC 3:30 pm - 4:00 pm MW Hernandez, E E7 B006
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

19067 LAB 4:00 pm - 5:05 pm MW Hernandez, E E7 B006
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

CALCULATOR USAGE IN MATHEMATICS
The following are types of calculators which are acceptable for use in mathematics classes.

A scientific calculator is the basic level that should be used in these classes. A Business Analyst calculator should be used if the student expects to be majoring in business related fields. A Graphing calculator is useful if the student is going on to higher courses in mathematics.

The list below indicates which calculators are approved for the classes offered. Where more than one calculator is listed the student can choose one of those listed.

MATH 120 • Plane Geometry • 5 Units
Math 120 is a basic course in the fundamentals of Euclidean plane geometry which includes consideration of geometric properties and relationships. Practice in accurate thinking and developing logical proofs are emphasized.

14696 LEC 8:45 am - 9:55 am MTWTh Fogel, C J K5 108 This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

14686 LEC 12:00 pm - 2:40 pm TTh Yang, I ONLINE This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

MATH 125 • Intermediate Algebra • 5 Units
Math 125 strengthens and further develops manipulative skills in elementary algebra. Topics include the fundamental operations on algebraic expressions, solutions of equations and inequalities, exponentsiation, graphs of algebraic and logarithmic functions, systems of equations and inequalities, and an introduction to the conic sections. Applications are included in a wide variety of word problems.

14723 LEC 7:25 am - 8:35 am MTWTh Kotlyar, V ONLINE This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

Math 134 • Accelerated Elementary And Intermediate Algebra • 6 Units

Math 137 is a prerequisite for Math 227. It is an introduction to the
corresponding concepts of algebra and basic elements of exploratory data analysis.
Topics include arithmetic operations with signed numbers, properties of real
numbers, algebraic expressions, solving linear equations and inequalities,
graphing linear equations and inequalities in two variables, solving systems of
linear equations and inequalities, exponents, polynomials, factoring, rational
expressions, roots, radicals, methods of solving quadratic equations, solving
varieties of word problems, data analysis, sample statistics and graphs,
measures of central tendency and spread, probability, and exponential and
logarithmic functions.

Math 173 • Object-Oriented Programming And Design (UC/CSU) • 4 Units

Enrollment Requirement: Mathematics 260

Math 173 covers major programming concepts including theory, applications,
and object-oriented programming, primarily in C++. Variables and basic
data types, operators, bitwise arithmetic, control structures, input and
output, arrays, multidimensional arrays, strings, an introduction to the
Standard Template Library, functions, an introduction to recursion, structures,
parsers, references, dynamic memory management, file handling, casting
operators, namespaces, operator overloading, preprocessor directives, and
exception handling are discussed in detail. Classes and object-oriented
programming, including constructors and destructors, inheritance, virtual
functions, polymorphism, interfaces through abstract base classes, and data
capsulation and modeling principles are also covered in detail. Differences
between the Java language and C++ are discussed. Commenting of code and
debugging are emphasized throughout the course. Examples from
mathematics are included as well as a significant project requiring object-
oriented design. Students gain practice in utilizing outside code via practice
with a graphics API.

MATH 230 • Mathematics For Liberal Arts Students (UC/CSU) • 3 Units

Requirement Designation: Meets IGEC 2A CSU B4
Enrollment Requirement: Mathematics 125 OR Mathematics 125S OR Mathematics 134

Math 230 is an introduction to the spirit and style of mathematics and its pursuit as a human endeavor. Topics are chosen from a variety of mathematical fields including logic, set theory, systems of numeration, number theory, algebra, the metric system, geometry, mathematical systems, consumer mathematics, probability, statistics, graph theory, voting and apportionment which are intended to illustrate the nature of mathematical discovery, the utility of mathematical applications, and the beauty of geometrical design.

MATH 236 • Calculus For Business And Social Science (UC/CSU) • 5 Units

Requirement Designation: Meets IGEC 2A CSU B4
Enrollment Requirement: Mathematics 235 OR Mathematics 245 OR Mathematics 234

Math 236 consists of elementary differential and integral calculus of algebraic, exponential, and logarithmic functions, as well as partial derivatives and the method of Lagrange multipliers. Applications to business and the social sciences are emphasized.

MATH 241S • Trigonometry with Vectors with Support (CSU) • 4 Units

Requirement Designation: Meets CSU B4
Enrollment Requirement: Mathematics 125 OR Mathematics 125S OR Mathematics 134 OR Mathematics 235

This class will be offered in an online blended format, which requires students to be online and interacting with their instructor during the times shown and to work online independently each week for the amount of TBA time shown in addition to completing assignments.

MATH 246S • Linear Algebra with Support (CSU) • 5 Units

Requirement Designation: Meets CSU B4
Enrollment Requirement: Mathematics 235 or Mathematics 246 OR Mathematics 234

This course covers topics in linear mathematics with applications to business and social sciences. Systems of linear equations, inequalities, linear programming, mathematics of finance, matrix algebra, probability, statistics, and game theory are among the topics presented.

MATH 248 • Linear Algebra with Support (UC/CSU) • 3 Units

This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

MATH 249 • Probability Theory with Support (CSU) • 3 Units

This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

MATH 251 • College Calculus I (UC/CSU) • 5 Units

This class will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

MATH 252 • College Calculus II (UC/CSU) • 5 Units

This class will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

MATH 253 • College Calculus III (UC/CSU) • 5 Units

This class will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

MATH 254 • College Calculus IV (UC/CSU) • 5 Units

This class will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

MATH 260S • Precalculus With Support (UC/CSU) • 6 Units

Requirement Designation: Meets IGETC 2A CSU B4
Enrollment Requirement: Mathematics 125 Mathematics 125S OR Mathematics 134 OR acceptable level of skill as demonstrated in the Mathematics placement process
This course reviews topics from Intermediate Algebra, and covers topics in college algebra including polynomial and rational functions, exponential and logarithmic functions, systems of equations and inequalities, conic sections, sequences and series, and limits as a preview to calculus.

MATH 261 • Calculus I (UC/CSU) • 5 Units

Requirement Designation: Meets IGETC 2A CSU B4
Enrollment Requirement: Mathematics 240 OR Mathematics 245 OR Mathematics 258 OR Mathematics 240 AND Mathematics 260 OR Mathematics 260S OR Mathematics 259
Math 261 is the first in a series of three courses covering calculus. Students will investigate limits, continuity, differentiation and some integration of algebraic and transcendental functions. Students will explore applications of calculus include related rates, optimization of one-variable functions, calculation of areas, volumes, arc length and growth.

