Hello Husky,

Welcome to your Spring 2021 semester!

On behalf of the college, we wish you and your family continued wellness. Our thoughts are with, your families and communities. It will be a year this March that we went remote. As you are aware, we continue to stay remote for this semester due to the current public health condition in Los Angeles County. This is not what we had hoped for. Yet, we are hopeful that the conditions will improve with President Biden committing to an operational plan to speed up the vaccine rollout. Many of you have inquired about the colleges being a vaccine site. Our president is working with our district, as well as local and county officials as to the school and college sites that will serve as vaccine centers. Right now, we do not have any further information as to those plans. We will send out a notice when we become aware of any vaccination plans.

We know there have been challenges on so many levels. So, we want to remind you that we have important resources that will support your academic and personal success that are in the attached newsletter. Some resources include, but not limited to, CARES Act Emergency Assistance Application, Spring 2021 Scholarships, Financial Aid workshops.

The Transfer Center has their workshops programmed for the entire semester. It is never too early to plan for transfer, it starts on day one. Please check out the affinity groups workshops such as the Dream Resource Center, LGBTQ+, Umoja, and Safe Zone.

Black History month is not just relegated to February, as our theme is “Celebrating the Past that Carries Us to the Future” which starts on February 11th. The Umoja Center will be very active on our campus to form a community supporting our Black students.

Please remember that the Academic Support Centers such as the Library, Learning Assistance Center with (tutoring), Writing Center can help you support your academic journey, so please take advantage of them.

We are so glad to have you as a student and we look forward to serving you.

Huskies Stay Well & Strong!
Your ELAC Student Services TEAM

CARES ACT Application

We understand the tremendous impact that the COVID-19 has had on you this year and the struggles you are facing in your academic endeavors and everyday life. We want you to know that we support you and are here to help. The Higher Education Emergency Relief Fund authorized by the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), was signed into law on March 27, 2020 and funds were distributed to institutions of higher education to address the disruptions caused by COVID-19. Some of these funds were distributed in May and June of this past year for eligible students.

The college has another round of CARES Act Funds that will be awarded to students with a focus on technology, food, and other emergency assistance, dependent on need and eligibility as outlined below. Priority will be given to students enrolled full-time (12+ units) for the Fall 2020 Semester. Awards will be based on a first come, first serve basis. In order to qualify, you must:

☑️ Meet the California College Promise Grant requirement

☑️ Have completed the FAFSA Application, Dream Act or the California College Promise Grant Application.

☑️ Not have an overpayment from any federal grant (i.e. Pell Grant) or be in default on any federal student loan

☑️ Be enrolled for Winter 2020 full-time (# units or more) with at least six (6) of those units being taken at ELAC

☑️ Be able to provide supporting documentation of need upon request, such as pink slip, unpaid utility bills, eviction notice, etc.

☑️ Not have received CARES Act funding from any other educational institution.
