

Dr. Marie Alanen

Art history professor, Marie Alanen encourages her Honors Program students to collaborate as they work through the process required to develop their research papers. "The notion that research is a solitary process is antiquated," she observes. "I am trying to develop critical thinking and urge my students to critique each other, share resources and ideas as they develop their research skills. Group interaction often helps individuals to make connections—after all, even Nobel prizes are often awarded to collaborative partners."

The Honors Program Offers You:

- Guaranteed priority consideration for admission to UCLA, UC Riverside, UC Santa Cruz, UC Irvine, Occidental College, Pitzer College, Pomona College, Chapman University, Whitman College, Loyola Marymount University, Cal Poly Pomona and Mills College.
- Academically enriched classes, stressing critical thinking and written expression.
- Honors designation on your transcript for each completed Honors course.
- Increased student-instructor interaction, and more frequent association with other academically motivated, transfer-oriented students.
- Easy registration for Honors courses, along with special counseling and mentoring services.
- UCLA library card, field trips, research conferences, and cultural events.

Eligibility for the Honors Program

- Continuing Students – A cumulative "B" average (3.0 GPA), eligibility for or completion of English 101, and completion of 12 transferable units.
- New Students – A cumulative "B" average (3.0 GPA) in high school and eligibility for English 101

Requirements for Completing the Honors Program

- Enrollment in 6 or more transferable units per semester, maintenance of a 3.0 cumulative GPA and a 3.0 GPA in Honors courses.
- Completion of six Honors courses with a 3.0 GPA for certification upon transfer.
- Honors credit is also given for up to two advanced science and/or mathematics courses taken from Mathematics 261, 262, 263, 270, 275; Physics 1, 2, 3, 4; Chemistry 101, 102, 201, 211, 221; Biology 6, 7, and Microbiology 1.