MATH 262 • Calculus II (UC/CSU) • 5 Units

Requirement Designation: Meets IGETC 2A CSU B4
Enrollment Requirement: Mathematics 261 OR Mathematics 265
Math 262 is the second in a three-course sequence in calculus. Topics include differentiation and integration of logarithmic, exponential, circular and hyperbolic functions and their inverses, indeterminate forms, improper integrals, standard techniques of integration, applications of integration, parametric equations and polar coordinates, arc length, area of a surface of revolution, infinite sequences and series, and representation of functions as power series.
MATH 263 • Calculus III (UC/CSU) • 5 Units

Requirement Designation: Meets IGETC 2A CSU B4
Enrollment Requirement: Mathematics 262 OR Mathematics 266
Math 263 is the third of a three-course sequence in calculus. Topics include vectors and the geometry of space, vector functions, partial derivatives, multiple integrals, and vector calculus.

15567 LEC 7:25 am - 8:35 am MTWTh Senensieb, D H ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

MATH 270 • Linear Algebra (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 2A CSU B4
Enrollment Requirement: Mathematics 262
Math 270 develops the techniques and theory needed to solve and classify systems of linear equations. Solution techniques include row operations, Gaussian elimination, and matrix algebra. Investigations of the properties of vectors in two and three dimensions, leading to the notion of an abstract vector space. Vector space and matrix theory are presented including topics such as inner products, norms, orthogonality, eigenvalues, eigenspaces, linear transformations, and diagonalization. Selected applications of linear algebra are included.

15568 LEC 6:50 pm - 9:20 pm MW Jones, O
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

MATH 272 • Methods Of Discrete Mathematics (UC/CSU) • 5 Units

Requirement Designation: Meets IGETC 2A CSU B4
Enrollment Requirement: Mathematics 262
Math 272 introduces sets, relations, functions, and logic along with formal methods of proof such as contradiction, contrapositive, induction, diagonalization, recursion, and the Pigeonhole Principle. These ideas and methods are developed by looking at problems from combinatorics and counting, elementary number theory, and graph theory. Topics from map coloring, complexity, and cryptography are also discussed.

15979 LEC 1:45 pm - 4:15 pm TTh Ruyle, J C ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

MATH 273 • Introduction To Data Structures And Algorithms (UC/CSU) • 4 Units

Requirement Designation: Meets IGETC 2A CSU B4
Enrollment Requirement: Mathematics 173
Math 273 is an introduction to the study of data structures and algorithms as well as an introduction to software development primarily in C++. The course begins with a short review of object-oriented programming, emphasizing utilizing and extending existing code through inheritance and interfaces. The review leads into more advanced topics including multiple inheritance, virtual inheritance, the diamond problem, templates, and multithreading. Complexity analysis, including Big-O notation, best case, worst case, average case, and amortized analysis are covered in detail. Data structures and algorithms are covered in a language-independent manner. Linked lists, stacks, queues, trees, heaps, and graphs are covered in detail along with associated implementation and memory management techniques. Algorithms for searching and sorting, including hashing, are covered in detail. Recursion, which was introduced in the previous course, is analyzed rigorously. The Standard Template Library is discussed in reference to each data structure and algorithm covered in the course. Software development is explored in the contexts of event-driven programming and video game programming. A large scale project requiring significant planning, collaboration, and documentation is required.

18547 LEC 1:45 pm - 3:30 pm TTh Daraei, K ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

MATH 275 • Ordinary Differential Equations (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 2A CSU B4
Enrollment Requirement: Mathematics 263 OR Mathematics 267
Math 275 provides the student with a basic understanding of the theory and content of ordinary differential equations. Various methods of solving these equations, especially first and second order, are emphasized as are solutions of linear equations, especially first and second order, as well as solutions of nonlinear equations. Solution techniques include row operations, Gaussian elimination, and matrix algebra. Investigations of the properties of vectors in two and three dimensions, leading to the notion of an abstract vector space. Vector space and matrix theory are presented including topics such as inner products, norms, orthogonality, eigenvalues, eigenspaces, linear transformations, and diagonalization. Selected applications of linear algebra are included.

Media Arts

MEDIART 101 • Introduction To Digital Film Production (UC/CSU) • 3 Units
This course is a comprehensive overview of all aspects of digital film production from script concept to finished project, centering on basic theory and its application via exams, demonstrations, and hands-on experiences with digital media exercises. Legal aspects, such as releases and permits, related to video production are also covered. NOTE: Students will be required to provide instructional materials to complete class assignments. Additional out-of-class or lab time may be required to complete projects.

16684 LEC 3:30 pm - 5:35 pm M O’Brien, D S ONLINE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.
Note: A smartphone or Digital camera capable of recording video and a computer capable of running Adobe Premier required.

MEDIART 111 • Intermediate Digital Film Production (CSU) • 3 Units
Enrollment Requirement: MEDIART 101
This intermediate course builds on the skills and techniques learned in Introduction to Digital Media Production. More advanced film/video cameras, lenses, lighting equipment, as well as cinematography techniques and aesthetics are covered. Camera support such as Steadicam and drones are introduced as are advanced editing and post-production techniques such as effects, time remapping, color correction and nonlinear story telling. Formats such as feature films, television series, documentaries, and reality TV are explored. This course uses project based hands-on learning to prepare students for entry level work in production and post-production for news and entertainment.

Microbiology

MICRO 020 • General Microbiology (UC/CSU) • 4 Units
Requirement Designation: Meets IGETC 5B SC CSU B2 B3
This course examines microbiological principles related to the morphology, metabolism and genetics of bacteria and distinguishing characteristics of viruses, protozoa, fungi, and multicellular parasites, with applications to human disease and immunology. The labs include microscopy, aseptic technique in the handling of bacteria, and isolation, cultivation, staining, identification, and control of bacterial populations. It is intended principally for allied health majors with 3 hours of lab each week.

This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols. Class #24065 - This is part of ELAC Honors Program.

PHILOS 029 • Women's Studies (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 3B CSU C2

This Philosophy 29 course is unified and coherent, engaging and compelling. Philosophy 29 is fully transferable to CSU and UC; (3 Units) UC/CSU IGETC Area 3B (C-ID PHIL 100). Thus, it serves to meet the same transferable purposes as the Philosophy 1 Introduction course. This course also serves as a core course for the Philosophy AA-T degree program. Please consult the ELAC General Catalog at elac.edu for information on this class.

13510 LEC 3:10 hrs/wk TBA Roni, J A ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments. LCT: Textbooks assigned to this class are less than $50.

PHILOS 033 • Comparative Survey Of World Religions (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 3B CSU C2

This Philosophy 33 course provides a survey of the historical development of the world's major religions including their origins, teachings, growth, and their contributions to culture and intellectual history. Philosophy 33 is fully transferable to CSU and UC; (3 Units) UC/CSU IGETC Area 3B (C-ID PHIL 100). Thus, it serves to meet the same transferable purposes as the Philosophy 1 Introduction course. This course also serves as a B-list course for the Philosophy AA-T degree program. Please consult the ELAC General Catalog at elac.edu for information on this class.

