Welcome back to ELAC!

Students, with everything that has happened during this pandemic, I want to stress more than ever that it's all about you. We are here to serve you, to meet your needs, to help you discover career paths, to get you transferred or certified. Over the past year and a half, ELAC and the Los Angeles Community College District have done what we can to smooth your paths and eliminate barriers, from putting technology in your hands for distance learning to helping with finances. As the world slowly emerges from this pandemic, I know our faculty and staff are eager to interact with you, whether in person or remotely, depending on your needs. Student equity is at the forefront of our decisions and we remain fully committed to providing you with the support services necessary to achieve academic excellence.

We are also committed to following and enforcing all COVID health protocols established by the District, Los Angeles County, and the State of California. We remain nimble and as these change, we adapt. For all who are returning to campus this fall, teamwork is critical. We need to take care of each other. Our ethic of care and compassion for one another must prevail during these difficult times. Please protect yourselves and all the people in our community by observing health and safety precautions. For the current protocols, check http://www.laccd.edu/About/News/Pages/Coronavirus.aspx frequently and pay attention to campus signage and announcements.

To respond to the varying needs of our students, a significant number of classes are returning to face-to-face mode. Many others remain online. As student needs emerge and change, we will adjust.

Many in our community have experienced loss during this pandemic—loss of loved ones, jobs, housing, well-being. Please know that our Student Services division is ready to help with online and in-person counseling, health care, financial aid, and academic support. Faculty and staff truly care about your success and are ready to support and encourage you. Let's do this together!

In Solidarity,

Alberto J. Román, DPA
President, East Los Angeles College
### ELAC MISSION

WITHDRAWING FROM A CLASS IS A SERIOUS DECISION

NEW STATEWIDE REGULATIONS ARE NOW IN EFFECT THAT CHANGE THE WAY STUDENTS SHOULD THINK ABOUT ENROLLING IN, AND THEN WITHDRAWING FROM CLASSES.

FROM NOW ON, A “W” COUNTS AS AN ATTEMPT AND YOU ONLY GET THREE ATTEMPTS AT ANY ONE COURSE.

AFTER THAT, THE STATE WON’T PAY THE COLLEGE FOR YOU TO TAKE THE COURSE AGAIN.

WHAT THIS MEANS FOR ELAC STUDENTS

• If you stay in a course past the “no penalty” withdrawal date and then drop it or are excluded, you receive a grade of “W” and you have used up one of your three attempts.
• When you have made three attempts at a class, with any combination of W, D, or F grades, you will not be able to register for the class again. You would have to try to take the class again at a college outside the Los Angeles Community College District.
• You may petition for one more try citing “extenuating circumstances;” however, for the most part the only extenuating circumstances that are allowed are military deployment or natural disaster.
• If your registration is blocked because of this rule, getting an add permit will not help.

WHAT YOU SHOULD DO

• If you’re going to drop, drop before the deadline so you won’t get a “W”.
• Be sure you’re academically ready for classes you enroll in.
• See a counselor to help you make good decisions about your educational plan.

Community colleges get most of their money from the state based on enrollment. Your fees cover only a fraction of the cost. Each class you enroll in results in compensation to the college from the state, and that is how the college stays open.

In the past a student could withdraw from the same course up to 4 times, and in addition repeat the course up to two times to try to improve a grade of D or F. In other words, you could get a “W” in the same course 4 times and complete the course up to three times until attaining a grade of “C” or better.
HOW TO APPLY AND REGISTER

STUDENT CATEGORIES

The faculty and staff are pleased that you chose East Los Angeles College to pursue your higher education. We are committed to help you succeed in accomplishing each phase of your educational program so you can finish your studies in the shortest time possible.

This section explains how you can enroll into the college, how you get your classes, and how much you can expect to pay in fees as well as the fee refund policies. In addition, this section explains the academic standards which the faculty and staff expect you to achieve while you are a student at East Los Angeles College.

For application and registration purposes, all students fall into one of the three categories listed below. It is important that you understand the category which applies to you.

Category 1: NEW STUDENTS — if you have never attended East Los Angeles College or any other Community College within the Los Angeles Community College District (known as the LACCD).

Category 2: RETURNING STUDENTS — if you attended East Los Angeles College or any other Community College within the LACCD in the past, but did not attend the last two semesters.

Category 3: CONTINUING STUDENTS — if you attended East Los Angeles College during the past two (2) regular semesters.

MATRICULATION PROCESS

STUDENT SUCCESS AND SUPPORT PROGRAM

Senate Bill 1456 revised and renamed the Matriculation Act of 1986 as the Seymour-Campbell Student Success Act of 2012. Signed by Governor Brown on September 27, 2012, the program began on January 1, 2013 and will be implemented through stages over a five-year period. The Student Success and Support Program supports the transition of new students into the college by providing services that promote academic achievement and successful completion of degrees, transfer preparation, career technical education certificates, or career advancement.

Effective Fall 2014, based on student responses to the East Los Angeles College application for admission, students will be identified as matriculating or non-matriculating. Students identified as matriculating are referred to core matriculation services: assessment placement, orientation, and counseling. Students must complete the assessment, placement, orientation, and counseling (abbreviated Student Educational Plan) prior to their priority registration date and time. Abbreviated Student Educational Plans (SEPs) are provided during the counseling led new student in-person orientations. After registration and sometime during the semester, a comprehensive Student Educational Plan must be completed within a reasonable time period by making an appointment to meet with a counselor. Nonmatriculating students are exempt from participating in the core matriculation services, but are advised to access these services if they plan to pursue a degree or certificate.

LOSS OF ENROLLMENT PRIORITY

Students, with the exception of foster youth or former foster youth, will lose registration priority the first available registration after they are placed on academic or progress probation, or any combination thereof for two consecutive terms or have earned one hundred (100) or more degree-applicable units in the District; however, non-degree applicable basic skills units do not count towards the 100 units.

APPEALING LOSS OF REGISTRATION PRIORITY

The college has established a Registration Priority Appeals Committee to review requests from students appealing the loss of registration priority. The appeal on loss of registration priority can be obtained at Admissions and submitted by the deadline dates (see Class Schedule) along with supporting documentation. A student may appeal on one or more of the following grounds:

a. The student has extenuating circumstances. Extenuating circumstances are verified cases of accidents, illnesses or other circumstances beyond the student’s control.

b. The student applied for reasonable accommodation for a disability, but did not receive it in a timely manner.

c. The student has demonstrated significant academic improvement. Significant academic improvement is defined as achieving no less than a 2.0 grade point average in the prior term and completed more than 50% of coursework.

The College’s Registration Priority Appeals Committee shall be final.

FOLLOW-UP

Counseling and teaching faculty provide a follow-up when significant academic improvement is demonstrated. Reassessment or other services may be recommended.

ADMISSIONS

APPLYING FOR ADMISSION

For more information on how to schedule a counseling appointment visit counapp. elac.edu.

FOLLOW-UP

Counseling and teaching faculty provide you a number of follow-up services to matriculated students. These services are designed to provide information regarding the student’s academic progress. Special services are provided to students on academic or progress probation, students in basic skills courses, and students who are undecided about their educational goals. Referrals to students are made to both on and off campus services when appropriate.

MATRICULATION EXEMPTIONS

All new students are expected to participate in the core matriculation services of...
Assessment, Orientations and Counseling. However, some students may be exempt from these services if one or more of the following apply:

• Student has completed an associate degree or higher.
• Student has enrolled at the college for a reason other than career development or advancement, transfer, attainment of a degree or certificate of achievement, or completion of a basic skills or English as a Second Language course sequence.
• Student has completed these services at another community college within a time period identified by the district.
• Student has enrolled at the college solely to take a course that is legally mandated for employment as defined in section 55000 or necessary in response to a significant change in the industry or licensure standards.
• Student has enrolled at the college as a special admit student pursuant to Education Code Section 76001.

