“Moving forward in our changing context, we are committed to our Mission, and will work to ensure Student Success through a focus on Completion and Equity.”
Recommendations to Academic Senate

1. Create a **Center for Global Education and Engagement** (CGEE) – Fall 2019.
2. Appoint **two faculty members** set up the CGEE by Summer 2019.
3. Establish an Academic Senate **Committee for Global Education and Engagement** – Fall 2019.
Centralize any and all programs related to study abroad and study away.

Promote all existing and new intercampus partnerships in the United States and abroad.

Showcase projects initiated through domestic and international collaboration, faculty research, student field study, internships, and service learning.

Encourage any and all endeavors of global education such as cultural events, workshops, and conferences.
Create welcoming center to inform students about programs.

Help faculty create study abroad programs.

Vet all proposed programs to ensure quality and value for our students.

Establish an evaluation process to measure program effectiveness.

Assist students with travel preparation and concerns related to foreign travel.

Create and sponsor workshops on cultural sensitivity and differences.

Veteran STEM program receives $1.6 million grant

By Steve Chang

East Los Angeles College’s Skills Science Technicians Program and Mathematics department were rewarded with a $1.6 million grant for Veteran Education.

"This is the first grant we have ever received," said Dr. Toshi Akiyama, the College's Vice President for Instruction.

"We are really excited," said Dr. Akiyama. "It's going to allow us to expand our programming and provide more opportunities for our Veteran students."
