Teresa is majoring in business and has big plans. She wants to be the Chief Executive Officer (CEO) of a profitable business. Teresa grew up working with her parents who have a business making and importing customized bedding for interior designers. After graduating from Montebello High School, she spent time selling life insurance and found out how tough it is for a young person to develop a clientele. She realized education is the key to success and is concentrating on completing her lower division requirements and transferring to University of Southern California. Teresa’s dream university is USC because of their internship program and emphasis on building professional business networks.

"ELAC South Gate was a great choice for me," Teresa says. "The teachers are so helpful and available if we have questions or problems. I was afraid of English, my toughest subject. But Mr. Gray gave the class a blueprint for writing an essay and taught me how to proofread and edit. He is funny and simplifies each step to make sure we get it. Plus, I love my computer classes. I know technology is very important for business majors and I really enjoy learning the latest software programs."
