If **NO** to any of the above, you cannot practice, get an athletics scholarship, or compete until you sit out for one academic year

PROGRESS TOWARD DEGREE (The 40-60-80 Rule)

Progress-Toward-Degree requirements are designed to guide student-athletes toward graduation. The standards help student-athletes take the appropriate steps toward earning their degree. As an example, prior to the third year of enrollment and you attended 4 full-time semesters, athletes transferring from East Los Angeles College must have 40% (approximately 48 units) of the designated degree completed at the transferring institution. Student-athletes who do not meet the requirements are not eligible for competition. Visit the following link for more information about Division 1 Progress-Toward-Degree requirements; <https://www.ncaa.org/student-athletes/current/staying-track-graduate>

REDSHIRT

NAIA: (2-4 TRANSFER STUDENTS)

ELIGIBILITY REQUIREMENTS FOR 2-YEAR COLLEGE TRANSFERS

NAIA TIME CLOCK:

In the NAIA, a student-athlete can compete during four “seasons of competition” within the first 10 full-time semesters in college. A season of competition is counted when you participate in one or more intercollegiate contests at East Los Angeles College. To compete, student-athletes must be enrolled in at least 12 units every semester and be making normal progress toward a baccalaureate degree.

If you are transferring to an NAIA school to compete:

Earn 24 units during the last two full-time semesters prior to transferring to compete*

And

Earn a 2.00 GPA in ALL previous college course work

For purposes of athletic eligibility, and in regards to the 24 unit requirement, units count only the FIRST TIME they are PASSED.

Student-athletes and repeat courses:

Example #1: If a student received an ‘A’, ‘B’ or ‘C’ in a class and repeats it, they can count the units for the repeated course towards the 24 units **IF** the class counts toward the student’s degree and/or the courses were required for the student, graded and given credit.

Example #2: If a student received a ‘D’ in a class and repeats it, they cannot count the units for the repeated course towards the 24 units even if they earn a higher grade**

Example #3: If a student received an ‘F’ in a class and repeats it, they can count the units for the repeated course towards the 24 units **if** they earn a higher grade

Example #4: If a student received a ‘W’ in a class and repeats it, they can count the units for the repeated course towards the 24 units **if** they earn a grade of an ‘A’, ‘B’, ‘C’ or ‘D’

Units earned in PT terms, summer terms, or intercessions can be used to meet the 24-unit rule if:

They are taken between the last two full-time semesters; or they are taken after the last two full-time semesters, and they have not previously earned a letter grade of ‘A’, ‘B’, ‘C’ or ‘D’.

Students are allowed to apply a maximum of 12 non term credit hours taken after the 2nd most recent full time term. Non terms are classified as: part-time terms, summer terms or intersessions.

Progress Rule (Continuing Eligibility):

In order to play the 3rd season of the same sport, the student-athlete must have 48 semester units completed (all units from transcript can be used, including repeated course work IF the classes count toward the student’s degree and/or the courses were required for the student, graded and given credit).

See Jason for transfer rules if you transfer prior to your second season (24/48/72)

**Complete no more than 12 of the 24 units during summer or intersession*

*** Exception; If the ‘D’ is earned during one of the last two full-time semesters prior to transfer, and then repeated during the last full-time semester or summer, the ‘D’ units will be counted toward the 24– NOT the units for the better grade. If the ‘D’ was earned prior to one of the last two FT semesters, then the units will NOT count at all (of 24).*

Please note: There is a difference between academic and athletic requirements

Additional progress-toward-degree rules from the NAIA, the conference, or the school, may affect whether you can play

Disclaimer: Your academics and athletics eligibility must be certified by the athletics department's compliance staff at the NAIA school you are transferring to.
