Find Articles: Research is all about articles and guess what? The library has everything you need to find all kinds of articles. Students are introduced to our article databases and practice finding various types of articles.

Find Books: Yes, the library actually has books and you can find them! Through hands-on exploration, students learn the organization of library materials and how to use the library catalog to find books and DVDs.

Go Digital with E-Books: Everybody’s going digital and you can too! Want to learn how to access ELAC’s electronic book collection like a pro? Then come join us as we explore our ebook catalog, as well as Google books.

Cite Right: You’ve found information, but now how do you cite it? How do you know your paper is plagiarism free? Students are introduced to the basics of citation using MLA and they create an MLA citation and learn a variety of online citation help tools.

Workshop Policies

- Verification of attendance is provided upon completion of a worksheet/assignment, which is reviewed by the workshop instructor.