If you meet one of these conditions you will be exempt from the core matriculation services and shall be notified at the time of submitting the admission application.

EAST LOS ANGELES COLLEGE POLICY ON ACADEMIC HONESTY

Approved February 28, 2006 by the Academic Senate and Vice President of Student Services

Students, you are expected to refrain from engaging in the following behaviors:

1. Using, receiving, or providing unauthorized information during tests or on any written assignments.
2. Changing answers on assignments after work has been graded.
3. Using unauthorized electronic devices, such as cell phones, PDAs, electronic dictionaries, IPODs, etc.
4. Having another student take an examination for you or taking an examination for another student. Photo identification may be required at the first examination.
5. Plagiarizing or presenting someone else’s work as your own.
6. Forging or altering registration documents, grades, or add permits.
7. Bribing or attempting to bribe an instructor or other college official for grade consideration or other special favors.
8. Violating any other standard that an instructor identifies as cheating in that particular course or subject area.

When there is evidence of academic dishonesty, the instructor may issue the student a zero or “F” on that particular assignment or test. The instructor may also initiate student discipline under LACCD Board Rule 91101, which may include the issuance of a verbal or written warning. Pursuant to LACCD Board Rule 91101.11 (a), the Vice President of Student Services will place documentation of such warnings in the student’s file.

Any student concerned about the implementation of this policy should review the College Catalog Student Information, where he/she will find references to the Student Grievance Procedure and the relevant Board Rules. He/she may also contact the VP of Student Services.

CONTINUING STUDENT REGISTRATION PROCESS

PRIORITY REGISTRATION

Continuing students have priority in the selection of courses over all new and returning students. Priority appointments are based upon the number of units completed at all Colleges in LACCD. Registration appointments are emailed at least two weeks before their appointment date and time to their email address on record with the Admissions Office. Students may also access the Student Information System at https://eweb4.laccccd.edu/WebStudent/signon.asp to obtain their registration appointment; failure to register for classes on the scheduled appointment date and time, forfeits priority status.

SEE A COUNSELOR

All students must complete a Comprehensive Student Educational Plan (CSEP) by the time they complete 15-degree applicable units. Counseling appointments may be scheduled by contacting the counseling department in-person, telephone, or using the online scheduling system. For more information on how to schedule an appointment visit counappt.elac.edu. Plan ahead and schedule your appointment before registration periods begin!

SCHEDULE OF CLASSES

Continuing students will be provided a free schedule of classes at the college bookstore when they present an ELAC student ID card. The schedule is also available two weeks prior to the start of registration online at www.elac.edu.

PREREQUISITES

All students must clear prerequisites before registering for courses with listed prerequisites. Students currently enrolled in the prerequisite course will be allowed to register for the next level course. If a student drops or does not pass the prerequisite course their enrollment will be swept from the course requiring the prerequisite completion. All prerequisite completion petitions need to be submitted to the Admissions Office before the deadline date listed in the class schedule. Prerequisite challenges are submitted to the respective department.

ENROLLMENT PROCESS FOR NEW AND RETURNING STUDENTS

1. ADMISSION APPLICATION

COMPLETE AND SUBMIT AN ADMISSIONS APPLICATION ONLINE OR IN-PERSON.

Online – Complete and submit an admissions application online at www.elac.edu. You will receive registration and matriculation information through email within 2 days of submission.

In-Person – Complete and submit an admissions application in person at the Enrollment Center or Admissions Office at the South Gate Educational Center. You will need to bring the following documentation.

A. REQUIRED DOCUMENTATION FOR ADMISSION:

You will need to bring the following documentation in order to process your admissions application and to determine residency tuition fee purposes.

• Identification: Driver’s License, Photo Identification Card, Passport or any other form of identification.

• Social Security Card: A student’s social security number will be utilized for Financial Aid purposes only. A student ID number can be assigned in lieu of the use of social security number.

• Residency:

1. Non-U.S. Citizens will need to provide legal documentation to determine tuition fees. Documents to bring include Permanent Resident Card, Employment Authorization Card, Passport, Visa or other original immigration documentation.
2. Non-CA Residents: if you have lived in CA less than two years, submit proof of California residence.

B. MINOR STUDENTS ENROLLED IN GRADES K TO 12TH

Additional documentation is required for special admit students enrolled in grades K to 12th:
- Supplemental Application for Admissions of Students Enrolled in grades K ~ 12th: must be signed by the parent or legal guardian and home school principal or designee.
- If enrolled in grades K to 8th or under 14 years old, approval to attend college is determined by a campus committee. Potential students need to submit the documents listed in addition to home school transcripts, support letter from home school official and personal statement from the student. Supporting documents must be submitted two weeks prior to the start of the college term. Submission of documents does not guarantee admission.

C. CALIFORNIA RESIDENCE REQUIREMENT

- A California Resident is defined as one who has established both physical presence and intent to make California and the United States their permanent home, for more than one year from the Residency Determination Date. The Residency Determination Date is defined as the day immediately preceding the opening day of instruction. Physical presence is defined as continuous physical presence within the State of California, excluding temporary absences. Intent to make the United States the permanent home is determined based upon acceptable evidence submitted by the student, showing intent to make the United States the student’s permanent home and evidence showing the student is not precluded from establishing permanent residency in the United States. For minors under the age of 18, residency will be derived from their parent or legal guardian. Check with the Enrollment Center/SPARC regarding your particular status.
- A Non-California Resident student is one who has not resided in the State of California for more than one year and the day immediately preceding the Residency Determination Date or who has shown conduct inconsistent with a claim for United States residency or who is precluded from establishing domicile in the United States. Non-residents, except those who have temporary United States visas, still may attend the college subject to non-resident tuition fees as established by the District’s Board of Trustees.

D. RESIDENCE RECLASSIFICATION

Students who have been classified as non-residents may submit a Supplementary Residence Questionnaire to be reclassified as California resident if their status has changed. The Supplementary Residence Questionnaire is available online or at the Enrollment Center/SPARC and must be submitted prior to the semester start date with the appropriate documentation showing both physical presence and intent to make California their permanent home, for more than one year.

E. RESIDENT APPEAL

A student may appeal the final residence classification determined by the college. The appeal must be made within 30 calendar days of receipt of notification of the residence classification. The appeal must be submitted in writing to the college Admissions Office, who will forward it to the District Residency Appeal Office.

F. FEES FOR NON-RESIDENT VISA HOLDERS

- Foreign Residents – Students with visas which require residency in the country granting the visa or who have not applied towards United States residency status for over one year before the start of the semester will be required to pay an enrollment fee of $48 per unit and additional non-resident tuition fee of $282 per unit.
- Non-California Residents – United States Citizens and Permanent Resident Card Holders who have lived in California for less than one year will be required to pay an enrollment fee of $46 per unit and additional non-resident tuition fee of $282 per unit. *Fees are subject to change at any time by Board action.

G. NON-RESIDENT TUITION EXEMPTIONS

Certain Non-resident students may be exempt from paying non-resident fees:
- AB540 – Non-resident students who have completed at least three (3) years and graduated from a California High School may be eligible to have non-resident tuition waived. A student must not be under a non-Immigrant Visa status, such as B-2 (tourist) or F-1 (student) visas and must have or are planning to apply for resident status in the United States.
- Non-Resident Fee Waiver – Non-resident students may be exempt from the nonresident tuition fee, if the nonresident has demonstrated a financial need for the exemption.
- Non-resident tuition exemption certification forms are available at the Enrollment Center/SPARC or South Gate Educational Center and online at http://www.elac.edu/admissions/forms.htm.

2. ASSESSMENT PLACEMENT PROCESS

Effective Fall 2014, based on student responses to the East Los Angeles College application for admission, students will be identified as matriculating or non-matriculating. Students identified as matriculating are referred to core matriculation services: assessment, placement, orientation, and counseling.

