GET INVOLVED!

Your active involvement in campus committees is a valuable service that you can do for our campus community. This committee list includes Senate committees, committees with Senate representation, and other campus-wide committees. It displays the faculty leads, their extensions, and email addresses. In cases where there is no faculty chair, I have listed the administrative/staff contact in parentheses. Faculty have many opportunities to participate on committees that are not listed here, such as discipline/interdisciplinary, hiring committees, and evaluation committees.

In nearly all cases, attendance at committee meetings on this list are open to all faculty and you may actively participate as a guest. Please consider joining meetings of any one of these committees! Feel free to contact the listed faculty (or other) lead of each committee to get more info. Please send any necessary edits/corrections to this list to chairprkv@elac.edu.
