Program/GE Course	ADM JUS 062	**Fingerprint Classification**	**3**	This is a stand alone class. The student must successfully complete the course with a C or better.	This course is offered in the classroom and Online but not on weekends.

Total Units   3

Degree Path and Requirements

Students who satisfactorily complete this course will be given verification of passing. Passing this

course qualifies students for employment as a fingerprint technician.

This map is a suggested term-by-term sequence of courses to complete the program in a recommended time frame. This is an efficient and recommended plan, but actual plans may vary by individual student need. This map cannot replace a meeting with counselors.

Department Advising Notes

Professor C. Fish is the lead Forensic instructor. She can be reached via email.

Program Description

The course covers practical aspects of fingerprinting classification. Technical terminology, pattern identification, and crime scene preservation of prints and print development.

Career and Transfer Opportunities

Obtaining this certificate prepares the student to take an exam for a latent print position. Passing the test allows students to be placed into a competitive pool of applicants.

Visit the Transfer Center for transfer and guaranteed transfer information, which varies based on transfer college. Make an appointment with a counselor for transfer information. Students can visit Career and Job Services for career counseling and further exploration.

Different types of related Careers.