A. PARTICIPATE IN THE ASSESSMENT PLACEMENT

The computerized assessment placement tests are not pass/fail tests, but instruments to assist in properly placing students into English, Reading and Math courses. The assessment course placement results will provide guidance and information needed for a successful experience at East Los Angeles College, as well as assistance in selecting classes. Please refer to the Assessment Check-in Form & Calendar (available in the Assessment Center and online at www.elac.edu) for the assessment lab hours.

3. NEW STUDENT ORIENTATION (NSO)

After participation in the Assessment Placement Process, students must complete a New Student Orientation. Students may also participate in the online New Student Orientation by going to onlineorientation.elac.edu.

A. ADVISEMENT/COUNSELING

All new and returning students must complete an Abbreviated Student Educational Plan (ASEP). The ASEP will outline courses students should enroll in and complete in order to achieve their stated educational goal/program of study. During the in-person NSO, counselors will develop an Abbreviated Student Educational Plan (ASEP) for all students in attendance. Students who complete the online NSO will receive an ASEP after presenting their online NSO confirmation page to the general counseling office.

B. OTHER EXAMS OFFERED

- LACCD Math 115 Competency Exam – alternative to meeting the math competency requirement for AA/AS graduation purposes only (applicable to all students entering prior to Fall 2009).

For more information please visit or call the Assessment Center (E1-183) at (323) 415-4141.

4. COURSE REGISTRATION

A. SELECTION OF CLASSES

Use Section Two of this Schedule of Classes to find the course names and section numbers for the courses you want to take. When choosing your courses, be sure that the meeting day and time of each course does not conflict with the meeting day and time of any other course you are planning to take.

B. ALTERNATIVE COURSE SELECTION

After you have selected your first choice courses, go through the selection process again and select your second choice courses. If your first selection is full you will have the option to select your second choice. Please consider several alternative choices for class day and times.

C. CHECK PREREQUISITES/COREQUISITES

Verify that you have met all prerequisites and/or corequisites prior to enrolling in courses. Students who do not meet the requirements will be blocked from course registration.

D. COUNSELING

For suggestions on which courses to select, visit the counseling department to schedule an appointment for a Comprehensive Student Educational Plan. Visit counappnt.elac.edu for information on how to schedule an appointment with a Counselor.

E. REGISTRATION OPTIONS

Students may register for classes on the designated appointment time and make program adjustments through any one of the two options listed below. STUDENTS WILL NOT BE PERMITTED TO REGISTER BEFORE THE APPOINTMENT DATE AND TIME.

- Online Registration: Don’t wait in line registereat elac.edu. Students may register using the internet by logging on to the Student
Information System (SIS) at www.elac.edu. To access the SIS the student will need to provide the Student ID number and four digit Personal ID number (month and day of the student’s birthday).

• In-Person Registration: Students may register in-person at the Admissions Office. Students will need to bring a photo ID. Students should complete the Course Selection Worksheet prior to registration. Students will be provided a Course Request Card to complete the registration process.

5. PAYMENT OF FEES

FEE WAIVER
Students may visit the Financial Aid Office to see if you are eligible for a California College Promise Grant (CCPG) formerly known as BOG Fee Waiver, which will pay for enrollment fees. All CCPG eligible students must pay the health fee.

Payment is required to complete enrollment. Students should pay all fees and tuition at the time of registration. Failure to pay all fees will result in restrictive holds to be placed on the student’s records.

PAYMENT OPTIONS
Students can make payments either online on the students portal or go to the Fiscal Office in 91-107 and present a valid picture ID to pay for all fees. We accept cash, check, money order, and credit cards. Pay for ASU membership first to receive a sticker on the back of your student ID. Once all fees are paid for, the registration process is complete.

6. STUDENT PHOTO ID

New and returning students are required to go to the “Picture Identification Station” to obtain their personalized Student ID Card.

DO NOT lose this card! You will need it for the entire time that you are a student at East Los Angeles College. If you lose your Student ID Card, you will need to obtain a duplicate.

ENROLLMENT FEE FOR CALIFORNIA RESIDENTS
California residents are required to pay an enrollment fee of $46 per unit plus a mandatory Health Fee. For example, if you take 10 units of classes during the fall/spring semester, the cost will be:

$460 + $19.00 = $479.00

Applicants for student financial assistance, who are enrolled in units at more than one college, may combine their unit load from each college to meet the enrollment levels required to receive financial aid. Contact the campus financial aid office for procedural details.

*Fees are subject to change by the California Legislature.

STUDENT ID NUMBER INFORMATION

In accordance with state legislation, new students will be issued a student ID number at the time of application. Every student ID will begin with the numbers “88” or “90.”

ADDING AND DROPPING CLASSES

ADDING BEFORE THE SEMESTER BEGINS
During the enrollment period prior to the start of classes, students wishing to add classes which have reached the enrollment limit can add themselves to the waitlist. A process will run through the day that will automatically enroll students in the class if the waitlist is full. For example, if you take 10 units of classes during the fall/spring semester classes, summer and winter intersession.

ADDING AFTER THE SEMESTER BEGINS
After classes begin, students actively enrolled in the class who do not show up for the first class meeting MAY be dropped by the instructor. If a student is added to the waitlist from the waitlist, and then added to the class, you will lose your place on the waitlist and the next student on the waitlist may be added instead.

IMPORTANT DETAILS YOU SHOULD KNOW

• Being added to a waitlist does not guarantee enrollment in the class.
• All corequisite or prerequisite must be satisfied before you will be enrolled from the waitlist.
• You will not be enrolled from the waitlist if the class conflicts with times on your existing class schedule.
• You can view your waitlist position in your online student portal. Click on Academics Menu and then click on Class Schedule.
• You can remove yourself from a waitlist the same way you would drop a class in your online student portal.
• During the primary terms of fall and spring, students will be limited to enrolling for no more than 19 units, and during the winter and summer will be limited to registering for no more than 9 units district-wide. The maximum waitlist units are 12 for fall and spring and 9 for winter and summer.
• You may sign up for multiple waitlists for the same discipline/class; however, if you are moved from the waitlist to an open space, you will be removed from the alternate waitlist for the same discipline/class after acceptance.

NO SHOW

Actively enrolled students who are not present at the first class meeting MAY be dropped by the instructor, and their seat result may be given to a student on the waitlist.

ADD CODE
Students who are granted to add a class after the course has started will be given an add code to be used by the student to immediately register online for the course.

AUTO-ENROLLMENT FROM THE WAITLIST FREQEUNTLY ASKED QUESTIONS

CAN ANY STUDENT GET ON A WAITLIST?
You are eligible to be placed on the waitlist if: there are waitlist openings for a class section, you meet the class prerequisite, you have no repeat errors, you have no holds on your records, or the class units will not exceed your maximum units allowed.

WHAT IS AUTO-ENROLLMENT FROM THE WAITLIST?
This is a daily process that enrolls students into classes from the waitlist. Once the class is full it is marked as closed then only students from the waitlist may be enrolled in the course. If one seat becomes available in a course, then student number one on the waitlist is automatically enrolled from the waitlist provided there are no holds, time conflicts, prerequisites, repeat issues, or duplicate course errors.

HOW DOES THE WAITLIST PROCESS WORK?
When seats become available in a closed class section, the class remains closed until a process runs that automatically enrolls students from the waitlist. The class remains closed until the waitlist capacity has been met, whichever comes first.

If a student does not meet the criteria to enroll in the class (see FAQ #1), the process will select the next student on the waitlist according to their position number.

Students that were on the waitlist and were auto-enrolled will maintain their position number. Students will have an opportunity to be auto-enrolled the next time a seat is made available, if they resolve the issue that prevented them from being auto-enrolled previously.