23557 LEC 8:50 am - 10:15 am TTh Posada, R E3 255
This class will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

PHILOS 044 • Feminist Philosophy (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 3B CSU C2

This Philosophy 44 course surveys the various philosophical accomplishments in feminist philosophy. Students explore feminist philosophical methods and perspectives in such areas as human nature, epistemology, and aesthetics, while focusing specifically on gender-related socio-political and ethical issues. Philosophy 44 is fully transferable to CSU and UC; (3 Units) UC/CSU IGETC Area 3B (C-ID PHIL 100). Thus, it serves to meet the same transferable purposes as the Philosophy 1 Introduction course. This course also serves as a C-list course for the Philosophy AA-T degree program and a core course for the Women’s Gender Studies AA degree program. Please consult the ELAC General Catalog at elac.edu for information on this class.

This course is designed for majors in health information technology, medical records, and physical therapy, as well as other health-related programs. The course introduces organ systems, from simple to complex, while correlating how the proper integration of these systems maintains the normal operation of the body. Laboratory sessions include group discussions and written assignments that highlight the significance of course material through the introduction of clinical applications. Cat dissection is not a part of this course. This course fulfills the Anatomy/Physiology requirement for certificates and degrees in Health Information Technology.

PSYCH 002 • Biological Psychology (UC/CSU) • 3 Units
Requirement Designation: Meets IGETC 5B CSU B2
Enrollment Requirement: Psychology I
This course introduces the scientific study of the biological bases of behavior and its fundamental role in the neurosciences. Physiological, hormonal, and neurochemical mechanisms, and brain-behavior relationships underlying the psychological phenomena of sensation, perception, regulatory processes, emotion, learning, memory, and psychological disorders will be addressed. The course also notes historical scientific contributions and current research principles for studying brain-behavior relationships and mental processes. Ethical standards for human and animal research are discussed in the context of both invasive and non-invasive experimental research.

14905 LEC 10:35 am – 12:00 pm MW Ludwig, R E3 175
This course will be taught IN PERSON and ON CAMPUS at the time and location listed in the schedule of classes. Enrollment in this course requires compliance with all Los Angeles Community College District health and safety protocols.

14901 LEC 3:10 hrs/wk TBA Cleveland, C S ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

14904 LEC 3:10 hrs/wk TBA Cleveland, C S ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

14906 LEC 6:30 hrs/wk TBA Cleveland, C S ON LINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

PSYCH 014 • Abnormal Psychology (UC/CSU) • 3 Units
Requirement Designation: Meets IGETC 4I CSU D9
This course introduces the scientific study of psychopathology and atypical behaviors, broadly defined. Students investigate abnormal behavior from a variety of perspectives including biological, psychological, and sociocultural approaches. An integrative survey of theory and research in abnormal behavior, and intervention and prevention strategies for psychological disorders are also introduced.

14982 LEC 8:50 am – 10:15 am TTh Godfrey, R ONLINEVIE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

PSYCH 032 • Psychology Of Women (UC/CSU) • 3 Units
Requirement Designation: Meets IGETC 4D 4I CSU D4 D9
This course will provide a better understanding of the experiences of women through an exploration of cultural stereotypes, family structure, female sexuality, women's health and self-esteem issues. Moreover, this course will provide an overview of women's issues from a psychological perspective ranging from a re-examination of traditional theories of personality to current topics of research interest. Where applicable, the course draws heavily from the research literature on sex differences and sex role socialization.

15015 LEC 3:10 hrs/wk TBA Rice, T M ONLINE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.
PSYCH 041 • Life-Span Psychology: From Infancy To Old Age (UC/CSU) • 3 Units

Requirement Designation: Meets IGETC 4I CSU D9 E
This course provides an overview, from a psychological perspective, of human development from conception through death, including biological and environmental influences. Theories and research of physical, cognitive, personality, and social development are examined, as well as attention to developmental problems.

15017 LEC 8:50 am - 12:00 pm F Kirakosyan, A ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

15022 LEC 8:50 am - 10:15 am MW Godfrey, R ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

15070 LEC 10:35 am - 12:05 pm M&Th Mayoryk, M B ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments. (Starts 10/25/2021, Ends 12/10/2021)

15064 LEC 6:50 pm - 10:00 pm T Stepanyan, K G ONLINE/LIVE
This class requires students to be online and interacting with their instructor during the times shown in class schedule in addition to completing assignments.

15019 LEC 3:10 hrs/wk TBA Godfrey, R ONLINE/LIVE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

15025 LEC 6:30 hrs/wk TBA Godfrey, R ONLINE/LIVE
This class requires students to work online independently each week for the amount of TBA time shown in addition to completing assignments.

RESP TH 006 • Respiratory Physiology • 4 Units

Enrollment Requirement: Corequisite: Respiratory Therapy 21

This course presents the physiology of the cardiopulmonary system from a clinical perspective, including a review of cardiopulmonary and renal anatomy and physiology. Also included is an extensive presentation of pulmonary ventilation, gas transport and diffusion, cardiopulmonary circulation, ventilation/perfusion balance, acid-base balance, mechanics and neurologic control of breathing. Emphasis is placed on the bedside interpretation of the acid-base status of patients that is used in the management of clinical respiratory patients.

RESP TH 021 • Physics of Gas Therapeutics • 3 Units

This course presents an overview of the principles of physics that apply to respiratory care equipment, technology, and patient care including the behavior of gases, airway pharmacology, and mechanical ventilation. Internal heat, gas laws, temperature scales and measurement are covered in detail. Molecular phenomena such as osmosis and dialysis, and the mechanics of the cardiovascular and respiratory systems are applied to bedside patient care. Principles of positive and negative pressure and their relation to ventilation are also explored as well as respiratory pharmacology and airway deposition.

RESP TH 027 • Respiratory Clinical Problem-Solving I (CSU) • 1 Unit

Students are given computer clinical simulations based on respiratory care scenarios to solve. Using clinical information gathering and decision making skills, in addition, CAI (computer assisted instruction) software is used to enhance the student’s knowledge in specialty areas. The student critiques respiratory therapy case studies making recommendations, modification and discusses appropriate care. The use of critical thinking and problem solving skills are developed and implemented during classroom case study presentations. The student also participates in the development of the respiratory care plan, confers/interacts with the RT program’s Medical Director, and discusses patient assessment and respiratory therapist expectations from the physician's perspective.

