- The workshop will be held via Zoom.
- The workshop will be held from 12:15pm to 1:30pm

**Spring 2021**

**Introduction to College Research OER Textbook Now Available!**

An openly licensed text titled Introduction to College Research has been published with support from the OER Initiative of the Academic Senate for California Community Colleges.

Conceived by California community college librarians, this online, freely available text comes with supplementary Canvas modules and an instructor guide to support information literacy instruction to community college students. A new edition is available with contributions from Cynthia O. Fussel of Los Angeles Valley College and the current revision features a new chapter on Library Research.

The text was written by Walter D. Butler (Pasadena City College), Aloha Sargent (Cabrillo College), and Kelsey Smith (West Hills College Lemoore). It was edited by Cynthia A. Cohen of Los Angeles Valley College and contribute to others from Cyntia Fussel, Director of Library Services at Los Angeles Valley College and Managing Librarian of Los Angeles Valley College.

**ELAC Library supports ELAC’s mission of empowering students to achieve their goals by serving as an information and resource center for students and faculty. We promote student learning, faculty teaching, and academic research through the provision of print, electronic, and educational technology resources, as well as information literacy instruction.**
