CLASSES BEGIN MONDAY, AUGUST 26

FALL 2019

CLASSSES BEGIN MONDAY, AUGUST 26
On behalf of all the dedicated professionals who make up the faculty, staff, and administration at East Los Angeles College, I extend a warm welcome to students for the fall 2019 semester.

We have a lot to be proud of on our campus, and I don’t mean just the attractive buildings and beautiful landscaping. We all want each student to feel valued and important here. Whether you’re new to college, or a continuing student, please seek out and take advantage of services designed to help you succeed. See a counselor to plan your courses efficiently. Locate the Learning Center, the Math Lab, and the Writing Center. If you are having personal challenges, don’t hesitate to contact the Student Health Center for assistance with both mental and physical well-being. Don’t assume nothing can be done for you. Ask!

At ELAC you can qualify for transfer to a four-year institution, or earn a vocational/professional certificate, or explore new interests for personal growth. It doesn’t matter whether you’re 18 or 80. You are a part of our community.

Again, welcome! I wish you well.

WITHDRAWING FROM A CLASS IS A SERIOUS DECISION

New statewide regulations are now in effect that change the way students should think about enrolling in, and then withdrawing from classes.

FROM NOW ON, A “W” COUNTS AS AN ATTEMPT AND YOU ONLY GET THREE ATTEMPTS AT ANY ONE COURSE.

AFTER THAT, THE STATE WON’T PAY THE COLLEGE FOR YOU TO TAKE THE COURSE AGAIN.

WHAT THIS MEANS FOR ELAC STUDENTS

• If you stay in a course past the “no penalty” withdrawal date and then drop it or are excluded, you receive a grade of “W” and you have used up one of your three attempts.
• When you have made three attempts at a class, with any combination of W, D, or F grades, you will not be able to register for the class again. You would have to try to take the class again at a college outside the Los Angeles Community College District.
• You may petition for one more try citing “extenuating circumstances;” however, for the most part the only extenuating circumstances that are allowed are military deployment or natural disaster.
• If your registration is blocked because of this rule, getting an add permit will not help.

WHAT YOU SHOULD DO

• If you’re going to drop, drop before the deadline so you won’t get a “W”.
• Be sure you’re academically ready for classes you enroll in.
• See a counselor to help you make good decisions about your educational plan.
How to Apply and Register

STUDENT CATEGORIES
The faculty and staff are pleased that you chose East Los Angeles College to pursue your higher education. We are committed to help you succeed in accomplishing each phase of your educational program so you can finish your studies in the shortest time possible.

This section explains how you can enroll into the college, how you get your classes, and how much you can expect to pay in fees as well as the fee refund policies. In addition, this section explains the academic standards which the faculty and staff expect you to achieve while you are a student at East Los Angeles College.

For application and registration purposes, all students fall into one of the three categories listed below. It is important that you understand the category which applies to you.

Category 1: NEW STUDENTS – if you have never attended East Los Angeles College or any other Community College within the Los Angeles Community College District (known as the LACCD).

Category 2: RETURNING STUDENTS – if you attended East Los Angeles College or any other Community College within the LACCD in the past, but did not attend the last two semesters.

Category 3: CONTINUING STUDENTS – if you attended East Los Angeles College during the past two (2) regular semesters.

MATRICULATION PROCESS

STUDENT SUCCESS AND SUPPORT PROGRAM
Senate Bill 1456 revised and renamed the Matriculation Act of 1986 as the Seymour-Campbell Student Success Act of 2012. Signed by Governor Brown on September 27, 2012, the program began on January 1, 2013 and will be implemented through stages over a five-year period. The Student Success and Support Program supports the transition of new students into the college by providing services that promote academic achievement and successful completion of degrees, transfer preparation, career technical education certificates, or career advancement.

Effective Fall 2014, based on student responses to the East Los Angeles College application for admission, students will be identified as matriculating or nonmatriculating. Students identified as matriculating are referred to core matriculation services: assessment placement, orientation, and counseling. Students must complete the assessment placement, orientation, and counseling (abbreviated Student Educational Plan) prior to their priority registration date and time. Abbreviated Student Educational Plans (SEPs) are provided during the counselor led new student in-person orientations. After registration and sometime during the semester, a comprehensive Student Educational Plan must be completed within a reasonable time period by making an appointment to meet with a counselor. Nonmatriculating students are exempt from participating in the core matriculation services, but are advised to access these services if they plan to pursue a degree or certificate.

LOSS OF ENROLLMENT PRIORITY
Students, with the exception of foster youth or former foster youth, will lose registration priority at the first available registration after they are placed on academic or progress probation, or any combination thereof for two consecutive terms or have earned one hundred (100) or more degree-applicable units in the District; however, non-degree applicable basic skills units do not count towards the 100 units.

Appealing Loss of Registration Priority
The college has established a Registration Priority Appeals Committee to review requests from students appealing the loss of enrollment priority. Petition to Appeal Loss of Enrollment Priority can be obtained at Admissions and submitted by the deadline dates (see Class Schedule) along with supporting documentation. A student may appeal on one or more of the following grounds:

a. The student has extenuating circumstances. Extenuating circumstances are verified cases of accidents, illnesses or other circumstances beyond the student’s control.

b. The student applied for reasonable accommodation for a disability, but did not receive it in a timely manner.

c. The student has demonstrated significant academic improvement. Significant academic improvement is defined as achieving no less than a 2.0 grade point average in the prior term and completed more than 50% of coursework.

The College’s Registration Priority Appeals Committee shall notify the student within ten (10) business days of its decision. The decision of the college Registration Priority Appeals Committee shall be final.

Appealing Loss of Fee Waiver
Effective Fall 2016, students who are on academic or progress probation for two consecutive semesters will also lose their BOGW Fee Waiver. Students may also appeal to reinstate their BOGW Fee Waiver through the “Loss of Enrollment Priority and/or BOGW Fee Waiver Appeal” form available at Admissions. The appeal must be submitted by the appeal deadline (listed in class schedule) along with supporting documents. A student may appeal on one or more of the following grounds:

a. Student with disabilities who did not receive proper accommodation

b. Extenuating circumstances

c. Significant academic improvement

d. Change in economic situation.

e. Evidence student was unable to obtain essential support services

f. Special consideration as a participant of CalWorks, EOPs, DSPS, and Veteran Student.

g. Have not enrolled at the college for two consecutive semesters (Fall/Spring) since the student became ineligible for BOGW Fee Waiver.

The College Appeals Committee shall notify the student of its decision.

Registration appointments are emailed to at least two weeks before their appointment date and time to their email address on record with the Admissions Office. Students may also access the Student Information System at https://eweb4.laccd.edu/WebStudent/signon.asp to obtain their registration appointment; failure to register for classes on the scheduled appointment date and time, forfeits priority status.

SEE A COUNSELOR

All students must complete a Comprehensive Student Educational Plan (CSEP) by the time they complete 15-degree applicable units. Counseling appointments may be scheduled by contacting the counseling department in-person, telephone, or using the online scheduling system. For more information on how to schedule an appointment visit counapat.elac.edu. Plan ahead and schedule your appointment before registration periods begin!

