Degree Path and Requirements:

Skill Certificate, Professional Practice I. Requirements for the Certificate include: One 2 Unit course, Arc 115, Architectural Practice. No other course work or LACCD General Education Plan course required. Completion of this Certificate is the foundation for the Associate in Arts Degree, Architectural Drafting.

This map is a suggested term-by-term sequence of courses to complete the program in a recommended time frame. This is an efficient and recommended plan, but actual plans may vary by individual student need. This map cannot replace a meeting with [counselors](#).

Department Advising Notes:

This map was created for students wishing to pursue a Skill Certificate in Architectural Detailing. The Department provides 6 other focused Skill Certificates in Architectural Computer-Aided Design AutoCAD, Architectural Computer-Aided Design 3D Modeling, Architectural Graphics, Architectural History, Architectural and Architectural Professional Practice II. It is recommended to review the course maps and the course descriptions found in the College General Catalog to determine student interest and associated pathway. These Skills Certificates are the foundation of specific Associated in Arts curriculum and Certificates of Achievement. These certificates assist with the Professional Portfolio and employment opportunities.

Note: This Certificate Map, by itself, are not the preferred or qualified pathway to University Transfer. While some course work will cross over, the University Transfer Pathway is specific to individual Universities and will require counseling with the Department of Architecture Chair.

Note: Course offerings are fairly consistent from semester to semester and year to year.

Program Description

One of Seven Skills Certificate Programs, this 2 Unit Skill Certificate is a focus on Architectural Professional Practice from the perspective of Education requirements, Licensure and basic tenements of Practice, including the use of Contracts. This program provides the introduction to the various types of workplaces in the Architecture, Design and Construction industry.

Career and Transfer Opportunities

Architectural Professional Practice I is a Construction Technology/Practice course to further expand knowledge of the industry and the varying types of practices and project deliveries. This curriculum provides fundamentals of the preparation and execution of an architectural career. A Skill Certificate is not designed as stand alone course work for long term career or employment. This course is not ment as a stand alone skill for employment. This Skill Certificate is designed to provide career knowledge options and support the Architectural Drafting Certificate of Achievement as well as the Architectural Drafting Associate in Arts Degree.

Visit the [Transfer Center](#) for transfer information, which varies based on transfer college. Make an appointment with a [counselor](#). Students can visit [Career and Job Services](#) for career counseling and further exploration.
