Dear faculty, staff, and students:

As you are aware, the E7 building is currently closed due to water damage from the HVAC system. The E7 building will remain closed up to and including Saturday, October 19. At this time, we hope to have E7 open for classes on Monday, October 21, but this will not be confirmed until later in the week.

Staff in Academic Affairs have been working diligently to relocate affected classes to alternate locations. These classroom changes are listed within this document and are also posted on the E7 building.

*Classes outside of the E7 building are unaffected and will be meeting as usual*

We apologize for this inconvenience and hope that classes will resume normally soon.

Sincerely,

The Administration of East Los Angeles College