SCHEDULE OF CLASSES

Additional documentation is required for special admit students enrolled in grades K to 12th:

- Supplemental Application for Admissions of Students Enrolled in grades K – 12th: must be signed by the parent or legal guardian and home school principal or designee.
- If enrolled in grades K to 8th or under 14 years old, approval to attend college is determined by a campus committee. Potential students need to submit the documents listed in addition to home school transcripts, support letter from home school official and personal statement from the student. Supporting documents must be submitted two weeks prior to the start of the college term. Submission of documents does not guarantee admittance.

c. California Residence Requirement

- A California Resident is defined as one who has established both physical presence and intent to make California and the United States their permanent home, for more than one year from the Residency Determination Date. The Residency Determination Date is defined as the day immediately preceding the opening day of instruction. Physical presence is defined as continuous physical presence within the State of California, excluding temporary absences. Intent to make the United States the permanent home is determined based upon acceptable evidence submitted by the student, showing intent to make the United States the student’s permanent home and evidence showing the student is not precluded from establishing permanent residency in the United States. For minors under the age of 18, residency will be derived from their parent or legal guardian. Check with the Enrollment Center regarding your particular status.
- A Non-California Resident student is one who has not resided in the State of California for more than one year and the day immediately preceding the Residency Determination Date or who has shown conduct inconsistent with a claim for United States residence or who is precluded from establishing domicile in the United States. Non-residents, except those who have temporary United States visas, still may attend the college subject to non-resident tuition fees as established by the District's Board of Trustees.

d. Residence Reclassification

Students who have been classified as non-residents may submit a Supplementary Residency Questionnaire to be reclassified as California resident if their status has changed. The Supplementary Residency Questionnaire is available online or at the Enrollment Center and must be submitted prior to the semester start date with the appropriate documentation showing both physical presence and intent to make California their permanent home, for more than one year.

e. Resident Appeal

A student may appeal the final residence classification determined by the college. The appeal must be made within 30 calendar days of receipt of notification of the residence classification. The appeal must be submitted in writing to the college Admissions Office who will forward it to the District Residency Appeal Officer.

f. Fees for Non-Resident Visa Holders

- Foreign Residents - Students with visas which require residency in the country granting the visa or who have not applied towards United States residency status for over one year before the start of the semester will be required to pay an enrollment fee of $46 per unit and additional $204 per unit.
- Non-California Residents – United States Citizens and Permanent Resident Card Holders who have lived in California for less than one year will be required to pay an enrollment fee of $46 per unit and additional $190 per unit. Fees are subject to change at any time by Board action.

g. Non-Resident Tuition Exemptions

Certain Non-resident students may be exempt from paying non-resident fees:

- AB540 – Non-resident students who have completed at least three (3) years and graduated from a California High School may be eligible to have non-resident tuition waived. A student must not be under a nonimmigrant visa status, such as B-2 (tourist) or F-1 (student) visas and must have or are planning to apply for resident status in the United States.
- Non-Resident Fee Waiver – Non-resident students may be exempt from the nonresident tuition fee, if the nonresident has demonstrated a financial need for the exemption.

Non-resident tuition exemption certification forms are available at the Enrollment Center or South Gate Educational Center and online at http://www.elac.edu/admission/forms.htm.

2. ASSESSMENT PLACEMENT PROCESS

Effective Fall 2014, based on student responses to the East Los Angeles College application for admission, students will be identified as matriculating or non-matriculating. Students identified as matriculating are referred to core matriculation services: assessment placement, orientation, and counseling.

a. Participate in the Assessment Placement

The computerized assessment placement tests are not pass/fail tests, but instruments to assist in properly placing students into English, Reading and Math courses. The assessment course placement results will provide guidance and information needed for a successful experience at East Los Angeles College, as well as assistance in selecting classes. Please refer to the Assessment Check-In Form & Calendar (available in the Enrollment Center, Assessment Center and online at www.elac.edu) for the assessment lab hours.

b. Advisement/Counseling

All new and returning students must complete an Abbreviated Student Educational Plan (ASEP). The ASEP will outline courses students should enroll in and complete in order to achieve their stated educational goal/program of study. During the in-
person NSO, counselors will develop an Abbreviated Student Educational Plan (ASEP) for all students in attendance. Students who complete the online NSO will receive an ASEP after presenting their online NSO confirmation page to the general counseling office.

b. Other Exams Offered

- LACCD Math 115 Competency Exam – alternative to meeting the math competency requirement for AA/AS graduation purposes only (applicable to all students entering prior to Fall 2009).

For more information please visit or call the Assessment Center (E1-183) at (323) 415-4141.

4. COURSE REGISTRATION

a. Selection of Classes

Use Section Two of this Schedule of Classes to find the course names and section numbers for the courses you want to take. When choosing your courses, be sure that the meeting day and time of each course does not conflict with the meeting day and time of any other course you are planning to take.

b. Alternative Course Selection

After you have selected your first choice courses, go through the selection process again and select your second choice courses. If your first selection is full you will have the option to select your second choice. Please consider several alternative choices for class day and times.

c. Check Prerequisites/Corequisites

Verify that you have met all prerequisites and/or corequisites prior to enrolling in courses. Students who do not meet the requirements will be blocked from course registration.

d. Counseling

For suggestions on which courses to select, visit the counseling department to schedule an appointment for a Comprehensive Student Educational Plan. Visit counappt.elac.edu for information on how to schedule an appointment with a Counselor.

e. Registration options

Students may register for classes on the designated appointment time and make program adjustments through any one of the two options listed below. STUDENTS WILL NOT BE PERMITTED TO REGISTER BEFORE THE APPOINTMENT DATE AND TIME.

- Online Registration: Don’t wait in line register online! Students may register using the internet by logging on to the Student Information System (SIS) at www.elac.edu. To access the SIS the student will need to provide the Student ID number and four digit Personal ID number (month and day of the student’s birthday).

- In-Person Registration: Students may register in person at the Admissions Office. Students will need to bring a photo ID. Students should complete the Course Selection Worksheet prior to registration. Students will be provided a Course Request Card to complete the registration process.

5. PAYMENT OF FEES

Fee Waiver

You may wish to visit the Financial Aid Office to see if you are eligible for a Board of Governors Grant (BOGG), which will pay your enrollment fees. All BOGG eligible students must pay the health fee. If you qualify for a BOGG, you will be given a “Financial Aid Waiver Card”.

Payment is required to complete enrollment. Students are required to pay all fees and tuition at the time of registration. Failure to pay all fees will result in restrictive holds to be placed on the student’s records.

PAYMENT OPTIONS

Go to the Fiscal Office in G1-107 and present a valid picture ID to pay for all fees. We accept cash, check, money order, VISA, MasterCard, Discover and American express credit cards. If you pay for your ASU membership you will receive a sticker on the back of your student ID. Once all fees are paid you registration process is complete.

6. STUDENT PHOTO ID

New and returning students are required to go to the “Picture Identification Station” to obtain their personalized Student ID Card.

DO NOT lose this card! You will need it for the entire time that you are a student at East Los Angeles College. If you lose your Student ID Card, you will need to obtain a duplicate.

ENROLLMENT FEE FOR CALIFORNIA RESIDENTS

California residents will be required to pay *$46 per unit plus a one time, $11.00 mandatory Health Fee. For example, if you take 10 units, the cost will be $460 x $11.00 = $471.00

Applicants for student financial assistance, enrolled in units at more than one college, may combine their unit load from each college to meet the enrollment levels required to receive financial aid. Contact the campus financial aid office for procedural details.

*Subject to change by the California Legislature.

STUDENT ID NUMBER INFORMATION

In accordance with state legislation, new students will be issued a student ID number at the time of application. Every student ID will begin with the numbers “88” or “90”.