If the waitlist process runs and no students are enrolled, then the class will open and other students will be given the opportunity to enroll (even if there are still students on the waitlist that did not meet the criteria to be auto-enrolled).

If there are no students on the waitlist, the class will open as usual when seats are made available.

IF AN ENROLLED STUDENT DROPS CLASSES HOW ARE STUDENTS MOVED FROM THE WAITLIST INTO THE OPEN SEATS?
Students are auto-enrolled from the waitlist into the course by their priority ranking on the waitlist. For example, if a class is full, and three students drop, students ranked 1, 2, and 3 will be auto-enrolled from the waitlist. The student who was previously ranked number 4 will now be ranked number 1. If another student drops the course, he or she will be the next student to auto-enroll. This scenario will continue until the waitlist is empty, or the class is full, or the waitlist is closed at 11:59 PST two days before the session begins.

By adding themselves to the waitlist a student is acknowledging that they understand that they will be autoenrolled and will be responsible for the enrollment fees and/or dropping the classes if necessary.
HOW DO I KNOW I WAS MOVED FROM THE WAITLIST TO THE ACTIVE CLASS?

If you are moved into a class from the waitlist, an email will be sent to the student’s LACCD email account notifying them of the registration. It is important that you activate and monitor your LACCD emails during the registration period. If you decide you do not want to be enrolled in the class after you are moved from the waitlist, you must officially drop the class.

WHEN IS THE FIRST AND LAST DAY TO GET ON A WAITLIST FOR A CLASS?

Students cannot get on a waitlist until their enrollment appointment or open enrollment has begun. The last day to get on a waitlist for a class will be 11:59 p.m., two days before the session begins.

Waitlists are only available once the class has reached the enrollment capacity. For an extremely popular course the waitlist may be activated very early in the registration period.

HOW DO YOU KNOW IF A CLASS HAS A WAITLIST?

The waitlist option is only available once all seats in a class have been filled and the section closes. When a Class Search is performed to include these closed classes, users will notice a yellow triangle beside classes that have available waitlist seats. Once the waitlist capacity has been reached, the waitlist feature is unavailable and the blue closed class icon will display beside the section in Class Search.

DO ALL CLASSES HAVE A WAITLIST?

Not all classes have waitlists. If a course is listed as Instructor Consent, a waitlist is not available. Some disciplines do not use the waitlist functionality.

HOW MANY UNITS CAN THE STUDENT BE WAITLISTED FOR?

Student may be on 12 units of waitlist in the fall and spring semester and 9 units for winter and summer.

ARE THE WAITLISTED UNITS COUNTED INTO THE STUDENT’S TOTAL UNITS FOR THE SEMESTER?

No. They are considered as two separate lists: Total units enrolled and total units on the waitlist. For example, a student may enroll in 18 units districtwide and they are enrolled in 15 units and have 6 units on the waitlist that is fine. Even though 15 + 6 = 21, which is greater than 19, this is a not a problem.

CAN THE STUDENT BE WAITLISTED FOR MORE THAN ONE SECTION OF THE SAME CLASS?

Yes. A student can waitlist multiple sections of the same class. They cannot pick their preference. The waitlist process will enroll the student into the first available seat according to descending class number. If the student is enrolled in a waitlisted class, the remaining waitlist requests for the same class will be automatically dropped.

For example, a student attempts to waitlist an English 101 class number 10000 and English 101 class number 20000. If English 101, 20000 has a seat available and the student is eligible for enrollment they will be enrolled into the course and dropped from the English 101, 20000 waitlist. If both classes have seats available the student will be enrolled into the English 101, 10000 course and dropped from the English 101, 20000 waitlist because 10000 is lower than 20000. If the student is on multiple waitlists and they are enrolled, they will be dropped from all of the other waitlists for that course.

WHY WASN’T A STUDENT ENROLLED FROM THE WAITLIST WHEN A STUDENT DROPPED FROM THE ACTIVE CLASS?

There are several reasons why this can happen.

• The system does not make updates instantly. The processing happens on a pre-programmed schedule. If a student drops the class in the morning, the waitlist process will automatically enroll the next qualified student when the auto-enrollment cycle is programmed to run.

• The auto-enrollment may have exceeded the maximum number of units for the student’s course load. This is 19 units for fall and spring semester, 9 units for winter and summer, but the maximum course load can be less if the student is a concurrently enrolled high school student or an academic or progress probation.

• The course may have prerequisites or co-requisites that have not been met.

• The student has registration holds. This might be caused by outstanding fees, an incorrect social security number, missing documents or other problems. These issues need to be corrected before any auto-enrollment can be completed.

• The class time conflicts with another class in which they are enrolled.

• The student attempted the class three times.

CAN A STUDENT BE BOTH ENROLLED AND WAITLISTED FOR DIFFERENT SECTIONS OF THE SAME CLASS?

Yes, but the student cannot be enrolled into both classes.

• For example, suppose that a student was enrolled in Math 125, 10000 which meets on Mondays. They would prefer Math 125, 20000 which meets on Tuesdays. The student places themselves on the waitlist for Math 125, 20000. They will NOT be enrolled into that class even if they are eligible and there is a seat available. They must first drop themselves from Math 125, 10000 class.

• For classes that are very popular it is in the best interest of the student to remain in the class as enrolled. An attempt to drop the classes to get a better schedule time can often be detrimental to the student because several other students will be competing for the available enrollment seat.

CAN A STUDENT WAITLIST FOR A CLASS THAT CONFLICTS (IN MEETING TIME) WITH AN ENROLLED CLASS?

Time conflicts will not be checked at the time that the course is added to the waitlist. At the time of the auto-enrollment, time conflicts will be checked. If there is a time-conflict, the student enrollment will not be processed. They will not lose their place in the waitlist queue, but will remain there until the conflict is resolved. The students of lower ranking, but with no time conflicts, will be auto-enrolled before them.

It is in the student’s best interest to not waitlist a course that would present a time conflict. Time conflicts cannot be overridden even if there is a small time overlap.

CAN A STUDENT CHANGE THEIR WAITLIST CLASSES?

Yes, the student can change the courses in their waitlist at any time. There is a limit to the number of students that can be on a specific course waitlist. If you drop yourself from the waitlist, then want to add yourself back to the same waitlist, your position number will be different. By dropping from the waitlist you will forfeit your placement on the list.

WHAT HAPPENS IF THE STUDENT IS NOT AUTO-ENROLLED FROM THE WAITLIST AND THE SESSION BEGINS THE NEXT DAY?

To try to enroll in the waitlist class, you must attend the first class session and ask the instructor for a permission number. Only the course instructor can provide a permission number. The student will then enroll into the course with the permission number.

CAN A STUDENT ADD ANY CLASSES TO THEIR WAITLIST?

Yes, unless the class is listed as Instructor Consent, or there is a course prerequisite. Any issues related to course requirements will be checked at the time of auto-enrollment, not at the time that the course is added to the waitlist.

The prerequisite requirements for a course will be checked when the student attempts to add the course to the waitlist and at the auto-enrollment time. If a student has not satisfied the course prerequisite they will be blocked. It is presumed that a student concurrently enrolled in a prerequisite class will pass it and therefore satisfy the prerequisite requirement for the next class in the following semester.

• For example, a student is enrolled in Spanish 1 and they wish to waitlist for Spanish 2 for the next semester that request is permissible. If a student has taken Spanish 1 and received a substandard grade such as an F, they will not be allowed to waitlist Spanish 2 because the student has not satisfied the course prerequisite.

• If the prerequisite is not satisfied after the grades are posted, the student will be dropped from the course.

CAN A COURSE BE CANCELLED WHILE A STUDENT IS ON THE WAITLIST?

Yes, at times there may be a need to cancel a course. This means that the waitlist associated with that course will also be cancelled.