10093 LAB 3:00 pm - 7:15 pm M Booth, K M G5 103

**SPANISH 037 • Composition And Conversation For Spanish Speakers (UC/CSU)**  
**5 Units**

Requirement Designation: Meets IGETC 6A 3B CSU C2  
Enrollment Requirement: Spanish 36  
This course continues to develop Spanish language proficiency after Spanish 36 and focuses on general academic writing and formal modes of presentation. It is intended for heritage speakers of Spanish who wish to increase their oral and writing skills in the context of themes, topics, and the literary and cultural production of the Spanish-speaking communities. This course familiarizes students with authentic texts written in different styles to provide a platform from which to practice the presentational mode and various rhetorical modes of writing, such as description, narration, exposition, and argumentation. Final projects consist of a research paper and a formal presentation. This course prepares heritage speakers for the Advanced level in the AA degree and for upper-division major courses at four-year universities. Pre-requisite: Spanish 36 or permission of the instructor.

THEATER 100 • Introduction To The Theater (UC/CSU) • 3 Units
Requirement Designation: Meets IGETC 3A CSU C1

Students will survey and appreciate the art of theatre. The students are provided a wider basis for both evaluation and enjoyment of the theatrical experience. Students examine all elements of live theatre, its cultural and historical background, the contributions of various theatre artists, and its overall purpose and influence within our society. Students explore all aspects of play production: playwriting, directing, acting, criticism, theatre architecture, set design, costume design, lighting design, and the role of the audience.

TRANSFER ASSISTANCE AND GRADUATION REQUIREMENTS

This section contains information about programs and services designed to help you transfer and/or graduate. It also lists the courses which will meet the graduation requirements for East Los Angeles College, and the courses which meet the transfer requirements of the University of California and the California State University.

East Los Angeles College services several programs which are specifically aimed at assisting students to transfer to the University of California (UC), the California State University (CSU), and to other four-year colleges and universities. These programs include:

- The Honors Program
- The Transfer Center
- Adelante
- Puente
- Mesa

GRADUATION REQUIREMENTS

Following the transfer program summaries, this section goes on to list the major and general education requirements which must be met by students who wish to graduate by earning the Associate of Arts Degree or the Associate of Science Degree. There are two ways to meet the AA or AS degree requirements—by Plan A or Plan B—and the required coursework for each plan is described. Obviously, students who wish to earn the AA/AS degree should read these requirements carefully. If the requirements seem complicated or even confusing, please consult with a counselor to get them clarified.

TRANSFER REQUIREMENTS FOR UC AND CSU

Following the East Los Angeles College graduation requirements are two pages which list different ways you can meet the general education requirements for transferring to UC or CSU.

The first listing of transfer course requirements is known as the "IGETC" pattern. The letters stand for Intersegmental General Education Transfer Curriculum. The page lists all the courses offered at East Los Angeles College which satisfy the general education transfer requirements for both the University of California and the California State University. The course information that is presented is no more than a simple listing of what courses will transfer. You should consult with a counselor and read the applicable pages in the College Catalog to obtain further information that you should know in regards to how to transfer.

The second listing of courses applies only to students who plan to transfer to the California State University, and who wish to complete their “General Education” requirements at East LA College. Students who meet the requirements, as listed, may petition the college for certification — certification means that after transferring, the student will not have to take any other lower division general education courses to meet CSU graduation requirements for the Bachelors Degree. Again, students should consult a counselor when planning a transfer program and read the applicable pages of the College Catalog to ensure that other important transfer requirements are met.

1) Completion of English 101 (or its equivalent at another college) with a grade of “C” or better.
2) A score of 3 or higher on one of the following AP Exams: English Language and Composition or English Composition and Literature

3) In meeting the Reading and Written Expression competency requirement, course work is the primary measure of competency. However, competency may be met through credit-by-examination, as determined by the individual colleges.
4) Complete the college assessment exam in English and achieve a score determined comparable to satisfactory completion of English 101. That is, students who place into an English course above the level of English 101 have met the competency requirement.

Completion of a course that meets CSU GE Area A2 or IGETC Area 1A shall meet the reading and written expression competency.

IV. Students must complete no fewer than 12 units at the college conferring the degree. Exceptions to residence requirements for the associate degree may be made through the colleges’ petition process when it determines that an injustice or undue hardship would be placed on the student. (6201.13)

LACCD Associate Degree Requirements: Minimum of 18 units in a single or related field. Effective for all students entering Fall 2009 or later, each course counted towards the major or area of emphasis requirement must be completed with a “C” (2.0 or equivalent) or better or a “P” if the course is taken on a “pass-no pass” basis.

General Education Requirements: Minimum of 21 semester units. This plan may not be used for the Associate Degrees for Transfer (ADT's). ADT degrees require completion of either CSU GE or IGETC.

A. Natural Science: 3 units
B. Social & Behavioral Sciences and American Institutions: 6 units
C. Humanities: 3 units
D. Language & Rationality: 6 units
E Physical Education: 3 units

**SUPERVISED LEARNING ASSISTANCE CENTER, E3–280**

The Learning Assistance Center is designed to assist all students in their pursuit of excellence at East Los Angeles College. All services focus on assisting community college students to become independent, responsible learners.

The central activity is peer tutoring for students in basic skills; reading, writing, mathematics, science, study and test taking skills and other college level courses. The Computer-Assisted Instruction Lab is available to supplement tutoring or to serve as an alternative learning mode. Workshops and study groups are also available.

Workshops for classes regarding the use of word processing and the internet are available. Also, E-mail access is available. Students wishing to practice or improve their essay writing may make an appointment with the Writer’s Corner. Services are available by appointment and walk-in.

To register, students must fill out a tutoring request application and show ELAC ID with current semester sticker.

Office hours are Mon. – Thurs., 8:00 a.m. to 8:00 p.m. for tutoring and the CAI Lab. The Center is also open on Fridays, 9:00 a.m. to 10:00 p.m. and 3:00 to 5:30 p.m.

Please call (323) 265-8762 for specific services offered.

**LIBRARY, F–3**

The Helen Miller Bailey Library is designed functionally and incorporates features for leisure reading, individual and group study, supervised research, and the use of audio-visual material by faculty arrangement. You will find librarians ready to assist you in locating the reference materials you need. Private and group study rooms are available. Library Hours: Mondays through Thurs-
days, 8 a.m. to 9 p.m., Fridays, 8 a.m. to 1 p.m. The Library is open most Saturdays 9 a.m. to 2 p.m. Special hours will be posted for finals week.

The Library requires you to display your photo ID to check out library materials. The Library staff cannot provide any research service over the phone. Research service will be provided in the Library in person.

**LOS ANGELES COUNTY SHERIFF’S OFFICE, B5-104**

The Los Angeles County Sheriff’s Office is located at the southwest corner of the stadium between tunnels 12 and 13. The Sheriff’s Office is staffed 24 hours a day, 7 days a week, including holidays.

For emergencies or reporting a crime, the Sheriffs may be reached at (323) 265-8800 or by dialing *80 from any campus pay phone.