ADDING AND DROPPING CLASSES

ADDING BEFORE THE SEMESTER BEGINS

During the enrollment period prior to the start of classes, students wishing to add classes which have reached the enrollment limit can add themselves to the waitlist. A process will run through-out the day that will automatically enroll students in the class from the waitlist as seats become available. An email will be sent to the student’s LACCD email account notifying them of the registration. The last day a student can be added to a waitlist is two days before the first day of the session. Waitlists apply to all regular and short-term session classes, summer and winter intersession.

ADDING AFTER THE SEMESTER BEGINS

After classes begin, students actively enrolled in the class who do not show up for the first class meeting MAY be dropped by the instructor who will then add students from the waitlist. If you are not moved into the course from the waitlist during the enrollment period, you must attend the first meeting of class to be considered for late enrollment from the waitlist. If there is space available and you are not at the class, you will lose your place on the waitlist and the next student on the waitlist may be added instead.

Important details you should know

- Being added to a waitlist does not guarantee enrollment in the class.

- All co-requisites or pre-requisites must be satisfied before you will be enrolled from the waitlist.

- You will not be enrolled from the waitlist if the class conflicts with times on your existing class schedule.

- You can view your waitlist position in your online student portal. Click on Academics Menu and then click on Class Schedule.

- You can remove yourself from a waitlist the same way you would drop a class in your online student portal.

- During the primary terms of fall and spring, students will be limited to enrolling for no more than 19 units, and during the winter and summer will be limited to registering for no more than 9 units district-wide. The maximum number of waitlist units is 12 for fall and spring and 9 for winter and summer.

- You may sign up for multiple waitlists for the same discipline/class; however, if you are moved from the waitlist to an open space, you will be removed from the alternate waitlist for the same discipline/class after acceptance.

No Show

Actively enrolled students who are not present at the first class meeting MAY be dropped by the instructor, and their seat MAY be given to a student on the waitlist.

Add Code

Students who are granted to add a class after the course has started will be given an add code to be used by the student to immediately register online for the course.

AUTO-ENROLLMENT FROM THE WAITLIST

FREQUENTLY ASKED QUESTIONS

Can any student get on a waitlist?

You are eligible to be placed on the waitlist if, there are waitlist openings for a class section, you meet the class pre-requisite, you have no repeat errors, you have no holds on your records, or the class units will not exceed your maximum waitlist units allowed.
What is auto-enrollment from the waitlist?
This is a daily process that enrolls students into their classes from the waitlist. Once the class is full it is marked as closed then only students from the waitlist may be enrolled in the course. If one seat becomes available in a course, then student number one on the waitlist is automatically enrolled from the waitlist provided there are no holds, time conflicts, prerequisites, repeat issues, or duplicate course errors.

How does the waitlist process work?
When seats become available in a closed class section, the class remains closed until a process runs that automatically enrolls students from the waitlist. The class remains closed until the waitlist empties or the enrollment capacity has been met, whichever comes first.

If a student does not meet the criteria to enroll in the class (see FAQ #1), the process will select the next student on the waitlist according to their position number.

Students that were on the waitlist and were not enrolled will maintain their position number. Students will have an opportunity to be auto-enrolled the next time a seat is made available, if they resolve the issue that prevented them from being auto-enrolled previously.

If the waitlist process runs and no students are enrolled, then the class will open and other students will be given the opportunity to enroll (even if there are still students on the waitlist that did not meet the criteria to be auto-enrolled).

If there are no students on the waitlist, the class will open as usual when seats are made available.

If an enrolled student drops classes how are students moved from the waitlist into the open seats?
Students are auto-enrolled from the waitlist into the course by their priority ranking on the waitlist. For example, if a class is full, and three students drop, students ranked 1, 2, and 3 will be auto-enrolled from the waitlist. The student who was previously ranked number 4 will now be ranked number 1. If another student drops the course, he or she will be the next student to auto-enroll. This scenario will continue until the waitlist is empty, or the class is full, or the waitlist is closed at 11:59 PST two days before the session begins.

By adding themselves to the waitlist a student is acknowledging that they understand that they will be auto-enrolled and will be responsible for the enrollment fees and/or dropping the classes if necessary.

How do I know I was moved from the waitlist to the active class?
If you are moved into a class from the waitlist, an email will be sent to the student’s LACCD email account notifying them of the registration. It is important that you activate and monitor your LACCD emails during the registration period. If you decide you do not want to be enrolled in the class after you are moved from the waitlist, you must officially drop the class.

When is the first and last day to get on a waitlist for a class?
Students cannot get on a waitlist until their enrollment appointment or open enrollment has begun.

The last day to get on a waitlist for a class will be 11:59 p.m., two days before the session begins.

Waitlists are only available once the class has reached the enrollment capacity. For an extremely popular course the waitlist may be activated very early in the registration period.

How do you know if a class has a waitlist?
The waitlist option is only available once all seats in a class have been filled and the section classes. When a Class Search is performed to include these closed classes, users will notice a yellow triangle beside classes that have available waitlist seats. Once the waitlist capacity has been reached, the waitlist feature is unavailable and the blue closed class icon will display beside the section in Class Search.

Do all classes have a waitlist?
Not all classes have waitlists. If a course is listed as Instructor Consent, a waitlist is not available. Some disciplines do not use the waitlist functionality.

How many units can the student be waitlisted for?
Student may be on 12 units of waitlist in the fall and spring semester and 9 units for winter and summer.

Are the waitlisted units counted into the student’s total units for the semester?
No. They are considered as two separate lists: Total units enrolled and total units on the waitlist.

For example, if a student may enroll in 19 units districtwide and are enrolled in 15 units and have 6 units on the waitlist that is fine. Even though 15 + 6 = 21, which is greater than 19, this is not a problem.

Can the student be waitlisted for more than one section of the same class?
Yes. A student can waitlist multiple sections of the same class. They cannot pick their preference.

The waitlist process will enroll the student into the first available seat according to descending class number. If the student is enrolled in a waitlisted class, the remaining waitlist requests for the same class will be automatically dropped.

For example, a student attempts to waitlist English 101 class number 10000 and English 101 class number 20000. If English 101, 10000 has a seat available and the student is eligible for enrollment they will be enrolled into the course and dropped from the Eng 101, 20000 waitlist. If both classes have seats available the student will be enrolled into the Eng 101, 10000 course and dropped from the Eng 101, 20000 waitlist because 10000 is lower than 20000.

If the student is on multiple waitlists and they are enrolled, they will be dropped from all of the other waitlists for that course.

Why wasn’t a student enrolled from the waitlist when a student dropped from the active class?
There are several reasons why this can happen.

• The system does not make updates instantly. The processing happens on a prearranged schedule. If a student drops the class in the morning, the waitlist process will automatically enroll the next qualified student when the auto-enrollment cycle is programmed to run.

• The auto-enrollment may have exceeded the maximum number of units for the student’s course load. This is 19 units for fall and spring semester, 9 units for winter and summer, but the maximum course load can be less if the student is a concurrently enrolled high school student or on academic or progress probation.

• The course may have prerequisites or co-requisites that have not been met.

• The student has registration holds. This might be caused by outstanding fees, an incorrect social security number, missing documents or other problems. These issues need to be corrected before any auto-enrollment can be completed.

• The class time conflicts with another class in which they are enrolled.

• The student attempted the class three times.

Can a student be both enrolled and waitlisted for different sections of the same class?
Yes, but the student cannot be enrolled into both classes.

• For example, suppose that a student was enrolled in Math 125, 10000 which meets on Mondays. They would prefer Math 125, 20000 which meets on Tuesdays. The student places themselves on the waitlist for Math 125, 20000. They will NOT be enrolled into that class even if they are eligible and there is a seat available. They must first drop themselves from Math 125, 10000 class.