HOW DO INSTRUCTORS KNOW WHO IS ON THE WAITLIST?

Faculty can view their waitlists by using the Faculty Self-Serve in PeopleSoft.
CAN STUDENTS SEE WHO ELSE IS ON THE WAITLIST FOR A CLASS?
No, a student can only view his or her own status on the waitlist for a class.

CAN A STUDENT CHANGE THE GRADING OPTION FOR A WAITLISTED CLASS?
No, this is not supported while the course is in the waitlist. If and when the student is auto-enrolled from the waitlist, they can change the grading basis if the course supports grading options.

CAN A STUDENT'S WAITLIST RANK BE CHANGED AFTER IT WAS CREATED?
If a student on the waitlist is auto-enrolled in a class, the next student will move up on the waitlist and be issued a higher waitlist number.

CAN FACULTY CHANGE THE WAITLIST ORDER?
No. The waitlist cannot be modified by an instructor.

IF THE STUDENT HASN'T MET THE PREREQUISITES, CAN THE STUDENT REGISTER FOR A CLASS OR FOR A WAITLIST?
No. The student cannot request to place a course on the waitlist if the prerequisite is not satisfied. If the student has taken the prerequisite course at another college outside of the LACCD, then the student must visit the Admissions and Record's office to complete and submit the prerequisite challenge form. When approved, the online information system will recognize that the prerequisite has been satisfied.

The only exception is if the student is presently enrolled in the prerequisite course. The system assumes that the student will satisfactorily complete the course with a passing grade and therefore be eligible for the next course.

WHAT ARE THE CHANCES OF GETTING INTO A CLASS IF THE STUDENT IS ON A WAITLIST?
It is entirely possible that a waitlist ranking of #1 may still not result in an auto-enrollment for a course. This course may be a very popular course and actively enrolled students might not drop out. Another course may have a good number of student drops and several students on the waitlist could be auto-enrolled.

Students should use the waitlist as a strategy to improve their course selection, but they should not assume they will get their waitlisted course.

IF A STUDENT IS RANKED NUMBER 1 ON THE WAITLIST DOES THAT MEAN THAT THEY WILL BE AUTO-ENROLLED IN THE COURSE AS SOON AS A SEAT IS AVAILABLE?
Yes, if there is a seat available and there are no issues related to the auto-enrollment. Problems include:
- Enrollment in another section of the same course.
- Time conflicts
- Student registration holds
- Unsatisfied prerequisites or corequisites
- Exceeding term unit limits
- The student has already taken the class

HOW OFTEN CAN THE STUDENT CHECK ON THEIR WAITLIST STATUS?
The student can view their waitlist status at any time that the online student self service is available. Except for scheduled system maintenance, the system is available every day, 24/7.

WHAT IF THE STUDENT DOES NOT GET INTO A CLASS FOR WHICH THE STUDENT IS WAITLISTED?
The student may attempt to take the class another semester or take a different section of the same course or can attend the first day of class and request a permission number from the instructor.

IF AN ENROLLED STUDENT DROPS A FULL CLASS AND A SEAT OPENS, DO WAITLISTED STUDENTS GET IN FIRST?
Yes, ONLY the waitlisted students may enroll in the course.

ARE STUDENTS REQUIRED TO PAY FOR A CLASS IF THEY ARE ON THE WAITLIST?
No. Students only pay for classes after they are actively enrolled.

Enrollment fees are assessed after a student is officially registered in a class and must be paid by the fee payment deadline. To view the enrollment fee due dates, click on "Student Account" tile on the Student Portal homepage and Charges Due for details.

If students are approved for a California College Promise Grant formerly known as BOG Fee Waiver or have anticipated financial aid your Account Inquiry page will reflect the award.

Enrollment may be cancelled for some or all of your course(s) if payment is not made in full by the fee payment deadline. It is important to remember that placement on a waitlist does not guarantee a seat in the class. Students on a waitlist after classes begin should attend the first class meeting to determine if space is available.

CAN A STUDENT BE DROPPED FROM THE WAITLIST?
Yes. A student may drop themselves from the waitlist.

HOW MANY WAITLIST SEATS ARE AVAILABLE FOR EACH CLASS?
The number of seats on the waitlist is determined by the academic department. The waitlist number can vary by subject and course.

CAN STUDENTS’ WAITLIST FOR MORE THAN ONE SECTION OF THE SAME CLASS?
Students can waitlist for multiple sections of the same class, with the following stipulations:
- Students cannot choose their preference for which section they will be auto-enrolled first. The waitlist process will enroll the student in the section that has the first available seat.
- Once enrolled in one of those classes sections, students will be automatically dropped for the other waitlisted sections for that course.

If students are already enrolled in another section of the same class they want to waitlist, the SWAP feature should be used to enroll and waitlist for the closed section.

WHEN SHOULD THE “SWAP” ENROLLMENT FEATURE BE USED?
If students are already enrolled in another section of the class for which they want to waitlist, SWAP should be used. If students use the ADD enrollment feature to get on a waitlist for a different section of the same class, they must DROP the section in which they are enrolled before they will be moved from the waitlist.

Students may also want to use SWAP if there is a known time conflict between an already enrolled class section, and the section for which they want to waitlist. If students get on a waitlist using the ADD enrollment feature, they will not be auto-enrolled into the waitlisted class until they DROP the class that presents the time conflict or the class.

Finally, students may want to use SWAP if they are already enrolled in the maximum number of units for a term and want to still get on a waitlist. If a student gets on a waitlist using the ADD enrollment feature, they will not be auto-enrolled into the waitlisted class until they DROP a class that would allow the waitlisted class to fall within the maximum number of allowable units to be enrolled in for a semester.

If students are not enrolled from the waitlist due to any of these issues, they will be passed over and the next eligible student on the waitlist will be auto-enrolled.

CAN STUDENTS GET ON A WAITLIST IF THERE IS A TIME CONFLICT WITH A CLASS SECTION IN WHICH THEY ARE ALREADY ENROLLED?
The self-service enrollment process does not handle time conflicts. If a student has a known time conflict, they should use the SWAP feature when getting on a waitlist for a section that presents a time conflict with an already enrolled class. That way, if a seat opens in the close section the student will be automatically dropped from the previously enrolled section.

COURSE DROPS AND WITHDRAWALS
20% of the term – No record: Students who drop or withdraw from a course by filing the appropriate drop card with the Admissions Office before the end of 30% of the term will not have the course recorded on their transcript.

75% of the term – W is recorded: Students who drop or withdraw from a course between 20–75% of the term will have a notation of “W” (withdrawal) recorded for the dropped course on their transcript. Effective Fall 2009 Title V limits the enrollment in the same course in which a student has received four (4) “Ws”.

After 75% of the term – Grade required: Students who remain in a course beyond 75% of the term shall be given a grade by the instructor for that course. THE GRADE CANNOT BE a “W” (withdrawal). The grade given by the instructor must be one of the following: A, B, C, D, F, INC., Pass or No-pass.

ATTENDANCE POLICIES
REGULAR ATTENDANCE
The student is expected to attend every meeting of all classes for which he or she is registered. Attending a class without being registered is contrary to the Los Angeles Community College District rules and cannot be used as the basis for a petition to add a class. Students who have enrolled for a class and who do not attend or who are late or absent from the first meeting of the class forfeit their right to a place in the class.

Mitigating circumstances may be considered by the instructor. Whenever absences in hours exceed the number of hours the class meets per week, the student may be excluded from class by the instructor.

1. If a student stops attending a class, it is the student’s responsibility to officially drop the class.
2. It is the student’s responsibility to consult with his or her instructor regarding any absences that could result in exclusion.
3. Concurrent enrollment in more than one section of the same course during a semester is not permitted. Violation of this regulation will result in exclusion from class and denial of course credit in both courses.