**SERVICES INCLUDE:**

**OMBUDSMAN, E1–118**

(323) 265–8712

The ombudsman is responsible for investigating student grievances in the cases where the individual has not been able to resolve his/her difficulty, or when there are no established guidelines for resolution. All matters handled are strictly confidential. Student advocates are available to represent students.

**PARKING REGULATIONS**

The Board of Trustees of the Los Angeles Community College District, in compliance with the laws of California, have established regulations regarding traffic and parking on campus, including, but not limited to, the following:

1. Any motor vehicle parked at East Los Angeles College between the hours of 7:00 a.m. and 10:30 p.m. must display a valid parking permit either suspended from the rear view mirror (facing out) or on the driver’s side of the dashboard (facing up).
2. Failure to display a valid parking permit will result in the issuance of a citation pursuant to California Vehicle Code (CVC) Section 21113(A).
3. It is the responsibility of the student/instructor to properly display their permit.
4. Purchasing a permit does not exempt a student from receiving citations.

**TECH PREP, P1–112**

Tech Prep is a program designed to assist students who participated in a designated Tech prep vocational program at their high school and to continue their participation in the same program at ELAC. Assistance in the form of specialized counseling, preferential registration, and subject credit for articulated courses completed in high school is available.

For more information, contact the Tech Prep Specialist at (323) 265-8859 or visit the office located in the Auto Technology Building, P1-112.

**TRANSFER CENTER, D7**

If you are planning to continue your education at a university, you are encouraged to visit ELAC’s Transfer Center. Located in E1-176, the Transfer Center is here to help you make a smooth transition to a university by providing the following services:

- Publication of monthly calendar of activities
- One-to-one consultation with university representatives
- Workshops on all aspects of transfer
- University Application and Assistance
- College Transfer Day Fairs
- Library of college catalogs, brochures, scholarships, information and more

**THE CENTER IS OPEN**

Monday – Thursday, 8:00a.m. – 7:00p.m., and Friday 8:00a.m. – 10:00p.m.
Call for information: (323) 265-8623.

**VETERANS & DEPENDENTS**

All veterans and dependents who plan to use the benefits need to do the following:

- If applying for the first time must complete and submit a G.I. Educational Benefit application online at gibil.va.gov. If received benefits before must complete VA form 22-1995.
- Must provide the Admissions office with a hard copy of the online application and Certificate of Eligibility.
- Have transcripts from all other colleges previously attended sent directly to the Admissions office. This applies even if the attendance was for a short time with no units completed.
- Must see a counselor and obtain a Student Educational Plan (SEP) declaring a major with courses needed to obtain your current objective. The VA will only pay for classes listed on your SEP.
- Must complete and submit an ELAC Veteran application packet for each semester for continuous VA Educational benefits.
- May repeat courses only if necessary. ("F" or "NP" grade)

For further information call (323) 265-8650 ext. 8525

**VETERANS RESOURCE CENTER, D7**

The VRC serves all veterans, service members and their dependents, regardless of whether or not they are using Department of Veterans Affairs educational benefits. The center offers a computer lab, student lounge, study area, book loans, referrals, tutoring, peer mentoring, workshops, female vet support, active Student Veterans Organization/Club, and an academic counselor. The role of the center is to increase access, retention and completion rates, as well as to educate the campus community about student veterans’ needs. These goals are targeted through academic guidance, wellness, camaraderie and faculty/staff development.

**DIRECTOR**
Gisela Herrera (323) 415-4147

**THE WRITING CENTER, E3-220**

Helps students with all writing assignments. Our tutors are highly trained to help students develop and organize their thoughts, enhance their writing, and improve their grammar. We provide quality service to all students who wish to strengthen their writing and critical thinking skills. This assistance is available for all subjects including the Social Sciences, Nursing, Child Development, and English. Our tutors are dedicated to enhance student learning with guided personal input, and we encourage students to take advantage of the Writing Center’s one-on-one tutoring. We also offer group workshops, which cover topics such as brainstorming, developing and organizing ideas, writing thesis statements, analyzing texts, using proper punctuation, writing research papers, and researching in general.

Our purpose is to help students become stronger and more independent writers. However, the responsibility of making changes rests with students. During a tutoring session, tutors help students focus on their essay content while involving them in the learning process by having them reflect on their own work. When tutors read students’ essays, they primarily take a holistic approach by first concentrating on thesis development, paragraph structure, overall essay clarity, close reading of the text (if applicable), and then review grammar/syntax/punctuation error patterns. Tutors do not proofread; instead they patiently guide students through the writing process, offering detailed advice and explanations on the essay structure and grammar.

Because students are our priority, we open early in the morning and close late at night. The Writing Center also offers grammar support programs, which aid students in strengthening their grammar skills.

Since the Writing Center is a free and helpful campus resource, it is highly recommended that students visit at least once a week. Please make an appointment.

MESA STUDENT BENEFITS

ACADEMIC ADVISEMENT
The MESA program has its own STEM counselors to help students develop their educational plans and provide transfer guidance. The STEM counselors also assist students with personal statements, scholarship applications, and resumes. Appointments and drop-in advising are available. You may call (323) 780-6730 to schedule an appointment with the STEM counselors.

MEETING WITH MESA DIRECTOR
MESA students may need or be required to meet with the MESA Director for different reasons including Research Opportunities, Grade Point Average, Recommendation Letter and/or Advisement. You may call (323) 780-6730 to schedule an appointment with the MESA Director.

TUTORING SERVICES
The MESA program provides tutoring services by MESA students or alumni in the fields of mathematics, engineering, chemistry, physics, biology, and computer science. The tutors schedules and information is available in the MESA Study Center.

ACCESS TO THE MESA STUDY CENTER
The MESA Study Center is a place where MESA students come to study in a unique environment provided by a family oriented setting and the on-site staff. MESA students are able to focus on their academics by using the study center as location to study with other MESA students and to take advantage of what the study center has to offer. The MESA Study Center has computers, white boards, tables, a couch, and a television. MESA students are provided with dry erase markers, erasers, and scratch paper during their study sessions. The study center is a privilege to MESA students, and there are a set of rules the students must follow in order to use these services.

SCHOLARSHIPS, INTERNSHIPS, AND RESEARCH OPPORTUNITIES
Weekly emails inform the students about scholarships, internships, and research opportunities. If the student would like more information regarding a particular opportunity, they are encouraged to contact the MESA staff at (323) 780-6730. MESA staff is continuously looking for opportunities for students. Whenever there are scholarships, internships, or research opportunities, MESA students are promptly informed via email or phone calls. The S-STAR Scholarship program accepts applications each fall and provides scholarships for ELAC STEM students.

