Program Course	NURSING 274	<b>Role Transition</b>	1	Prerequisites are NURSING 269 and 271. Co-requisite with NURSING 270 and 272	
GE Course	Any LACCD GE Area B1 course	<b>American Institutions or US History</b>	3	GE Corequisite.	

**Total Units 13.5**

### Degree Path and Requirements:

This map is a suggested term-by-term sequence of courses to complete the program in a recommended time frame. This is an efficient and recommended plan, but actual plans may vary by individual student need. This map cannot replace a meeting with [counselors](#). Students can apply for certificates as soon as the necessary courses are completed. Meet with a counselor and the financial aid office to ensure continued financial aid. Check with [financial aid](#) for eligibility.

### Department Advising Notes:

Program Prerequisites:

- ANATOMY 001 or (BIO 020)
- PHYSIOL 001 or (BIO 020)

## Program Description

East Los Angeles College provides the California Board of Registered Nursing approved pre-licensure program that is designed to educate a diverse population of students for an entry level registered nursing position. The program consists of coursework in general education, science, nursing, and clinical practice in various in-patient and out-patient settings. Nursing course content include pharmacology, fundamentals of nursing, medical surgical nursing, obstetrics, pediatric, psychiatric/mental health, and management/leadership nursing. The ELAC RN program prepares students to be caring, safe, and competent members of the nursing workforce in healthcare settings. Upon completion of the program, the graduates will be eligible to take the National Council for Licensure Examination (NCLEX-RN). Successful passing of the NCLEX-RN will lead to licensure as a Registered Nurse (RN).

## Career and Transfer Opportunities

Earning an Associate Degree in Nursing at ELAC is the first major step in the professional nursing career ladder. ELAC graduates have an opportunity to transfer to CSUs, UCs, and private universities to go on to pursue higher education and career advancement in the nursing profession. Many ELAC graduates have earned advanced degrees such as, Bachelor's Degree in Nursing Science, Master's Degree in Nursing Science, and Doctor's degree in Nursing Practice. These individuals are well respected in the community and nursing profession. After completing the program within 3 months, taking, and passing the National examination, and receiving a CA RN license, ELAC RN graduates are hired in acute hospital/medical centers, long term care facilities, home health, and local community clinics. ELAC Nursing Program is a part of the CSULA Collaborative for students who are both enrolled in the ELAC RN program and CSULA BSN program.

Visit the [Transfer Center](#) for transfer information, which varies based on transfer college. Make an appointment with a [counselor](#). Students can visit [Career and Job Services](#) for career counseling and further exploration. For additional resources, students pursuing a certificate can visit the [American Job Center of California](#) on ELAC main campus.