• For classes that are very popular it is in the best interest of the student to remain in the class as enrolled. An attempt to drop the classes to get a better schedule time can often be detrimental to the student because several other students will be competing for the available enrollment seat.

Can a student waitlist for a class that conflicts (in meeting time) with an enrolled class?
Time conflicts will not be checked at the time that the course is added to the waitlist. At the time of the auto-enrollment, time conflicts will be checked. If there is a time-conflict, the student enrollment will not be processed. They will not lose their place in the waitlist queue, but will remain there until the conflict is resolved. The students of lower ranking, but with no time conflicts, will be auto-enrolled before them.

It is in the student’s best interest to not waitlist a course that would present a time conflict. Time conflicts cannot be overridden even if there is a small time overlap.
Can a student change their waitlist classes?

Yes, the student can change the courses in their waitlist at any time. There is a limit to the number of students that can be on a specific course waitlist. If you drop yourself from the waitlist, then want to add yourself back to the same waitlist, your position number will be different. By dropping from the waitlist you will forfeit your placement on the list.

What happens if the student is not auto-enrolled from the waitlist and the session begins the next day?

To try to enroll in the waitlist class, you must attend the first class session and ask the instructor for a permission number. Only the course instructor can provide a permission number. The student will then enroll into the course with the permission number.

Can a student add any classes to their waitlist?

Yes, unless the class is listed as Instructor Consent, or there is a course pre-requisite. Any issues related to course requirements will be checked at the time of auto-enrollment, not at the time that the course is added to the waitlist.

The pre-requisites requirements for a course will be checked when the student attempts to add the course to the waitlist and at the auto-enrollment time. If a student has not satisfied the course pre-requisite they will be blocked. It is presumed that a student concurrently enrolled in a pre-requisite class will pass it and therefore satisfy the pre-requisite requirement for the next course in the following semester.

- For example, if a student is enrolled in Spanish 1 and they wish to waitlist for Spanish 2 for the next semester that request is permissible. If a student has taken Spanish 1 and received a substandard grade such as an F, they will not be allowed to waitlist Spanish 2 because the student has not satisfied the course pre-requisite.

- If the prerequisite is not satisfied after the grades are posted, the student will be dropped from the course.

Can a course be cancelled while a student is on the waitlist?

Yes, at times there may be a need to cancel a course. This means that the waitlist associated with that course will also be cancelled.

How do instructors know who is on the waitlist?

Faculty can view their waitlists by using the Faculty Self-Service in PeopleSoft.

Can students see who else is on the waitlist for a class?

No, a student can only view his or her own status on the waitlist for a class.

Can a student change the grading option for a waitlisted class?

No, this is not supported while the course is in the waitlist. If and when the student is auto-enrolled from the waitlist, they can change the grading basis if the course supports grading options.

Can a student’s waitlisted rank be changed after it was created?

If a student on the waitlist is auto-enrolled in a class, the next student will move up on the waitlist and be issued a higher waitlist number.

Can faculty change the waitlist order?

No. The waitlist cannot be modified by an instructor.

If the student hasn’t met the prerequisites, can the student register for a class or for a waitlist?

No. The student cannot request to place a course on the waitlist if the prerequisite is not satisfied. If the student has taken the prerequisite course at another college outside of the LACCD, then the student must visit the Admissions and Records’ office to complete and submit the prerequisite challenge form. When approved, the online information system will recognize that the prerequisite has been satisfied.

The only exception is if the student is presently enrolled in the prerequisite course. The system assumes that the student will satisfactorily complete the course with a passing grade and therefore be eligible for the next course.

What are the chances of getting into a class if the student is on a waitlist?

It is entirely possible that a waitlist ranking of #1 may still not result in an auto-enrollment for a course. This course may be a very popular course and actively enrolled students might not drop out. Another course may have a good number of student drops and several students on the waitlist could be auto-enrolled.

Students should use the waitlist as a strategy to improve their course selection, but they should not assume they will get their waitlisted course.

If a student is ranked number 1 on the waitlist does that mean that they will be auto-enrolled in the course as soon as a seat is available?

Yes, if there is a seat available and there are no issues related to the auto-enrollment. Problems include:

- Enrollment in another section of the same course.
- Time conflicts
- Student registration holds
- Unsatisfied prerequisites or co-requisites
- Exceeding term unit limits
- The student has already taken the class

How often can the student check on their waitlist status?

The student can view their waitlist status at any time and they will be automatically dropped for the other waitlisted sections for that course.

Once enrolled in one of those class sections, students will be automatically dropped from all or some of their courses and will not result in an auto-enrollment for a course.

If an enrolled student drops a full class and a seat opens, do waitlisted students get in first?

Yes, ONLY the waitlisted students may enroll in the course.

Are students required to pay for a class if they are on the waitlist?

No. Students only pay for classes after they are actively enrolled.

Enrollment fees will be assessed after a student is officially registered in a class and must be paid by the fee payment deadline. To view your enrollment fee due dates, click on Finances Menu on your portal dashboard, click Student Activities, and Charges Due for details.

If you are approved for a Board of Governors Fee Waiver or have anticipated financial aid your Account Inquiry page will reflect the award.

Can a student be dropped from the waitlist?

Yes. A student may drop themselves from the waitlist. Also a student can be dropped for non-payment of fees. If a student does not pay their enrollment fees by the fee payment deadline they will be administratively dropped from all or some of their courses and waitlisted courses.

It is the student’s responsibility to pay all of their fees by the fee payment deadline to avoid losing classes.

How many waitlist seats are available for each class?

The number of seats on the waitlist is determined by the academic department. The waitlist number can vary by subject and course.

Can students’ waitlist for more than one section of the same class?

Students can waitlist for multiple sections of the same class, with the following stipulations:

Students cannot choose their preference for which section they will be auto-enrolled first. The waitlist process will enroll the student in the section that has the first available seat.

Once enrolled in one of those class sections, students will be automatically dropped from the other waitlisted sections for that course.

If students are already enrolled in another section of a class they want to waitlist, the SWAP feature should be used to enroll and waitlist for the closed section.

When should the “SWAP” enrollment feature be used?

If students are already enrolled in another section of the class for which they want to waitlist, SWAP should be used. If students use the ADD enrollment feature to get on a waitlist for a different section of the same
class, they must DROP the section in which they are enrolled before they will be moved from the waitlist. Students may also want to use SWAP if there is a known time conflict between an already enrolled class section, and the section for which they want to waitlist. If students get on a waitlist using the ADD enrollment feature, they will not be auto-enrolled into the waitlisted class until they DROP the class that presents the time conflict or the class.

Finally, students may want to use SWAP if they are already enrolled in the maximum number of units for a term and want to still get on a waitlist. If a student gets on a waitlist using the ADD enrollment feature, they will not be auto-enrolled into the waitlisted class until they DROP a class that would allow the waitlisted class to fall within the maximum number of allowable units to be enrolled in for a semester.

If students are not enrolled from the waitlist due to any of these issues, they will be passed over and the next eligible student on the waitlist will be auto-enrolled.

Can students get on a waitlist if there is a time conflict with a class section in which they are already enrolled?

The self-service enrollment process does not check for a time conflict when a student is placed on a waitlist. At the time the auto-enrollment process runs, students will not be enrolled in the class if the time conflict still exists. Students will need to drop the class that presents the time conflict if they want to be moved from the waitlist.

