Total Units 8

Degree Path and Requirements:

Certificate path with 6 required core courses.

Department Advising Notes:

Courses are offered in specific semesters as noted (Social Media and Performance East).

Program Description

The Certificate of Achievement: Stage Management and Production is designed to teach students how to work as stage managers or production managers. These courses provide an aspiring stage manager, producer, or director with real production experience in addition to lecture classes.

Career and Transfer Opportunities

Students that obtain this certificate will be able to pursue entry-level positions in stage management and production, including: theater, dance, theme park, live performance, corporate events, film, television, commercials, and new media. This Certificate of Achievement is intended to be combined with an AA or AAT degree in Theater Arts for transfer. In the entertainment industry, students with a 4 year or graduate level degree have a greater network and skill set which can be beneficial in a competitive field. CSU and UC schools have Stage Management programs within their Theater Arts Departments for either a BA, BFA, MA or MFA degree.