TARDIES
Three tardies will be considered the equivalent of one hour of class absence. Continued tardies may result in exclusion.
EAST LOS ANGELES COLLEGE • SPRING 2022 SCHEDULE OF CLASSES

PREREQUISITE, COREQUISITE, AND ADVISORY DEFINITIONS

PREREQUISITE
A prerequisite is a measure of readiness for a course or program that a student is (REQUIRED) to meet as a condition of enrolling in a course or program. A prerequisite may be a course, activity, audition, test or similar measure of readiness. Prerequisites in many disciplines are now checked by computer and are strictly enforced.

COREQUISITE
A corequisite is a requirement that (MUST) be satisfied at the time a particular course is taken; usually a corequisite is concurrent enrollment in another course, but may, in certain situations, be completed at an earlier time.

ADVISORY
An advisory is a measure of readiness for a course or program that is (RECOMMENDED) for students. May be a course, activity, audition, test, or similar measure of readiness.

REGISTRATION LIMITATION
All students need to demonstrate they meet the prerequisite or corequisite requirement in order to register for the course. If a student meets the requirement through satisfactory completion of a course at East Los Angeles College or through Assessment placement, you will automatically be cleared for course registration. If you meet the course prerequisite or corequisite through other methods, you must submit a “Student Prerequisite or Corequisite Completion Petition” to Admissions by the deadline date, with supporting documents.

STUDENT PREREQUISITE OR COREQUISITE POLICIES
It is the student’s responsibility to know and to meet all course prerequisites. These requirements are indicated following the course name and number. If prerequisites have been met at another college, students must file a “Prerequisite Completion Petition” with an unofficial transcript or assessment results.

Students who wish to challenge prerequisites or corequisites must file a “Prerequisite or Corequisite Challenge Petition” by the deadline date with documentation sufficient to support the challenge. In keeping with requirements and provisions of Section
55201(f) of Title 5 and Section I.B 1-3 of the Los Angeles Community College District Model Policy, East Los Angeles College has an established procedure by which any student who has completed the petition is filed, the student shall be notified of the decision on the completion petition to the Dean of Admissions and the challenge petition to the Dean of Academic Affairs (GI 207).

5. Notification of the appeal decision will be sent to the student within five working days after its receipt by the Office of Admissions or Academic Affairs.

UNIT LOAD
The normal class load for full-time students in the Fall or Spring semester is from 12 to 19 units per semester. Students who will be employed while attending college should reduce their programs accordingly. A college program of 15 units is equivalent to at least a 50 hour work week for most students. A student who desires to take more than 19 units must obtain approval from a counselor or in E1 Building.

PROGRAMS THAT REQUIRE A MINIMUM NUMBER OF UNITS
- International Students: 12 units
- Student Body Officers: Day 9 units, Evening, 6 units
- Athletes: 12 units including a Physical Education course or courses
- Social Security Program: 6 units
- EOPS Students: 12 units
- Financial Aid Students: At least 6 units

COLLEGE CATALOG
The current college catalog is available in the College Bookstore, online and Fiscal Office.

CLASSES OPEN TO THE PUBLIC
It is the policy of the District that, unless specifically exempted by statute, every course, course section or class, the average daily attendance of which is to be reported for state aid, wherever offered and maintained by the District, shall be fully opened to enrollment and participation by any person who has been admitted to the college(s) and who meets such prerequisites as may be established pursuant to Chapter 2, Division 2, Part IV, Title 5 of the California Code of Regulations, commencing with Section 51820 (Adopted by Board action April 8, 1977).

CLASSES SUBJECT TO CHANGE
The Los Angeles Community College District and East Los Angeles College have made every reasonable effort to determine that everything stated in this class schedule is accurate. Courses and programs offered, together with other matters contained herein, are subject to change without notice by the administration of the Los Angeles Community College District or East Los Angeles College for reasons related to student enrollment, level of financial support, or for any other reason, at the discretion of the District and the College. The District and the College further reserve the right to amend, or repeal any of their rules, regulations, policies, and procedures.

PRIVACY ACT/STUDENTS’ RIGHTS
Congress has provided in the “Family Education Rights and Privacy Act” that students have certain rights.
- Right to inspect and review their educational records.
- Right to request amendment of records if a student believes that records are inaccurate or misleading.
- Right to consent to disclosure of personally identifiable information from education records by educational agencies or institutions.

Education records and directory information (address, telephone number) may be disclosed to school officials (administrator, faculty and staff) without prior consent, unless a student wishes to refuse the release of directory information.

- Under federal law, the military is entitled to receive directory information for recruiting purposes. A student can refuse the release of directory information by completing a “Release of Directory Information” form and submitting it to the Admissions Office.
- The Los Angeles Community College District is committed to protecting student privacy and currently uses collection and storage systems to eliminate the use of social security numbers as the primary method of student identification.

GRADING AND ACADEMIC STANDARDS
PASS/NO-PASS
The grade of P Pass will be given if the student’s performance in class is equal to a “C” grade or better. The grade of “NP” (no credit) will be given if the performance in class is equal to a “D” or “F” grade. Students may petition only those courses listed in the Catalog on a Pass/No Pass basis by the deadline date (see class schedule calendar).

Once a student’s petition to take a course on a Pass/No Pass has been approved, the student is not permitted to receive a letter grade in the approved course. The symbol P or NP must appear on the student’s permanent transcript for that course. “Pass/No-Pass” and “Credit by Examination” courses are listed in the College Catalog.

CREDIT BY EXAMINATION
The College President may designate courses in the College Catalog which a student may challenge if the student meets the following requirements:
- Currently enrolled with a minimum cumulative grade-point average of 2.0.
- Completed 12 units of coursework within the Los Angeles Community College District.
- Not currently enrolled in, or have completed, a more advanced course in that discipline.
- The maximum number of units for which a student may petition for credit by examination at the College shall be 15 units.

GRADE REQUEST PROCEDURES
Students will be able to receive information on their grades through the Student Infor-
mation System online. If you need a copy of your grades, you can obtain a one semester grade printout from the internet. This printout is NOT a Transcript or a Verification of Enrollment. If you need an Official Transcript or a Verification of Enrollment, you may order them from the Admissions Office.

INCOMPLETE
An “INC” (incomplete) must be made up by the deadline established by the instructor. The deadline may not be any later than one year following the end of the term in which it was assigned.

SCHOLARSHIP STANDARDS
A student is expected to maintain at least a “C” average (2.0 grade point average on a 4.0 scale).

SCHOLASTIC PROBATION AND DISMISSAL
Students shall be placed on academic probation, if after attempting a minimum of 12 units, any of the following occur:

a. Low Grade Point Average. The student has a GPA less than a “C” (2.0). b. Transfer Student. The student has transferred with a GPA less than “C” (2.0).

c. Progress Probation. When the percentage of units in which grades of “W” (withdrawal), “I” (Incomplete), “NC” (No Credit) or “NP” (No Pass) are recorded drops below fifty percent (50%).

A STUDENT ON ACADEMIC PROBATION SHALL BE DISMISSED FROM THE COLLEGE IF:

a. The cumulative GPA is less than 2.0 in all units attempted in two consecutive semesters.

b. If the cumulative percentage of “W”, “INC”, and “NP” grades are 50% or greater in two consecutive semesters. Dismissal from one college in the Los Angeles Community College District shall disqualify a student from admission to any of the other eight colleges within the District.

TRANSFER ASSISTANCE AND GRADUATION REQUIREMENTS

This section contains information about programs and services designed to help you transfer and/or graduate. It also lists the courses which will meet the graduation requirements for East Los Angeles College, and the courses which meet the transfer requirements of the University of California and the California State University.

