Get Research Ready!

Know Your Library: A scavenger hunt guides student to library services and illustrates the library’s layout and the organization of materials.

Research Boot Camp: It’s time to get your research skills in shape! Students gain useful strategies on how to read and understand an assignment prompt, as well as identify the right sources needed to complete the assignment. In other words, we’ll be flexing our research muscles and working hard!

Get Books: Yes, the library actually has books and you can find them! Through hands-on exploration students learn the organization of library materials and how to use the library catalog to find books and DVDs.

Get Articles: Research is all about articles and guess what? The library has everything you need to find all kinds of articles. Students are introduced to our article databases and practice finding various types of articles.

Smart Google Searching: Do you control Google or does Google control you? Google’s awesome, but like all superheroes you must learn to harness this powerful information tool! Learn helpful tips to get better and credible websites.

Cite Right: You’ve found information, but now how do you cite it? How do you know your paper is plagiarism free? Students are introduced to the concept of citation using MLA, review examples of plagiarism, and create an MLA citation.

Go Digital with E-Books: Everybody’s going digital and you can too! Want to learn how to access ELAC’s electronic book collection like a pro? Then come join us as we explore our ebook catalog, as well as Google books.

*One on One Help: Students must come with a relevant research assignment in hand to receive help from a librarian. Space is limited to 10 students per session. Students without an assignment will be asked to sign up for another workshop.