Ideally, students should use the SWAP feature when getting on a waitlist for a section that presents a time conflict with an already enrolled class. That way, if a seat opens in the close section the student will be automatically dropped from the previously enrolled section.

Warning: Your enrollment for any class you add is not complete unless you process your add code before the odd deadline. Failure to do so will result in NO COURSE CREDIT.
It is the student’s responsibility to drop or withdraw from courses. Once the semester begins, students must drop classes online registration. An instructor’s signature is not required.

COURSE DROPS AND WITHDRAWALS

20% of the term – No record: Students who drop or withdraw from a course by filing the appropriate drop card with the Admissions Office before the end of 30% of the term will not have the course recorded on their transcript.

75% of the term – W is recorded: Students who drop or withdraw from a course between 20-75% of the term will have a notation of “W” (withdrawal) recorded for the dropped course on their transcript. Effective Fall 2009 Title V limits the enrollment in the same course in which a student has received four (4) “Ws”.

After 75% of the term – Grade required: Students who remain in a course beyond 75% of the term shall be given a grade by the instructor for that course. THE GRADE CANNOT BE a “W” (withdrawal). The grade given by the instructor must be one of the following: A, B, C, D, F, INC., Pass or No-pass.

COURSE DROPS AND WITHDRAWALS

Short-term Courses:
All short-term classes have shorter deadlines than a Full-term course. Please consult with Admissions or your instructor about specific deadline dates.

Please consult your instructor or Admissions Office regarding drop dates. Dates may vary; therefore, please make a note of the dates given. There will be no refunds after that time, unless a class was cancelled or rescheduled by the college administration.

FOR NON-RESIDENT TUITION

Refunds of tuition paid by non-resident students enrolled in Full-Term or short-term courses are governed by the same policies, respectively, as are indicated above. A non-resident student who formally drops or otherwise separates from part or all of his/her enrollment may request a refund of previously paid non-resident tuition in accordance with these policies. Such requests must be made in writing on a form provided by the Fiscal Office. The date used for non-resident refund purposes is the date on which such requests are filed and time stamped, regardless of when separation may have occurred. All non-resident refunds will be made by mail.

FOR PARKING FEE

Refunds for parking permits are given for permits returned to the Fiscal Office on or before the deadline date. (Please see the academic calendar on the class schedule or the ELAC website for this date). There is NO refund for Parking Permits that are picked up from the ELAC fiscal Office after the deadline date. (See Academic Calendar).

FOR HEALTH CENTER AND ASSOCIATED STUDENT UNION FEES

Refunds for the health center and/or associated student fees are made only for students who withdraw entirely from the college by dropping all their active units by the refund deadline (see semester calendar). Students who withdraw after the refund deadline will not be given a refund. Once the ASU sticker issued it is non-refundable.

ATTENDANCE POLICIES

REGULAR ATTENDANCE

The student is expected to attend every meeting of all classes for which he or she is registered. Attending a class without being registered is contrary to the Los Angeles Community College District rules and cannot be used as the basis for a petition to add a class. Students who have enrolled for a class and who do not attend or who are late or absent from the first meeting of the class forfeit their right to a place in the class.
Mitigating circumstances may be considered by the instructor. Whenever absences “in hours” exceed the number of hours the class meets per week, the student may be excluded from class by the instructor.

1. If a student stops attending a class, it is the student’s responsibility to officially drop the class.
2. It is the student’s responsibility to consult with his or her instructor regarding any absences that could result in exclusion.
3. Concurrent enrollment in more than one section of the same course during a semester is not permitted. Violation of this regulation will result in exclusion from class and denial of course credit in both courses.

TARDIES
Three tardies will be considered the equivalent of one hour of class absence. Continued tardies may result in exclusion.

PREREQUISITE, COREQUISITE, AND ADVISORY DEFINITIONS

PREREQUISITE
A prerequisite is a measure of readiness for a course or program that a student is (REQUIRED) to meet as a condition of enrolling in a course or program. A prerequisite may be a course, activity, audition, test or similar measure of readiness. Prerequisites in many disciplines are now checked by computer and are strictly enforced.

COREQUISITE
A corequisite is a requirement that (MUST) be satisfied at the time a particular course is taken; usually a corequisite is concurrent enrollment in another course, but may, in certain situations, be completed at an earlier time.

ADVISORY
An advisory is a measure of readiness for a course or program that is (RECOMMENDED) for students. May be a course, activity, audition, test, or similar measure of readiness.

Registration Limitation
All students need to demonstrate they meet the prerequisite or corequisite requirement in order to register for the course. If a student meets the requirement through satisfactory completion of a course at East Los Angeles College or through Assessment placement, you will automatically be cleared for course registration. If you meet the course prerequisite or corequisite through other means, you must submit a “Student Prerequisite or Corequisite Completion Petition” to Admissions by the deadline date, with supporting documents.

STUDENT PREREQUISITE OR COREQUISITE POLICIES
It is the student’s responsibility to know and to meet all course prerequisites. These requirements are indicated following the course name and number. If prerequisites have been met at another college, students must file a “Prerequisite Completion Petition” with an unofficial transcript or assessment results.

Students who wish to challenge prerequisites or corequisites must file a “Prerequisite or Corequisite Challenge Petition” by the deadline date with documentation sufficient to support the challenge. In keeping with requirements and provisions of Section 55201(f) of Title 5 and Section I.B 1-3 of the Los Angeles Community College District Model Policy, East Los Angeles College has an established procedure by which any student who provides satisfactory evidence, may seek entry into a course according to the college’s challenge process.

THE GROUNDS FOR STUDENT CHALLENGES
(According to Section 55201(e) of Title 5)
1. Student has the appropriate documented knowledge or experience or ability to succeed in the course for which the prerequisite or corequisite is specified.
2. Requirement (prerequisite or corequisite) was not established by adopted L.A.C.C. district process, or was established in violation of Title 5.
3. Requirement is unlawfully discouraging or applied in an unlawful discriminatory manner.
4. Student will be delayed in completing my educational objectives by a semester or more in fulfilling the requirements for a degree or certificate because the prerequisite course has not been made reasonably available.
   a. Student has specified an educational goal after having completed 15 units of college work with a GPA of C or better, have filed an educational plan 90 days after completing the said 15 units, and
   b. Alternate course to fulfill degree or certificate requirements are not available.
5. Student has the appropriate documentation to show that they do not pose a health or safety threat to others or myself in course for which a health or safety prerequisite is specified.
6. Student will be delayed in completing my educational goals by a semester or more in fulfilling the requirements for a degree or certificate because course enrollment was limited to students judged more qualified in intercollegiate competition, honors, or public performance or enrollment was limited to a particular cohort of students. Student filed an Educational Plan and specified an educational goal after having completed 15 units of college work with Satisfactory Academic Progress.

STUDENT PREREQUISITE OR COREQUISITE PROCESS
1. A student must file proof of completion or challenge a course prerequisite or corequisite with either the “Prerequisite Completion Petition” or “Prerequisite or Corequisite Challenge Petition” form. These forms can be obtained from the Office of Admission and Counseling (E1 Building) or on-line at www.elac.edu.
2. The completed petition and any and all appropriate documentation (e.g. unofficial transcripts, verifications of experience, etc.) must be filed no later than 10 working days before a semester or session begins with the office of Admissions.
3. The petition will be processed within 10 working days of its receipt, and the student will be notified accordingly.
4. If the petition is found to be justified, and no space is available in the course at the time the petition is filed, the student shall be permitted to enroll for the next term. Enrollment will be permitted only if space is available when the student registers for the subsequent semester, or summer session.
5. In the event the petition is denied, the student may appeal the decision on the completion petition to the Dean of Admissions and the challenge petition to the Dean of Academic Affairs (G1 207).
6. Notification of the appeal decision will be sent to the student within five working days after its receipt by the Office of Admissions or Academic Affairs.