EMAIL AND INFORMATION UPDATES
MESA students are notified about campus events, transfer information, student services, and other related information through weekly emails. MESA students have the advantage of knowing what services are offered throughout the campus ahead of time by through emails. It is the student’s responsibility to provide the staff with an accurate and up to date working email address. This will facilitate the weekly emailing process for the advantage of the student. If the student does not receive emails, it is the student’s responsibility to notify the staff about the issue.

SCIENCE TRANSFER DAY
During the fall semester, MESA hosts a group of representatives from local universities who come and share information about majoring in mathematics, science, or engineering at their institution. This event is a great opportunity to learn about different schools and what they have to offer. All MESA students are encouraged to attend this event. Whether you are applying to transferring during the same academic year or in the future it is a great opportunity to learn about your major and local schools.

FIELD TRIPS AND MESA RETREAT
MESA students are invited on education field trips with the MESA staff as well as other staff on campus. University field trips to local campuses as well as field trips to laboratories, industry sites, museums, and other locations are provided. In addition, once a year, MESA students are encouraged to participate in the MESA Retreat. The retreat is an opportunity to develop leadership skills, get to know fellow MESA members, interact with STEM faculty, and see how STEM skills are applied outside of the classroom. In collaboration with the California Connects Chancellor’s office and The Foundation for California Community Colleges (FCCC), East Los Angeles College Math, Engineering, Science Achievement offers students of good standing with a free laptop, provided by the Department of Chamber Grant. Students are committed to expand computer literacy in the East Los Angeles region by volunteering and teaching computer skills to family and community members. In addition, MESA is collaborating with Computer Applications & Office Technologies (CAOT) and the Information Technology (IT) departments at ELAC in order to provide students with important computer skills through an IT Academy and a certiport Microsoft examination certification.

ELAC ESCALANTE PROGRAM

BASIC SKILLS (MATHEMATICS)
Requirements: Completion of 6th grade or above upon entering the program.

BASIC SKILLS 29CE 0.00 units
ALGEBRA 1
This course includes the continued study of algebraic concepts and methods including expressions, equations, inequalities, and matrices. It also includes the use of tables and graphs as tools to interpret the content. The operations on expressions, equations, inequalities and matrices are studied with an emphasis on the power of mathematical abstraction and symbolism.
8:00am to 12:05pm MTWTHF STAFF TBA
(7 week classes – start date: TBA)

BASIC SKILLS 30CE 0.00 units
GEOMETRY
This course includes the study of two and three dimensions to develop geometric skills and concepts and the ability to construct formal logical arguments in a geometric setting. It includes the study of concepts such as: transformations, congruence, and similarity. The course aims to interpret and use the content to solve real life problems. All the above is studied for the development of understanding of an axiomatic system through the study of traditional problems, investigations, and proofs.
8:00am to 12:05pm MTWTH STAFF TBA
(7 week classes – start date: TBA)

BASIC SKILLS 31CE 0.00 units
ALGEBRA 2
This course reviews and expands the Algebra I curriculum with an emphasis on abstract thinking skills, the concept of function, and the algebraic solution of problems in various content areas through the study of systems of equations, logarithmic and exponential functions, the binomial theorem, complex numbers, and other topics. Calculators are used to aid in the solution of problems and to deepen the understanding of the concepts.
8:00am to 12:05pm MTWTHF STAFF TBA
(7 week classes – start date: TBA)

BASIC SKILLS 32CE 0.00 units
TRIGONOMETRY/PRE-CALCULUS PREPARATION
This course combines the techniques of the Algebra and Geometry the students have previously studied. The trigonometry functions studied are defined geometrically rather than in terms of algebraic equations. The course emphasizes the analysis and conceptual understanding of polynomial, rational, radical, logarithmic, exponential, and trigonometric functions in preparation for the study of Calculus
8:00am to 12:05pm MTWTHF STAFF TBA
(7 week classes – start date: TBA)

ELAC ATHLETICS

ELAC Athletics offer a comprehensive selection of sports for both men and women designed to enhance collegiate education and promote and develop educational leadership, physical wellness, sports and participation, recreational pursuits and athletic excellence through a competitive intercollegiate program.

Excellent coaches, world-class facilities, professional trainers, academic support for student athletes, travel, and enhanced scholarship and transfer opportunities are great reasons to participate in ELAC athletic programs. Are you interested in competing in intercollegiate athletics? Contact ELAC Athletic Director Al Cone at (323) 265-8913 for immediate information. Plus, our athletic competitions are great entertainment! We invite all students and friends to cheer your favorite team to victory, console them when defeated, enjoy collegiate spirit and celebrate our marching band and pep squads.

To access the ELAC Athletics program, consult www.elac.edu and click on “Athletics” at the top of the page. All the latest information on how to apply to participate in a sport, contact coaches, review exciting photographs of ELAC teams in action, game schedules, and even find universities where graduated athletes are playing is available.

# FIRST-YEAR EXPERIENCE PROGRAM

The First-Year Experience (FYE) Program is committed to the educational success of scholars. FYE is a comprehensive program that collaborates with Student Services, committed faculty, and provides linked courses to create a stimulating learning environment. The goal of FYE is to provide students with counseling and enrichment opportunities to help them succeed in their first year and gain the knowledge to be "transfer thinking". For further information please call (323) 780-6795. Visit us on Instagram (ELACFYE) and at www.fye.elac.edu

## FYE HIGHLIGHTS
- Priority enrollment to FYE classes
- Full or Part-Time enrollment options
- Dedicated FYE counselors
- Assigned FYE academic coaches provide personalized assistance
- Dedicated and inspired faculty make courses interesting
- Empowering and Enriching workshops to help scholars develop a collegiate identity
- University Campus Tours and cultural enrichment excursions
- Participation in FYE Summer Transition Program

## FYE REQUIREMENTS
- Commitment to the FYE Program for one year
- Enroll in FYE Program courses
- Perform well in all FYC courses with a grade of (C) or better
- Participate in FYE sponsored activities and events
- Meet with FYE counselor and success coaches during the academic year
- Qualify for English 101, start Fall semester

WOMEN/GENDER STUDIES, ASSOCIATE IN ARTS DEGREE

Women/Gender Studies at East Los Angeles College is an interdisciplinary academic program which aims to expand students’ understanding and appreciation of women’s lives and experiences both historically and in contemporary societies worldwide. In the Women/Gender Studies curriculum, students are exposed to the scholarship and theoretical framework of Women/Gender Studies and learn how the application of a gendered lens has challenged traditional, historical, and cultural assumptions.

Listed below are the courses required for the major. Not all courses are offered every semester. Check the current schedule for availability.

SUMMARY OF THE POLICY—PROHIBITED DISCRIMINATION AND HARASSMENT

DEFINITION OF PROHIBITED DISCRIMINATION

Prohibited Discrimination is defined as discrimination or harassment in violation of state or federal law on the basis of actual or perceived ethnic group identification, race, color, national origin, ancestry, religion, creed, sex (including gender-related sexual harassment), pregnancy, marital status, cancer-related medical condition of an employee, sexual orientation, age, physical or mental disability, or veteran status.