East Los Angeles College services several programs which are specifically aimed at assisting students to transfer to the University of California (UC), the California State University (CSU), and to other four-year colleges and universities. These programs include:

- The Honors Program
- The Transfer Center
- Adelante
- Puente
- Mesa

GRADUATION REQUIREMENTS

Following the transfer program summaries, this section goes on to list the major and general education requirements which must be met by students who wish to graduate by earning the Associate of Arts Degree or the Associate of Science Degree. There are two ways to meet the AA or AS degree requirements—by Plan A or Plan B—and the required coursework for each plan is described. Obviously, students who wish to earn the AA/AS degree should read these requirements carefully. If the requirements seem complicated or even confusing, please consult with a counselor to get them clarified.

TRANSFER REQUIREMENTS FOR UC AND CSU

Following the East Los Angeles College graduation requirements are two pages which list different ways you can meet the general education requirements for transferring to UC or CSU.

The first listing of transfer course requirements is known as the “IGETC” pattern. The letters stand for Intersegmental General Education Transfer Curriculum. The page lists all the courses offered at East Los Angeles College which satisfy the general education transfer requirements for both the University of California and the California State University. The course information that is presented is no more than a simple listing of what courses will transfer. You should consult with a counselor and read the applicable pages in the College Catalog to obtain further information that you should know in regards to how to transfer.

The second listing of courses applies only to students who plan to transfer to the California State University, and who wish to complete their “General Education” requirements at East LA College. Students who meet the requirements, as listed, may petition the college for certification — certification means that after transferring, the student will not have to take any other lower division general education courses to meet CSU graduation requirements for the Bachelors Degree. Again, students should consult a counselor when planning a transfer program and read the applicable pages of the College Catalog to ensure that other important transfer requirements are met.

It is very important to apply early. You should apply six months (January to March) before the fall semester begins. You can apply at anytime during the academic (Fall and Spring) year. It may take two months to process by the government and campus. The PELL Grant is available throughout the year, but other grants have limited funding and may not be available if you apply late.

The CCPG waives the registration fee for classes. The enrollment fees are waived for students who are lowincome or receiving public assistance (welfare), or determined by the federal financial aid formula. All students who qualify for CCPG must pay the mandatory health fee each semester.

**THE WRITING CENTER, E3-220**

Helps students with all writing assignments. Our tutors are highly trained to help students develop and organize their thoughts, enhance their writing, and improve their grammar. We provide quality service to all students who wish to strengthen their writing and critical thinking skills. This assistance is available for all subjects including the Social Sciences, Nursing, Child Development, and English. Our tutors are dedicated to enhance student learning with guided personal input, and we encourage students to take advantage of the Writing Center’s one-on-one tutoring. We also offer group workshops, which cover topics such as brainstorming, developing and organizing ideas, writing thesis statements, analyzing texts, using proper punctuation, writing research papers, and researching in general.

Our purpose is to help students become stronger and more independent writers. However, the responsibility of making changes rests with students. During a tutoring session, tutors help students focus on their essay content while involving them in the learning process by having them reflect on their own work. When tutors read students’ essays, they primarily take a holistic approach by first concentrating on thesis development, paragraph structure, overall essay clarity, close reading of the text (if applicable), and then review grammar/syntax/punctuation error patterns. Tutors do not proofread; instead they patiently guide students through the writing process, offering detailed advice and explanations on the essay structure and grammar.

Because students are our priority, we open early in the morning and close late at night. The Writing Center also offers grammar support programs, which aid students in strengthening their grammar skills. Since the Writing Center is a free and helpful campus resource, it is highly recommended that students visit at least once a week. Please make an appointment.

MESA students are notified about campus events, transfer information, student services, and other related information through weekly emails. MESA students have the advantage of knowing what services are offered throughout the campus ahead of time by receiving emails. It is the student’s responsibility to provide the staff with an accurate and up to date working email address. This will facilitate the weekly emailing process for the advantage of the student. If the student does not receive emails, it is the student’s responsibility to notify the staff about the issue.

SCIENCE TRANSFER DAY
During the fall semester, MESA hosts a group of representatives from local universities who come and share information about majoring in mathematics, science, or engineering at their institution. This event is a great opportunity to learn about different schools and what they have to offer. All MESA students are encouraged to attend this event. Whether you are applying to transferring during the same academic year or in the future it is a great opportunity to learn about your major and local schools.

FIELD TRIPS AND MESA RETREAT
MESA students are invited on educational field trips with the MESA staff as well as other staff on campus. University field trips to local campuses as well as field trips to laboratories, industry sites, museums, and other locations are provided. In addition, once a year, MESA students are encouraged to participate in the MESA Retreat. The retreat is an opportunity to develop leadership skills, get to know fellow MESA members, interact with STEM faculty, and see how STEM skills are applied outside of the classroom. In collaboration with the California Connects Chancellor’s office and The Foundation for California Community Colleges (FCCC), East Los Angeles College Math, Engineering, Science Achievement offers students of good standing with a free laptop, provided by the Department of Chamber Grant. Students are committed to expand computer literacy in the East Los Angeles region by volunteering and teaching computer skills to family and community members. In addition, MESA is collaborating with Computer Applications & Office Technologies (CAOT) and the Information Technology (IT) departments at ELAC in order to provide students with important computer skills through our IT Academy and a certificate Microsoft examination certification.

SUMMARY OF THE POLICY—PROHIBITED DISCRIMINATION AND HARASSMENT

Los Angeles Community College District
770 Wilshire Blvd. Los Angeles, CA 90017

Any member of the college community which includes students, faculty and staff who believes, perceives or has actually experienced any conduct which may constitute Prohibited Discrimination or Harassment, has the right to seek the help of the college. Every employee has the responsibility obligation to report such conduct to the Compliance Officer (CO).

WHAT CAN YOU DO ABOUT PROHIBITED DISCRIMINATION AND HARASSMENT?

Talk to the Offender

Often problems will stop once the offender realizes the conduct is unacceptable.

PUT IT IN WRITING

Let the offender know that you don’t like being treated this way and will report him/her unless it stops.

KEEP A RECORD

Record the date, time, place and names of witnesses and describe the exact nature of the incident.

DON’T IGNORE IT

Ignoring Prohibited Discrimination and hoping it will not be repeated is the most common reaction, yet it is the most ineffective way to deal with such incidents.

CONTACT THE COMPLIANCE OFFICER

Prohibited Discrimination should be reported immediately to the Compliance Officer or to another college administrator who will work with the Compliance Officer. The Compliance Officer is always available to confidentially discuss any possible discrimination or sexual harassment complaint.

YOU HAVE THE RIGHT!

• To work and study in an atmosphere free of harassment & discrimination
• To be judged by the same criteria as all others, not by standards that are less demanding, or more rigorous, or different in any way.
• To complain, free of retaliation Discrimination may include, but is not limited to the following type of behavior:
  • Exclusion from employment opportunities such as training, transfer or promotion
  • Allocation of poor grades based on one’s protected class
  • Denial of reasonable accommodation because of a disability
  • Decisions based on stereotypes or assumptions about one’s abilities, traits or performance
Sexual harassment may include, but is not limited to the following type of conduct:
  • Making unwelcome, unsolicited contact with sexual overtones (written, verbal, physical and/or visual contact)
  • Unwelcome pressure for dates
  • Display of sexually suggestive objects, cartoons, postcard
  • Request for sex in exchange for grades, recommendations, job opportunities

DEFINITION OF PROHIBITED DISCRIMINATION

Prohibited Discrimination is defined as discrimination or harassment in violation of state or federal law on the basis of actual or perceived ethnic group identification, race, color, national origin, ancestry, religion, creed, sex (including gender-based sexual harassment), pregnancy, marital status, cancer-related medical condition of an employee, sexual orientation, age, physical or mental disability, or veteran status.

DEFINITION OF SEXUAL HARASSMENT

Sexual harassment is unwelcome sexual advances, requests for sexual favors, and other verbal, visual or physical conduct of a sexual nature, made by someone from or in the workplace or in the educational setting.