UNIT LOAD
The normal class load for full-time students in the Fall or Spring semester is from 12 to 19 units per semester. Students who will be employed while attending college should reduce their programs accordingly. A college program of 15 units is equivalent to at least a 50 hour work week for most students. A student who desires to take more than 19 units must obtain approval from a counselor in E1 Building.

PROGRAMS THAT REQUIRE A MINIMUM NUMBER OF UNITS
- International Students: 12 units
- Student Body Officers: Day 9 units, Evening, 6 units
- Athletes: 12 units including a Physical Education course or courses
- Social Security Program: 6 units
- EOPS Students: 12 units
- Financial Aid Students: At least 6 units

CLASSES SUBJECT TO CHANGE
The Los Angeles Community College District and East Los Angeles College have made every reasonable effort to determine that everything stated in this class schedule is accurate. Courses and programs offered, together with other matters contained herein, are subject to change without notice by the
administration of the Los Angeles Community College District or East Los Angeles College for reasons related to student enrollment, level of financial support, or for any other reason, at the discretion of the District and the College. • The Los Angeles Community College District is committed to protecting student privacy and currently uses collection and storage systems to eliminate the use of social security numbers as the primary method of student identification.

The grade of P Pass will be given if the student’s performance in class is equal to a “C” grade or better. The grade of “NP” (no credit) will be given if the performance in class is equal to a “D” or “F” grade. Students may petition only those classes listed in the Catalog on a Pass/No Pass basis by the deadline date (see class schedule calendar). Once a student’s petition to take a course on a Pass/ No Pass has been approved, the student is not permitted to receive a letter grade in the approved course.
The symbol P or NP must appear on the student’s permanent transcript for that course, “Pass/No-Pass” and “Credit by Examination” courses are listed in the College Catalog.

The notice shall clearly state that two consecutive primary terms of probation will lead to loss of the CCPG.

The college shall make reasonable efforts to provide counseling and other support services to help students on probation overcome academic difficulties. Colleges should also help mitigate potential loss of the CCPG and ensure that students have the opportunity to receive appropriate counseling, assessment, advising, or other services on a timely basis.

ENGLISH TUTORING
The Writing Center, located in E3-220, offers tutoring, word processing, and Internet access for students in all disciplines. Students may improve their writing and thinking skills through one-on-one tutoring sessions, group workshops, and grammar assistance programs. Walk-in and scheduled appointments are available; students are also welcome to our Conversation Lab where they can improve their listening and speaking skills in a relaxed environment.

THE WRITING CENTER HOURS ARE:
Monday - Wednesday 7:00 a.m. - 9:00 p.m.
Thursday 7:00 a.m. - 7:00 p.m.
Friday & Saturday 10:00 a.m. - 4:00 p.m.

In order to enroll in one of the English Composition Sequence courses - English 21, 26, 28, 101, 102, or 103 - students must have proof that they have met the prerequisite for that course. This proof may be: 1. an appropriate assessment score, 2. successful completion of the prerequisite course, or 3. prerequisite completion form confirming successful completion of a comparable course at another college.

After a computer check by Admissions, students not meeting the prerequisite for the course for which they registered will be administratively dropped.

**Science, Technology, Engineering, Mathematics, and Computer Science (STEM Track)**

*Note:* Students may take Math241 and Math260 simultaneously or in reverse order as long as Math125 or Math125S prerequisites is met.

**Calculator Usage in Mathematics**

The following are types of calculators which are acceptable for use in mathematics classes. A scientific calculator is the basic level that should be used in these classes. A Business Analyst calculator should be used if the student expects to be majoring in business related fields. A Graphing calculator is useful if the student is going on to higher courses in mathematics. The list below indicates which calculators are approved for the classes offered. Where more than one calculator is listed the student can choose one of those listed.
**MATH TUTORING**
You can register in advance or you may walk-in, sign an attendance sheet and receive tutoring for any ELAC math class during the hours shown below. There is no charge for this tutoring and ELAC instructors. The open hours for the lab are subject to change please call to verify at (323) 415-4137 or (323) 415-4191.

Weekend College Experience (WCE)

Our Weekend College Experience (WCE) at ELAC provides an opportunity to complete a full range of classes necessary to meet the IGETC and AA graduation requirements by taking only Saturday and online classes each semester.

You might also use the WCE to become a flexible scheduler by mixing WCE classes with regular weekday classes: attending part time or full time; taking classes in the summer and winter intersessions as well as in the fall and spring semesters; and enjoying traditional face-to-face classes in state-of-the-art classrooms and/or fully online or blended hybrid classes mixed to suit your own needs. Sign up for all four classes in one of the five individual Tracks on offer for the Fall 2019 Semester, or mix and match the classes to meet your own unique scheduling needs.

Online Classes

Students who take online classes make a commitment to log on to their classes at least three times per week. Online courses are designed for students who enjoy learning independently and cannot attend on-campus classes on a regular basis, and who are comfortable using a computer. Online courses are not self-paced courses; they follow the semester schedule and online students have deadlines and schedules just like classroom courses. Online classes are academically the same as on-campus classes, and meet the same General Education and Transfer requirements as their on-campus counterparts. To take online classes at ELAC, you must first apply to the college and go through the matriculation process.

Online classes follow the same academic calendar as regular classes. This means that they start when the semester starts. Some online classes are short term classes which have their own start dates; please check the schedule of classes on those dates:

http://www.elac.edu/academics/schedules/index.htm

The office of Distance Education or the Distance Education Coordinator does not provide:

- Academic Counseling
  http://www.elac.edu/prospectivestudents/counseling/index.htm
- Financial Aid Information
  http://www.elac.edu/currentstudents/financialaid/index.htm

BEFORE ENROLLING IN AN ONLINE CLASS:

- You must be a student at ELAC:
  http://www.elac.edu/prospectivestudents/admissions/regulations.htm
- You must have completed the matriculation and orientation process:
  http://www.elac.edu/prospectivestudents/admissions/regulations.html#matriculation2
- You must have a valid email registered with the campus:
  http://student.laccd.edu
- You must enroll during your appointment date and time.

DURING ENROLLMENT OF ONLINE CLASSES:

- You must register for classes using the Student Information System (SIS):
  https://mycollege.laccd.edu
- If you missed the regular registration period, you must use the SIS to add.
  ◊ Only the course instructor can add you to the class
  ◊ Direct questions about course content, requirements, and add requests to the instructor
- Information on how to use the SIS to add:
  http://www.elac.edu/online/OnlineAdd.htm

AFTER ENROLLING IN AN ONLINE CLASS:

- Please check if your course is offering an orientation:
  http://www.elac.edu/online/courseelisting.htm
- ELAC uses Canvas LMS to teach online. Information on how to log on to the Canvas LMS:
  http://www.elac.edu/online/canvaslogin.htm

Do not wait to be contacted by the instructor of the course.

Log on to your class on the first day classes begin!

For more information, please contact the office of Distance Education:

- For online course listings:
  http://www.elac.edu/online/courseelisting.htm
- For technical issues with the Canvas LMS, contact the Online Help Desk:

Transfer Assistance and Graduation Requirements

This section contains information about programs and services designed to help you transfer and/or graduate. It also lists the courses which will meet the graduation requirements for East Los Angeles College, and the courses which meet the transfer requirements of the University of California and the California State University.