DEFINITION OF SEXUAL HARASSMENT

Sexual harassment is unwelcome sexual advances, requests for sexual favors, and other verbal, visual or physical conduct of a sexual nature, made by someone from or in the workplace or in the educational setting.

REMISSION

Retaliation against anyone who makes a complaint, refers a matter for investigation or complaint, participates in investigation of a complaint, represents or serves as an advocate for an alleged victim or alleged offender, or otherwise furthers the principles of this policy.

FALSE ALLEGATIONS

Anyone who files a complaint in which he/she knowingly makes false allegations of fact shall also have violated this policy and shall be subject to disciplinary action.

CONFIDENTIALITY

All persons involved in investigation of complaints shall have a duty to maintain the confidentiality of the matters discussed, except as may be required by law, which include the rules and regulations of the District. A complete record of each complaint and investigation shall be kept by the Director of Diversity Programs. The Written Decision or any Settlement Agreement regarding the results of the investigation shall be placed in the personnel file of each employee involved as an alleged offender, alleged victim or complainant.

COMPLAINT PROCEDURE

GENERAL PROVISIONS

The Director of Diversity Programs is responsible for receiving complaints and coordinating investigations from within the District, from other governmental agencies, and from outside sources. Each College President shall designate a CO for the campus, not a faculty member, and the Chancellor shall designate the CO for the District Office. Each College President, in consultation with the ASO President, shall designate an employee who shall serve as Advocate for Students (AFS). All Supervisors shall be responsible for maintaining a work environment consistent with this policy. Any supervisor who becomes aware of a situation which could be reasonably perceived to be a violation of this policy must report it to the CO for his or her work site. All employees are responsible for maintaining an educational environment consistent with this policy. Any employee who becomes aware of a situation which could reasonably be perceived to be a violation of this policy should refer it to the CO for his or her work site. A summary of the policy shall be published in each college catalogue and class schedule. A copy given to new employees. The entire policy posted prominently. Complaints may be filed by persons other than the person who is the recipient of unwanted conduct. Complaints may also be filed with the State Chancellor’s Office. The CO shall receive the complaint, and notify the complainant, alleged offender, the College President or District administrator, and the Director of Diversity Programs, within 5 business days of a potential violation of this policy. During the process of the investigation, the complainant/victim and the alleged offender have the right to be represented.

INVESTIGATION

The CO shall promptly investigate all potential violations of this policy of which he or she becomes aware. The CO shall notify both the College President or, at the District Office, the Deputy Chancellor, and the Director of Diversity Programs that an investigation is being conducted. Such an investigation may be initiated on the basis of a Complaint, a referral from a Supervisor or em-
employee, or any other information indicating a potential violation of this policy from any other source. In the absence of a complaint form and/or a formal complaint, the CO shall conduct a preliminary investigation, which shall be completed within 30 days after the CO becomes aware of a potential violation. If, as a result of the preliminary investigation, there is a prima facie case of Prohibited Discrimination, the CO shall sign a formal complaint. A “prima facie” case means that there is evidence which, if unexplained or uncontradicted, would be sufficient to make a finding that discrimination had occurred. The formal investigation and written report shall be completed by a CO from another worksite. If there is not a prima facie case of Prohibited Discrimination, the CO shall advise the complainant and alleged offender in writing, with a copy to the College President or Deputy Chancellor, which may be appealed in accordance with these rules.

INFORMAL PROCEDURE
The CO shall undertake efforts to informally resolve and investigate the charges. This process is limited to 30 days. If a resolution is reached, the CO shall draft a Settlement Agreement to be signed by the alleged victim/complainant and the alleged offender. The CO shall monitor the situation to insure that the resolution is properly implemented and maintain records.

COMPLAINT PROCEDURE
A written Complaint must be filed on the prescribed Los Angeles Community College Complaint form. The CO will have 60 days to investigate the complaint. Employment based Complaints shall be filed within 180 days. For a Complaint not arising from or related to employment, the Complaint shall be filed no later than one year from the date when the complainant knew or reasonably should have known of the facts underlying the Complaint.

CO’S REPORT
Within 60 days after becoming aware of a potential violation of this policy, the CO shall complete the investigation and make a Written Report to the College President, or Deputy Chancellor. The College President, or Deputy Chancellor, shall independently assess whether the “preponderance of the evidence” establishes a violation and shall determine what action is to be taken, if any. Prior to making the decision, the alleged offender and alleged victim shall have the opportunity to make an oral statement, within 15 days from the receipt of the CO report. Within 90 days from the start of the investigation a Written Decision shall be mailed to the complainant/victim and the alleged offender.

DISCIPLINARY ACTION
If appropriate, the College President, Deputy Chancellor, or the Chancellor shall initiate the applicable disciplinary process within 10 business days of receiving the Written Decision. Disciplinary action shall include, without limitation: verbal or written warning; probation; suspension, expulsion, letters of reprimand, Notices of Unsatisfactory Service, suspensions, demotions or dismissals.

APPEALS
If the complainant/victim is not satisfied with the Written Decision, he/she may appeal to the District’s Board of Trustees by submitting a written appeal to the Chancellor’s Office within fifteen (15) days. The Chancellor shall present the written appeal, the Written Decision and the investigative report to the Board of Trustees in closed session. If the 45 days elapse without further action, the Written Decision shall be the final decision of the District. In non-employment cases an complainant has the right to file an appeal with the State Chancellor’s Office within 30 days after the Board decision is issued, or the 45 days have elapsed, whichever comes first.

ADDITIONAL REMEDIES
The complainant or alleged victim may pursue independently civil law remedies, including but not limited to restraining orders, or other orders. An individual who believes he/she is the victim of Prohibited Discrimination may also file a complaint with the Department of Fair Employment and Housing at (800) 884-1894, the Equal Employment Opportunity Commission at (213) 994-1000, for employment based complaints; and the Department of Education, Office for Civil Rights at (415) 556-4275, for non-employment complaints whether or not the complainant chooses to utilize the District’s internal procedure.

ACCURACY STATEMENT
The Los Angeles Community College District and East Los Angeles College have made every effort to make this publication accurate and may, without notice, change general information, courses, or programs offered. The reasons for change may include student enrollment, level of funding, or other issues decided by the district or college. The district and college also reserve the right to add, change, or cancel any rules, regulations, policies and procedures as provided by law.

ACCREDITATION
Accredited by the Western Association of Schools and Colleges.
A member of the American Association of Community and Junior Colleges, and the California Association of Community Colleges.

