Department Advising Notes:

Noncredit courses provide adults with competencies that are critical to their ability to prepare and succeed in college and the workplace. These free courses are designed to help persons of all ages learn English, prepare for the High School Equivalency Examination (GED/HiSET), obtain short-term job training, transition to college credit courses, and prepare for US Citizenship.

Program Description

The purpose of the 3 certificates is to prepare the students with an in-depth understanding of theoretical concepts in Child Development utilizing hands-on learning tools.