East Los Angeles College services several programs which are specifically aimed at assisting students to transfer to the University of California (UC), the California State University (CSU), and to other four-year colleges and universities. These programs include:

- The Honors Program
- The Transfer Center
- Adelante
- Puente
- Mesa

GRADUATION REQUIREMENTS

Following the transfer program summaries, this section goes on to list the major and general education requirements which must be met by students who wish to graduate by earning the Associate of Arts Degree or the Associate of Science Degree. There are two ways to meet the AA or AS degree requirements—by Plan A or Plan B—and the required coursework for each plan is described. Obviously, students who wish to earn the AA/AS degree should read these requirements carefully. If the requirements seem complicated or even confusing, please consult with a counselor to get them clarified.

TRANSFER REQUIREMENTS FOR UC AND CSU

Following the East Los Angeles College graduation requirements are two pages which list different ways you can meet the general education requirements for transferring to UC or CSU.

The first listing of transfer course requirements is known as the "IGETC" pattern. The letters stand for Intersegmental General Education Transfer Curriculum. The page lists all the courses offered at East Los Angeles College which satisfy the general education transfer requirements for both the University of California and the California State University. The course information that is presented is no more than a simple listing of what courses will transfer. You should consult with a counselor and read the applicable pages in the College Catalog to obtain further information that you should know in regards to how to transfer.

The second listing of courses applies only to students who plan to transfer to the California State University, and who wish to complete their "General Education" requirements at East LA College. Students who meet the requirements, as listed, may petition the college for certification — certification means that after transferring, the student will not have to take any other lower division general education courses to meet CSU graduation requirements for the Bachelors Degree. Again, students should consult a counselor when planning a transfer program and read the applicable pages of the College Catalog to ensure that other important transfer requirements are met.

• Federal Work Study

You do not have to pay back the above grants.
• Federal Direct Loans

The federal government uses a formula to determine the amount you will receive. The formula includes the cost to attend college based on the poverty level in the country. The formula is used for part-time and full-time students.

It is very important to apply early. You should apply six months (January to March) before the fall semester begins. You can apply at anytime during the academic (Fall and Spring) year. It may take two months to process by the government and campus. The PELL Grant is available throughout the year, but other grants have limited funding and may not be available if you apply late.

The U.S. Department of Education produces a Financial Aid - Student Guide.

WHAT IS THE CARE PROGRAM?
The Cooperative Agencies Resources for Education program (CARE) is for single parents who are receiving public cash assistance (TANF, AFDC, CalWORKS). The program assists students in achieving their academic goals and personal success. We understand the overwhelming feeling of trying to balance the responsibilities of an education and parenthood. The program assists qualified students balance those responsibilities by offering additional financial assistance and support services.
STATE FINANCIAL AID

The Board of Trustees of the Los Angeles Community College District, in compliance with the laws of California, have established regulations regarding traffic and parking on campus, including, but not limited to, the following:

1. Any motor vehicle parked at East Los Angeles College between the hours of 7:00 a.m. and 10:30 p.m. must display a valid parking permit either suspended from the rear view mirror (facing out) or on the driver’s side of the dashboard (facing up). Failure to display a valid parking permit will result in the issuance of a citation pursuant to California Vehicle Code (CVC) Section 21113(A).

2. It is the responsibility of the student/instructor to properly display their permit.

3. Purchasing a permit does not exempt a student from receiving citations.

4. Board Rule #7401 “The Board of Trustees or the District will not be responsible for damage, loss of vehicle or its contents unless the District is liable under the Government Codes 810 to 966.6 inclusive.”

5. Vehicles parked in violation of campus or CVC regulations may be cited and/or towed away at owner’s expense.

Failure to display a valid permit will result in the issuance of a parking citation (CVC 21113(A)).

8. Handicapped students are allowed to park in all student lots. There are designated handicapped parking stalls in every one of these parking areas. THE WRITING CENTER, E3-220
Helps students with all writing assignments. Our tutors are highly trained to help students develop and organize their thoughts, enhance their writing, and improve their grammar. We provide quality service to all students who wish to strengthen their writing and critical thinking skills. This assistance is available for all subjects including the Social Sciences, Nursing, Child Development, and English. Our tutors are dedicated to enhance student learning with guided personal input, and we encourage students to take advantage of the Writing Center’s one-on-one tutoring. We also offer group workshops, which cover topics such as brainstorming, developing and organizing ideas, writing thesis statements, analyzing texts, using proper punctuation, writing research papers, and researching in general.

Our purpose is to help students become stronger and more independent writers. However, the responsibility of making changes rests with students. During a tutoring session, tutors help students focus on their essay content while involving them in the learning process by having them reflect on their own work. When tutors read students’ essays, they primarily take a holistic approach by first concentrating on thesis development, paragraph structure, overall essay clarity, close reading of the text (if applicable), and then review grammar/syntax/punctuation error patterns. Tutors do not proofread; instead they patiently guide students through the writing process, offering detailed advice and explanations on the essay structure and grammar.

Because students are our priority, we open early in the morning and close late at night. The Writing Center also offers grammar support programs, which aid students in strengthening their grammar skills.

Since the Writing Center is a free and helpful campus resource, it is highly recommended that students visit at least once a week. Please make an appointment.

SUMMARY OF THE POLICY—PROHIBITED DISCRIMINATION AND HARASSMENT

Los Angeles Community College District
770 Wilshire Blvd. Los Angeles, CA 90017
213/891-2000

Any member of the college community which includes students, faculty and staff who believes, perceives or has actually experienced conduct that may constitute Prohibited Discrimination or Harassment, has the right to seek the help of the college. Every employee has the responsibility obligation to report such conduct to the Compliance Officer (CO).

WHAT CAN YOU DO ABOUT PROHIBITED DISCRIMINATION AND HARASSMENT?

Talk to the Offender
Often problems will stop once the offender realizes the conduct is unacceptable.

PUT IT IN WRITING
Let the offender know that you don’t like being treated this way and will report him/her unless it stops.

KEEP A RECORD
Record the date, time, place and names of witnesses and describe the exact nature of the incident.

DON’T IGNORE IT
Ignoring Prohibited Discrimination and hoping it will not be repeated is the most common reaction, yet it is the most ineffective way to deal with such incidents.

CONTACT THE COMPLIANCE OFFICER
Prohibited Discrimination should be reported immediately to the Compliance Officer or to another college administrator who will work with the Compliance Officer.

The Compliance Officer is always available to confidentially discuss any possible discrimination or sexual harassment complaint.

YOU HAVE THE RIGHT!

• To work and study in an atmosphere free of harassment & discrimination
• To be judged by the same criteria as all others, not by standards that are less demanding, or more rigorous, or different in any way.
• To complain, free of retaliation Discrimination may include, but is not limited to the following type of behavior:
  • exclusion from employment opportunities such as training, transfer or promotion
  • allocation of poor grades based on one’s protected class
  • denial of reasonable accommodation because of a disability
  • decisions based on stereotypes or assumptions about one’s abilities, traits or performance

Sexual harassment may include, but is not limited to the following type of conduct:
  • making unwelcome, unsolicited contact with sexual overtones (written, verbal, physical and/or visual contact)
  • unwelcome pressure for dates
  • display of sexually suggestive objects, cartoons, posters
  • request for sex in exchange for grades, recommendations, job opportunities

DEFINITION OF PROHIBITED DISCRIMINATION
Prohibited Discrimination is defined as discrimination or harassment in violation of state or federal law on the basis of actual or perceived ethnic group identification, race, color, national origin, ancestry, religion, creed, sex (including gender-based sexual harassment), pregnancy, marital status, cancer-related medical condition of an employee, sexual orientation, age, physical or mental disability, or veteran status.

