Program Description

The East Los Angeles Kinesiology Athletic Coach Certificate Program will provide an opportunity for students to become certified for employment as high school (walk-on) coaches, but is appropriate for coaches at various levels. In addition to completing the required courses, students must complete the online certification through the National Federation of State High School Associations (NFHS).

Career and Transfer Opportunities

The median annual wage for coaches and scouts was \$36,330 in May 2020. Employment of coaches and scouts is projected to grow 12 percent from 2019 to 2029, much faster than the average for all occupations. Increasing participation in high school and college sports may boost demand for coaches. Expertise in the desired sport and higher degrees may be required.

Visit the [Transfer Center](#) for transfer information, which varies based on transfer college. Make an appointment with a [counselor](#). Students can visit [Career and Job Services](#) for career counseling and further exploration.
