

Thursday
November 14
2013

6:00pm – 8:00pm
EAST LOS ANGELES COLLEGE
Recital Hall - S2
RECEPTION IMMEDIATELY FOLLOWING

Mixing Arts
& SCIENCE

TECHNOLOGY AS A MEDIA ART

Part II

Join us for a stimulating program that will focus on technology and media

East Los Angeles College seeks to not only increase the number of Latinos transferring into STEM fields, but also to unite theory and its application.

ELAC will be transforming traditional practices on curriculum in STEM education and connecting these to an in-depth look at the science of art. The seamless integration of STEM and the Arts will change the perception of both fields; building on the fact that innovation and the beauty of discovery fuel both fields

EAST LOS ANGELES COLLEGE *Presents*
CULTIVANDO RAÍCES

*A new film by NOVELAS EDUCATIVAS®
Produced by ELAC STEM PROGRAMS
Featuring JOVANNY VENEGAS and ARIANA SANCHEZ*

PREMIERES November 14, 2013, 6:00 p.m.
Recital Hall - S2

Also Premiering

**Diversifying STEM Education:
A Documentary**

Scott Stokdyk

Scott Stokdyk, an Academy Award®-winner for Best Achievement in Visual Effects for his ground-breaking work on SPIDER-MAN™ 2 and three-time Oscar® nominee, is a visual effects supervisor at Sony Pictures Imageworks who recently completed supervising the visual effects on Disney's OZ THE GREAT AND POWERFUL.

Emanuel Pleitez

Emanuel Pleitez is currently a Commissioner for the Los Angeles Fire and Police Pensions, and the Chairman of the Hispanic Heritage Foundation and founder of its Leaders On Fast Track (LOFT) Innovation initiative to increase the proportion of under-represented minorities in the technology sector and innovation fields. Emanuel served as the Chief Strategy Officer for a rapidly growing technology company, Spokeo, with a mission to organize the world's people-related information to help people find and connect with others more easily than ever.