RETAILATION

Retaliation against anyone who makes a complaint, refers a matter for investigation or complaint, participates in investigation of a complaint, represents or serves as an advocate for an alleged victim or alleged offender, or otherwise furthers the principles of this policy.

FALSE ALLEGATIONS

Anyone who files a complaint in which he/she knowingly makes false allegations of fact shall also have violated this policy and shall be subject to disciplinary action.

CONFIDENTIALITY

All persons involved in investigation of complaints shall have a duty to maintain the confidentiality of the matters discussed, except as may be required or permitted by law, which include the rules and regulations of the District. A complete record of each complaint and investigation shall be kept by the Director of Diversity Programs. The Written Decision or any Settlement Agreement regarding the results of the investigation shall be placed in the personnel file of each employee involved as an alleged offender, alleged victim or complainant.

COMPLAINT PROCEDURE

GENERAL PROVISIONS

The Director of Diversity Programs is responsible for receiving complaints and coordinating investigations from within the District, from other governmental agencies, and from outside sources. Each College President shall designate a CO for the campus, not a faculty member, and the Chancellor shall designate the CO for the District Office. Each College President, in consultation with the ASO President, shall designate an employee who shall serve as Advocate for Students (AFS). All Supervisors shall be responsible for maintaining a work environment consistent with this policy. Any supervisor who becomes aware of a situation which could be reasonably perceived to be a violation of this policy must report it to the CO for his or her work site. All employees are responsible for maintaining an educational environment consistent with this policy. Any employee who becomes aware of a situation which could reasonably be perceived as a violation of this policy shall refer it to the CO for his or her work site. A summary of the policy shall be published in each college catalogue and class schedule. A copy given to new employees. The entire policy posted prominently. Complaints may be filed by persons other than the person who is the recipient of unwanted conduct. Complaints may also be filed with the State Chancellor’s Office. The CO shall receive the complaint, and notify the complainant, alleged offender, the College President or District administrator, and the Director of Diversity Programs within 5 business days of a potential violation of this policy. During the process of the investigation, the complainant victim and the alleged offender have the right to be represented.

INVESTIGATION

The CO shall promptly investigate all potential violations of this policy of which he or she becomes aware. The CO shall notify both the College President or, at the District Office, the Deputy Chancellor, and the Director of Diversity Programs that an investigation is being conducted. Such an investigation may be initiated on the basis of a Complaint, a referral from a Supervisor or em-
employee, or any other information indicating a potential violation of this policy from any other source. In the absence of a complaint form and/or a formal complaint, the CO shall conduct a preliminary investigation, which shall be completed within 30 days after the CO becomes aware of a potential violation. If, as a result of the preliminary investigation, there is a prima facie case of Prohibited Discrimination, the CO shall sign a formal complaint. A “prima facie” case means that evidence exists which, if unexplained or uncontradicted, would be sufficient to make a finding that discrimination had occurred. The formal investigation and Written Report shall be completed by a CO from another worksite. If, in the absence of a prima facie case of Prohibited Discrimination, the CO shall advise the complainant and alleged offender in writing, with a copy to the College President or Deputy Chancellor, which may be appealed in accordance with these rules.

INFORMAL PROCEDURE

The CO shall undertake efforts to informally resolve and investigate the charges. This process is limited to 30 days. If a resolution is reached, the CO shall draft a Settlement Agreement to be signed by the alleged victim/complainant and the alleged offender. The CO shall monitor the situation to insure that the resolution is properly implemented and maintain records.

COMPLAINT PROCEDURE

A written Complaint must be filed on the prescribed Los Angeles Community College Complaint form. The CO will have 60 days to investigate the complaint. Employment based Complaints shall be filed within 180 days. For a Complaint not arising from or related to employment, the Complaint shall be filed no later than one year from the date when the complainant knew or reasonably should have known of the facts underlying the Complaint.

CO’S REPORT

Within 60 days after becoming aware of a potential violation of this policy, the CO shall complete the investigation and make a Written Report to the College President, or Deputy Chancellor. The College President, or Deputy Chancellor, shall independently assess whether the “preponderance of the evidence” establishes a violation and shall determine what action is to be taken, if any. Prior to making the decision, the alleged offender and alleged victim shall be given the opportunity to make an oral statement, within 15 days from the receipt of the CO’s report. Within 90 days from the start of the investigation, a Written Decision shall be mailed to the complainant/victim and the alleged offender.

DISCIPLINARY ACTION

If appropriate, the College President, Deputy Chancellor, or the Chancellor shall initiate the applicable disciplinary process within 10 business days of receiving the Written Decision. Disciplinary action shall include, without limitation, there is a finding which, if unexplained or uncontradicted, would be sufficient to make a finding that discrimination had occurred. The formal investigation and Written Report shall be completed by a CO from another worksite. If, in the absence of a prima facie case of Prohibited Discrimination, the CO shall advise the complainant and alleged offender in writing, with a copy to the College President or Deputy Chancellor, which may be appealed in accordance with these rules.

APPEALS

If the complainant/victim is not satisfied with the Written Decision, he/she may appeal to the District’s Board of Trustees by submitting a written appeal to the Chancellor’s Office within fifteen (15) days. As part of East Los Angeles College’s continuing effort to ensure a safe college environment, the college has implemented a new rapid emergency communication system known as RaveMobile. This system allows East Los Angeles College to convey time-sensitive information within minutes, through a single communication to our students, faculty and staff.

ELAC students and employees can sign up for emergency notification announcements via email and text message(s). In case of an emergency at the college, such as earthquake, gas leak, active shooter, power outages, ELAC can immediately notify students and employees about the situation and properly direct them to the safest areas.

For more information about how to register for the RaveMobile notification system please go to the following website: WWW.ALERTME.ELAC.EDU

INFORMATION TECHNOLOGY DEPARTMENT
EMAIL: ITHELPDESK@ELAC.EDU | PHONE: (323) 265–8700

IN THE EVENT OF AN EMERGENCY, RELEVANT INFORMATION WILL BE AVAILABLE AT THE FOLLOWING NUMBER: (323) 267–3700
Fire Alarms
The fire alarm or evacuation order is signaled by a continuous bell.
When the alarm is activated, gather up all your personal belongings, turn off any source of gas and leave the building. The last person to exit the room should close the door behind them. Proceed to the nearest Evacuation Assembly Point (EAP) as shown on the Emergency Evacuation Zones map.
Do not use the elevator.
Wait at the EAP until receiving further instructions from a Safety Marshal or via ELAC emergency notification systems.

Gas Leaks or the Threat of Explosion
Designated staff and/or the Sheriff’s Office personnel will contact each building, office, classroom or laboratory via ELAC’s emergency notification systems to advise specific areas of the need to evacuate to a safe location.
No bells, cell phone, radios or bull horns will be used to announce the need to evacuate due to the possibility of detonation or explosion.
The individual advising you to evacuate will direct you to a safe evacuation area.
Once at the evacuation area, wait for further instructions from either the assigned Safety Marshal or responding emergency personnel.

Earthquake
At the first indication of a major Earthquake, drop to the floor and cover your head.
When it is determined safe to do so, exit the building to the Emergency Assembly Point (EAP) as shown on the Emergency Evacuation Zones map.
Do not use the elevator.
Wait at the E.A.P. for further instructions.

Campus Violence
When you become aware of a campus violence situation, call the Sheriff’s Office at (323) 265-8800 or call 911.
Try to ascertain if it is safer to evacuate the building or barricade yourself in the room.
Attempt to remain calm and, if possible, wait for law enforcement instruction via ELAC’s emergency notification systems. Please register for RaveMobile text notifications at http://alertme.elac.edu.

Note: Occupants of all buildings within designated zones will assemble at designated "Emergency Assembly Points" zones by emergency zones.