NON-DISCRIMINATION POLICY
All programs and activities of the Los Angeles Community College District shall be operated in a manner which is free of discrimination on the basis of race, color, national origin, ancestry, religion, creed, sex, pregnancy, marital status, sexual orientation, age, handicap or veteran status. (Reference: Board Rule 1202)

POLÍTICA DE ANTIDISCRIMINACIÓN
Todos los programas y actividades del Distrito de Colegios de la Comunidad de Los Ángeles se llevan a cabo sin ninguna clase de discriminación en cuanto a raza, color, nacionalidad, ascendencia, religión, creencia, sexo, embarazo, estado civil, orientación sexual, edad, incapacidad física o estado como veterano militar. (Referencia: Reglamento del Consejo 1202.)

SEXUAL HARASSMENT POLICY
The policy of the Los Angeles Community College District is to provide an education, employment and business environment free of unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct or communications constituting sexual harassment. Employees, students, or other persons acting on behalf of the District who engage in sexual harassment as defined in the policy or by state or federal law shall be subject to discipline, up to and including discharge, expulsion or termination of contract. The specific rules and procedures for reporting charges of sexual harassment and for pursuing available remedies are incorporated in the Board Rules in Chapter 15.

The Los Angeles Community College District has a policy which provides formal and informal procedures for resolving complaints.

Potential complainants are advised that in addition to the formal procedures for reporting charges of sexual harassment and for pursuing available remedies are incorporated in the Board Rules, the Los Angeles Community College District has a policy which provides formal and informal procedures for resolving complaints.

Copies of the policy and procedures may be obtained from the Sexual Harassment Compliance Officer in E-138, the Advocate for Students at the South Gate Educational Center, or by calling the Office of the Vice Chancellor of Instructional and Student Support Services at (213) 891-2279, or the Office of Diversity Program at (213) 891-2315.

Any member of the College Community – student, faculty, or staff – who believes he or she has experienced conduct that may constitute sexual harassment has the right to seek the help of the College. Every employee has the responsibility to report such conduct when it is directed toward students to the Sexual Harassment Compliance Officer.

POLÍTICA SOBRE HOSTIGAMIENTO SEXUAL
Es la política del Distrito de los Colegios de la Comunidad de Los Angeles mantener un ambiente educativo, de trabajo y de negocios sin avances sexuales, de solicitudes de favores sexuales, de cualquier otro comportamiento verbal o físico de comunicaciones que constituyan hostigamiento sexual según tal se define y prohíbe en reglamentos estatales y federales. Consulta a la Sr. R.C. Williams III, oficial de conformidad de la Política Sobre Hostigamiento Sexual. (232) 285-8779.

ACCESS TO VOCATIONAL PROGRAMS
The College provides classes for students who are beginning to learn English. Minimal English language skills do not keep students from participating in vocational programs.

El Colegio ofrece clases para estudiantes que están empezando a aprender inglés. Minimal English language skills do not keep students from participation in vocational programs.
SMOKE-FREE ENVIRONMENT POLICY
Smoking is prohibited in all buildings. The designated smoking areas are limited to smoking outside the buildings. Individuals who smoke should make provisions to do so on their breaks in the designated areas.

DRUG-FREE SCHOOLS AND CAMPUS
East Los Angeles College adheres to, supports, and is in full compliance with requirements that maintain our college as a drug-free institution of higher education.

STANDARDS OF CONDUCT
On April 20, 1989, the District Board of Trustees adopted Rule 9803.18, which prohibits:
Alcohol and Drugs. Any possession of controlled substances which would constitute a violation of Health and Safety Code section 11350 or Business and Professions Code section 4230, any use of controlled substances, the possession of which are prohibited by the same or any possession or use of alcoholic beverages while on any property owned or used by the District or colleges of the District. “Controlled substances,” as used in this section, include, but are not limited to the following drugs and narcotics:
- a. opiate, opium and opium derivatives
- b. mescaline
- c. hallucinogenic substances
- d. peyote
- e. marijuana
- f. stimulants and depressants
- g. cocaine

The Board’s policy on the drug-free Workplace, adopted on March 22, 1989 restates these prohibitions.

On September 5, 1990, the Board of Trustees adopted the following standards of conduct:
Students and employees are prohibited from unlawfully possessing, using or distributing illicit drugs and alcohol on district premises, in district vehicles, or as part of any activity of the Los Angeles Community College District.

9803.25-Conduct that may be considered disorderly includes: lewd or indecent attire or indecent attire or behavior that disrupts classes or college activities; breach of the peace of the college; aiding, or inciting another person to breach the peace of college premises or functions.

As part of East Los Angeles College’s continuing effort to ensure a safe college environment, the college has implemented a new rapid emergency communication system known as RaveMobile. This system allows East Los Angeles College to convey time-sensitive information within minutes, through a single communication to our students, faculty and staff.

ELAC students and employees can sign up for emergency notification announcements via email and text message(s). In case of an emergency at the college, such as earthquake, gas leak, active shooter, power outages, ELAC can immediately notify students and employees about the situation and properly direct them to the safest areas.

For more information about how to register for the RaveMobile notification system please go to the following website: WWW.ALERTME.ELAC.EDU

Emergency Procedures

Fire Alarms

The fire alarm or evacuation order is signaled by a continuous bell.

If the alarm is activated, gather up all your personal belongings, turn off any source of gas and leave the building. The last person to exit the room should close the door behind them. Proceed to the nearest Evacuation Assembly Point (EAP) as shown on the Emergency Evacuation Zones map.

Do not use the elevator.

Wait at the EAP until receiving further instructions from a Safety Marshal or via ELAC emergency notification systems.

Gas Leaks or the Threat of Explosion

Designated staff and/or the Sheriff’s Office personnel will contact each building, office, classroom or laboratory via ELAC’s emergency notification systems to advise specific areas of the need to evacuate to a safe location.

No bells, cell phone, radios or bull horns will be used to announce the need to evacuate due to the possibility of detonation or explosion.

The individual advising you to evacuate will direct you to a safe evacuation area.

Once at the evacuation area, wait for further instructions from either the assigned Safety Marshal or responding emergency personnel.

Earthquake

At the first indication of a major Earthquake, drop to the floor and cover your head.

When it is determined safe to do so, exit the building to the Emergency Assembly Point (EAP). Be aware of falling debris from buildings, downed power lines, broken gas lines, and any other overhead dangers.

Do not use elevators.

Wait at the EAP for further instructions.

Note: Occupants of all buildings within designated zones will assemble at designated “Emergency Assembly Points” within the zone.

Campus Violence

Once you become aware of a campus violence situation, call the Sheriff’s Office at (323) 265-8800 or call 911.

Try to ascertain if it is safer to evacuate the building or barricade yourself in the room.

Attempt to remain calm and, if possible, wait for law enforcement instruction via ELAC’s emergency notification systems. Please register for RaveMobile text notifications at [http://alertme.elac.edu](http://alertme.elac.edu).