DEFINITION OF SEXUAL HARASSMENT
Sexual harassment is unwelcome sexual advances, requests for sexual favors, and other verbal, visual or physical conduct of a sexual nature, made by someone from or in the workplace or in the educational setting.

FALSE ALLEGATIONS
Anyone who files a complaint in which he/she knowingly makes false allegations of fact shall also have violated this policy and shall be subject to disciplinary action.

CONFIDENTIALITY
All persons involved in investigation of complaints shall have a duty to maintain the confidentiality of the matters discussed, except as may be required or permitted by law, which include the rules and regulations of the District. A complete record of each complaint and investigation shall be kept by the Director of Diversity Programs. The Written Decision or any Settlement Agreement regarding the results of the investigation shall be placed in the personnel file of each employee involved as an alleged offender, alleged victim or complainant.
COMPLAINT PROCEDURE

GENERAL PROVISIONS

The Director of Diversity Programs is responsible for receiving complaints and coordinating investigations from within the District, from other governmental agencies, and from outside sources. Each College President shall designate a CO for the campus, not a faculty member, and the Chancellor shall designate the CO for the District Office. Each College President, in consultation with the ASO President, shall designate an employee who shall serve as Advocate for Students (AFS). All Supervisors shall be responsible for maintaining a work environment consistent with this policy. Any supervisor who becomes aware of a situation which could be reasonably perceived to be a violation of this policy must report it to the CO for his or her work site. All employees are responsible for maintaining an educational environment consistent with this policy. Any employee who becomes aware of a situation which could reasonably be perceived as a violation of this policy should refer it to the CO for his or her work site. A summary of the policy shall be published in each college catalogue and class schedule. A copy given to new employees. The entire policy posted prominently. Complaints may be filed by persons other than the person who is the recipient of unwanted conduct. Complaints may also be filed with the State Chancellor’s Office. The CO shall receive the complaint, and notify the complainant, alleged offender, the College President or District administrator, and the Director of Diversity Programs, within 5 business days of a potential violation of this policy. During the process of the investigation, the complainant/victim and the alleged offender have the right to be represented.

INVESTIGATION

The CO shall promptly investigate all potential violations of this policy of which he or she becomes aware. The CO shall notify both the College President or, at the District Office, the Deputy Chancellor, and the Director of Diversity Programs that an investigation is being conducted. Such an investigation may be initiated on the basis of a Complaint, a referral from a Supervisor or employee, or any other information indicating a potential violation of this policy from any other source. In the absence of a complaint form and/or a formal complaint, the CO shall conduct a preliminary investigation, which shall be completed within 30 days after the CO becomes aware of a potential violation. If, as a result of the preliminary investigation, there is a prima facie case of Prohibited Discrimination, the CO shall sign a formal complaint. A “prima facie” case means that there is evidence which, if unexplained or uncontradicted, would be sufficient to make a finding that discrimination had occurred. The formal investigation and Written Report shall be completed by a CO from another worksite. If there is not a prima facie case of Prohibited Discrimination, the CO shall advise the complainant and alleged offender in writing, with a copy to the College President or Deputy Chancellor, which may be appealed in accordance with these rules.

INFORMAL PROCEDURE

The CO shall undertake efforts to informally resolve and investigate the charges. This process is limited to 30 days. If a resolution is reached, the CO shall draft a Settlement Agreement to be signed by the alleged victim/complainant and the alleged offender. The CO shall monitor the situation to ensure that the resolution is properly implemented and maintain records.

COMPLAINT PROCEDURE

A written Complaint must be filed on the prescribed Los Angeles Community College Complaint form. The CO will have 60 days to investigate the complaint. Employment based Complaints shall be filed within 180 days. For a Complaint not arising from or related to employment, the Complaint shall be filed no later than one year from the date when the complainant knew or reasonably should have known of the facts underlying the Complaint.

CO’S REPORT

Within 60 days after becoming aware of a potential violation of this policy, the CO shall complete the investigation and make a Written Report to the College President, or Deputy Chancellor. The College President, or Deputy Chancellor, shall independently assess whether the “preponderance of the evidence” establishes a violation and shall determine what action is to be taken, if any. Prior to making the decision, the alleged offender and alleged victim shall have the opportunity to make an oral statement, within 15 days from the receipt of the CO report. Within 90 days from the start of the investigation a Written Decision shall be mailed to the complainant/victim and the alleged offender.

APPEALS

If the complainant/victim is not satisfied with the Written Decision, he/she may appeal to the District’s Board of Trustees by submitting a written appeal to the Chancellor’s Office within fifteen (15) days. The Chancellor shall present the written appeal, the Written Decision and the investigative report to the Board of Trustees in closed session. If the 45 days elapse without further action, the Written Decision shall be the final decision of the District. In non-employment cases the complainant has the right to file an appeal with the State Chancellor’s Office within 30 days after the Board decision is issued, or the 45 days have elapsed, whichever comes first.

ADDITIONAL REMEDIES

The complainant or alleged victim may pursue independently civil law remedies, including but not limited to injunctions, restraining orders, or other orders. An individual who believes that he/she is the victim of Prohibited Discrimination may also file a complaint with the Department of Fair Employment & Housing at (800) 884-1684, the Equal Employment Opportunity Commission at (213) 894-1000, for employment based complaints; and the Department of Education, Office for Civil Rights at (415) 556-4275, for non-employment complaints whether or not the complainant chooses to utilize the District’s internal procedure.

As part of East Los Angeles College’s continuing effort to ensure a safe college environment, the college has implemented a new rapid emergency communication system known as RaveMobile. This system allows East Los Angeles College to convey time-sensitive information within minutes, through a single communication to our students, faculty and staff. ELAC students and employees can sign up for emergency notification announcements via email and text message(s). In case of an emergency at the college, such as earthquake, gas leak, active shooter, power outages, ELAC can immediately notify students and employees about the situation and properly direct them to the safest areas.

For more information about how to register for the RaveMobile notification system please go to the following website:

**Emergency Procedures**

**Fire Alarms**
The fire alarm or evacuation order is signaled by a continuous bell. When activated, all occupants are required to vacate the building.

**Gas Leaks or the Threat of Explosion**
- Designated staff and/or the Sheriff’s Office personnel will contact each building, office, classroom or laboratory via ELAC’s emergency notification systems to advise specific areas of the need to evacuate to a safe location.
- No bells, cell phone, radios or bull horns will be used to announce the need to evacuate due to the possibility of detonation or explosion.
- The individual advising you to evacuate will direct you to a safe evacuation area.

**Earthquake**
At the first indication of a major Earthquake, drop to the floor and cover your head.
- Do not use elevators. Wait at the E.A.P. until receiving further instructions from either the assigned Safety Marshal or via ELAC’s emergency notification systems.

**Campus Violence**
Once you become aware of a campus violence situation, call the Sheriff’s Office at (323) 265-8800 or call 911.
- Try to ascertain if it is safer to evacuate the building or barricade yourself in the room.
- Attempt to remain calm and, if possible, wait for law enforcement instruction via ELAC’s emergency notification systems. Please register for RaveMobile text notifications at [http://alertme.elac.edu](http://alertme.elac.edu).

**Note:** Occupants of all buildings within designated zones will assemble at designated “Emergency Assembly Points” within the zone.
